Investigation by City Detectives E. B. Murray and J. Wolfe and Harry Fales, bureau of identification superintendent, led to the arrest Saturday of Green and the preferring of charges against him of entering Harris' Tavern, Tenth and Wooster streets, on September 16 and again on September 17.

According to Officer Murray, Green broke open the piccolo the first time he entered the cafe and stole about \$35. On September 27, he allegedly took 50 pounds of lard, 17 chickens, 14 steaks, 15 pounds hamburger and a case of beer. Officers reportedly recovered a case of empty beer bottles, three steaks, three chickens and 12 pounds hamburger from Green's apartment in the new Brooklyn homes.

Murray testified Green admitted the latter offense and also had confessed to breaking into the Manhattan Grill, 816 S. 13th street, and robbing the piccolo and also taking two boxes of socks. Some of the socks were recovered from Green's apartment.

Four other Negroes were convicted today by Recorder H. Winfield Smith of participating in the robbery of 10 tires and tubes from the Maffitt Village Housing authority warehouse between August 14 and September 1.

Walter Beery, Negro employe of the Housing Authority, was sentenced to 12 months on the county farm after he confessed to officers that he had stolen the tires. Eight tires and three tubes were recovered.

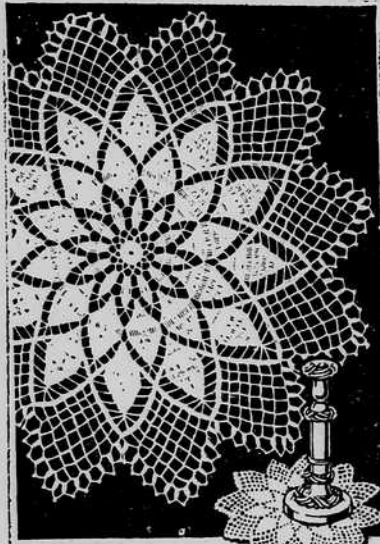

On the recommendation of the investigating officers, Murray, Wolfe and Fales, Judge Smith ordered Charles W. Hopes, Eddie Newkirk and Isaac McRae to serve six months on the farm, sentences suspended on two years good behavior. Judge Smith said sentences were suspended at the suggestion of officers who reported good cooperation on the part of the defendants after they were apprehended.

Hopes was charged with stealing one tire and Newkirk and McRae with receiving two of the stolen tires, each.

Probable cause was found in the case of Bennie Green, 18, of East Wilmington, charged with larceny of an automobile, and he was bound over to Superior court under \$1,000 bond.

GOLD MINE IN SKY RUNS OUT OF COIN; ANGEL ON HOLIDAY

NEW YORK, Oct. 2.—(P)—That gold mine in the sky above Rockefeller Plaza ran out of pay dirt today.

The phantom philanthropist, who each day since last July has been throwing from \$8 to \$10 in change from an upper story of the International Building, failed at the usual lunch hour time to come across with a single copper.

Five police officers were on hand to keep a tolerant eye on several score of the faithful, who had gathered expectantly in the rain. Within the building special patrolmen sought the philanthropist because they fear his coins may injure someone's noggin.

"Nothing doing today. Postponed on account of wet grounds," police told the crowd.

Confidentially: those who profess to know say he is a radio executive and has gone to Hollywood for a few weeks.
