

**TWELVE-A**  
**TRUMAN TO TAKE FLORIDA VACATION**

WASHINGTON, Jan. 26. —(U.P.)— President Truman leaves Washington two weeks from Monday for a winter vacation in Florida waters, and it was expected he might see former British Prime Minister Winston Churchill, now wintering in Miami Beach.

The White House announced today that Mr. Truman will fly to Orlando, Fla., on Feb. 11. On arrival, he will motor to Winter Park, Fla., where he will receive the honorary degree of Doctor of Humanities from Rollins college.

After this ceremony, Mr. Truman will return to Orlando by car, fly to Miami and, that same evening, board the presidential yacht Williamsburg for a cruise in Florida waters.

On March 5 Mr. Truman is scheduled to introduce Churchill for a speech at Westminster college at Fulton, Mo. The British war leader will receive an honorary degree at the Missouri ceremony.

Today's announcement of the president's vacation plans brought immediate speculation that he might invite Churchill to visit him aboard the Williamsburg and that the two men might fly back to Washington together in time to

leave for the Missouri trip. There was no announcement of the length of Mr. Truman's Florida vacation except a statement by White House Secretary Charles G. Ross that it would be brief.

It was believed that Mr. Truman might invite Churchill aboard the Williamsburg for some fishing off the Florida coast.

**"NO COMMENT"**

MIAMI BEACH, Fla., Jan. 26. —(U.P.)— Former British Prime Minister Winston Churchill had a terse "no comment" when informed today that President Truman will arrive in Miami Feb. 11 and start a cruise aboard the presidential yacht.

Announcement of Mr. Truman's plans in Washington today led to speculation that Churchill might accompany the president on the cruise.

Churchill, vacationing here for six weeks will leave Friday by private plane for Havana, where he will be a week. He will visit Cuban President Ramon Grau San Martin at the presidential palace in Havana. He will be accompanied by Mrs. Churchill and his host, Col. Frank Clarke.
