SEARCH FOR YACHT

MIAMI, Fla., Feb. 7.—(AP)—Coast Guard planes started a search of Gulf waters today for the 67-foot yacht Atlanta, four days overdue at St. Petersburg with eight persons aboard including Thomas Briggs, of Memphis, Tenn., nationally known advertising executive.

Round-The-Town Reporter

With **BEN McDONALD**

During the last couple of days we have had a number of inquiries regarding the "best teacher" contest now being conducted by the sponsors of the Quiz Kids program. This contest, which started January 27 with an announcement by Dr. Paul Witty, professor of education at Northwest university, chairman of the scholarship committee for the contest, is the first of its kind ever held in this country. It is unusual as it gives every one a chance to name the teacher that they think is the best. Any teacher may be entered in the contest—the only rule being that she or he must still be teaching. Although the deadline for the contest is still nearly a month away, thousands upon thousands of letters have been received at the Quiz Kids' office.

Judging the letters and choosing "The Best Teacher of 1946" will be Dr. Witty, Dr. Ralph Tyler, chairman of the department of education at the University of Chicago and the Rev. Dr. Phillip S. Moore, dean of the Graduate School of Notre Dame. The teacher selected receives a year's scholarship for advanced study, plus living expenses, tuition, transportation and \$1,000 in cash. Oh, yes, she will also appear as a guest on the Quiz Kids program.

The child writing the letter that selects the winning teacher will receive \$100 in cash, and \$10 each will go for the next 100 best letters. That in a nut shell is the story. And as far as this column is concerned it is hoped that it will clear up all the questions. Now it's up to the readers. Let's bring that award to a New Hanover teacher. Get those letters in the mail and when the judges hear about the top teachers we have down our way they will have to place them in the running for the top prize. Stop the routing of words and get a little action started.

The German Me-163B rocket plane in use during the latter stages of the war had a nearsonic speed and was able to climb almost vertically to 53,000 feet. Allied gunners were practically ineffective against it.

IN PASSING
 Gil Pickard and his father, E. R. Pickard, are in New York attending the sporting goods convention. Hope they run across some new radios. . . Lester Newell, Wrightsville merchant, going all out about the weather down his way these days. . . Bob Kermon holding forth at Princess and Third streets. . . Charley Hobbs definitely signed for radio school. . . A wave from Frances Sutherland, the girl responsible for that swell script over WMFD last Wednesday night, for the Health week program. . . W. G. Fountain in from Carolina beach and telling about the big season expected this year. . . Dave Sinclair, hatless making for the court house in his usual great rush. . . Joan Mincy completely furious about the March of Dimes boxes being stolen telling the tale to several interested friends who seemed just as furious as they learned the story. . . Colin Kerr back from his Raleigh trip. . . Nester J. Boruch, who has just been discharged from the Navy, now an engineer at WMFD. . . A remote being placed in the Legion Home, Third and Dock streets. . . The "Bride" really wowed the listeners Wednesday night on the A. L. show. . . Jean Andrews may take a part in one of the local shows in the near future. . . Tom Gause is topping his own "tops" these days.

WORTH TUNING
 "Prologue to Glory", ABC Sunday 10 p. m. . . Club Gospel Singers tomorrow 10:15 a. m. . . The "Cornet Storyteller" today 11:30 a. m. . . Happy Sam Fowler, songs, WMFD tonight 6:45 p. m. . . ABC will air Secretary James F. Byrnes' first radio address since he returned from the UNO meetings next Monday 9:30 p. m. . . Gangbusters 9 p. m. tomorrow night.

BETWEEN YOU AND ME
 Did you notice that the Wilmington's original radio station was sold to a group in Durham and is still in operation under the call letters of WDNC. Incidentally, maybe you have often wondered how call or station letters are assigned or obtained. The FCC maintains a call letter list, and if no special request is made, each station as a permit or license is granted, is given the next group of letters available on the list. However, it is permissible for a station to ask for letters that might stand for a slogan, or the name of the operator. This, of course, is dependent on the letters requested being unassigned. Several of the most famous "assigned by request" call letters include WLS (World's Largest Store) WFIF (We Protect The Family) and WIOD, Florida, (Wonderful Isle Of Dreams). Another practice that was inaugurated in the early days was the assignment of call letters beginning with a W to stations east of the Mississippi. But before some reader writes in correcting me on that W statement let me hasten to add that before the W ruling became official several stations in the W area had been assigned call letters beginning with K—thus KDKA, Pittsburg. But generally speaking the majority of the stations east of Old Man River have call letters beginning with W.

FOR THE RECORD
 If you missed the Community Health program last Wednesday night, WMFD 8 p. m., you lost out on one of the best "Kids" programs ever produced in this area. As a matter of fact, one of the best ever produced anywhere. Written and presented by Frances Southerland, eighth grade teacher in rehearsals but the results were more than worth it. The cast was made up of children from the Tilleson school and every one of them professional child equal to any heard. Miss Southerland, a child, ren and all connected with the child deserve a very deep nod for a click airing. In the cast were Clinton Wilson, Dinah Hewett.

BEACH TROOP HOLDS CARNIVAL

A costume carnival was held recently by Troop No. 32, Girl Scouts, Wrightsville Beach for the purpose of collecting clothes for the drive recently conducted there.

Selection of clothes from the collection of costumes was made by the members. The clothes were packed and mailed to several families in Holland, the names of the needy families in Holland being given by the Camp Davis Netherlands Marines. The names are on file at the USO at Second and Orange streets.

The movement was entered into by the troop in memory of Juliette Low, founder of girl scouting in the United States. Mrs. E. M. Shepherd is leader of the Troop which is also corresponding with girls in Holland as further observance of International Friendship month.

In a gas turbine engine, fuel oil is burned at nozzles, making a rapidly expanded gas that passes directly through the hundreds of vanes on the turbine.

Remember, for spot news from Wilmington and vicinity listen to the STAR-NEWS Round-The-Town-Reporter at 1:25 and 6:25 p. m. every day. And for the highlights in the news of the week in and around New Hanover county plus interesting interviews of people you know tune in WMFD every Sunday at 1:15 p. m.
