WOBBLY TRADING

FEATURES MARKET

NEW YORK, June 29.—(AP)—The stock market made an effort to regain its stability today but was only partially successful.

Selling, relatively heavy in the forenoon when declines running to three or more points were widespread among rails, steels, motors and pivotal industrials, dwindled after midday and timid bidding appeared. While the ticker tape loathed, extreme losses were reduced. There was a smattering of modest plus signs at the close.

Transfers of 2,020,000 shares compared with yesterday's five-year peak of 2,940,000.

Customers were a bit more courageous on the idea liquidation may have been overdone in the preceding session. Bears still were plentiful, however, as the belief persisted that Washington was preparing to crack down on speculation. Earnings, dividends, recapitalizations and split-ups persisted as props.

The Associated Press 60-stock average was off .6 of a point at 66 and had wiped out virtually all of its advance of the preceding two weeks. Of 966 issues registering, 624 were down, 170 up and 172 unchanged.

Broad sprinted was American distilling which, in the morning, added 4 1/8 points to its five-point jump of the day before, backed into a two-point loss at the beginning of the final period on large blocks, and ended with a net gain of a point on the day. Dealings were suspended at intervals in this stock because there were no offerings. There was little actual news to account for the gyrations of this issue. It was reported, though, that negotiations had been under way for the sale of one of the concern's properties at a profitable figure.

On the losing end were U. S. Steel, Bethlehem, Chrysler, General Motors, Sears Roebuck, Montgomery Ward, Douglas Aircraft, Du Pont, Standard Oil (N.J.), Atlantic Coast Line, Union Pacific, Anaconda and U. S. Rubber. Plus marks were rationed by Hudson motors, Santa Fe, Southern Pacific, Canadian Pacific, Woolworth, Pan American Airways, Pennsylvania-Central Airlines, Electric Power and Light, Schenley and National Distillers.

Railway bonds retreated. At Chicago wheat was up 1/2 to 1 1/2 cents a bushel. Cotton was 30 cents a bale higher to as much lower.

Improved in a spotty curb were northeast airlines and pioneer gold. Small recessions were posted for Creole Petroleum and Elliott Co. Turnover here was 510,000 shares versus 780,000 Thursday.

FDR STAMPS FAIL TO ARRIVE HERE

Previously announced to be placed on sale at the Wilmington Delano Roosevelt Memorial stamps had failed to arrive yesterday, causing disappointment among many local stamp collectors.

Post office officials, unable to explain the delay in shipment, stated that the stamps had been ordered on June 14 and will be placed on sale immediately after arrival.

They also stated that they had received information from Washington to the effect that the Iwo Jima Commemorative stamp, which goes on sale in Washington on July 11, can be expected at the Wilmington office July 12.

This three-cent stamp commemorating the achievements of the United States Marines in World War II, is .84 inches by 1.44 inches, arranged vertically, and printed in purple ink. The central design depicts the raising of the United States flag on Mt. Suribachi.

Current estimates of marriages in the United States indicate 90 per cent involve men in uniform.

WMC-USES Moving Plans Have Been Delayed Week

Originally scheduled for yesterday, the movement of War Manpower Commission-U. S. Employment Service offices into the remodeled City Laundry building has been postponed until Friday and Saturday of next week.

The move was necessarily postponed because of the incompleteness of the building through the failure of supplies to arrive.

The personnel of the offices in the Southern building and at 511 Red Cross street will move into the new quarters on Friday of next week, and the office at 111 Grace street will be moved next Saturday.
