

# NEW AIRPARK WILL BE STARTED TODAY

## Roscoe Turner To View New Facility During Visit Here

When the Wilmington Airpark is dedicated this afternoon another step will have been taken in the community's aviation progress.

The new facility is located on the new Wrightsville Beach highway, one-quarter mile from the city limits.

The park, a holding of Air Progress, Inc., of which Carl Dunn is president, was started last November but adverse weather and material shortages delayed the formal opening of the facility.

Among the major obstacles overcome during the construction of the field was drainage. Contouring, tile and culverts were laid to eliminate standing water.

The landing strips consist of three turf runways, 1600, 1700 and 2000 feet in length, respectively. The triangular effect has been proclaimed by experts as a safe and efficient way to clear ground and make way for landing craft.

Dunn said yesterday that Roscoe Turner, speed ace from Indianapolis, Ind., would inspect the field this afternoon, both from the air and the ground. Turner is spending the week-end at Wrightsville Beach.

Hangars are of the multiple unit type and can accommodate eight planes in individual stalls. A club building has been constructed on the field adjacent to the runways which offers a clear view of air traffic.

The building, which will be open to the public, will include a snack bar, lounge room, dining terrace and the office of the company.

Three types of service—flight instruction, plane rentals and aerial photography—are being offered by Air Progress along with charter and facilities for storage, repairs and service to private craft.

Future plans will include a beautification program with the runways to be outlined with shrubs. Azaleas and flowers will be planted around the building.

An informal program of stunt flying and flying exhibitions will be presented this afternoon and on subsequent Sunday afternoons.

The operating personnel consist of three brothers, Carl, Murdoch and William Dunn.

Carl has a background of 10 years commercial flying. During the war he supervised the training of 60 Army Air Corps cadets, members of the 54th flight training detachment, Doerr Field. He also tested planes for the Aircraft Engineering corporation acting in the capacity of test pilot for Naval planes.

Murdoch, who will serve as manager of the Sky Club, served overseas with the Army Air forces. He returned to Wilmington last December after two years in the European theatre.

William, who will act as chief pilot, served as a flight instructor for the Army Air Force during the early years of the war. He was later affiliated with the 441st Troop Carrier command in Frankfurt, Germany.

### Church Conference Plans Are Complete

Everything is in complete readiness for Monday night's scheduled Church of Jesus Christ of Latter Day Saints Conference in the church, located at 1413 Castle street.

The conference will be highlighted by the appearance of several high-ranking Mormon leaders. Scheduled on the program are President Antoine R. Ivins, of the First Council of Seventy, accompanied by Sister Cilate Romney Ivins, President Graham H. Doxey and Sister Leone W. Doxey.

**Cherry Bark Crop Pays**  
TROY, N. Y.—(AP)—Some farmers in Rensselaer County are letting their hayting go until later so they can gather in another crop—Cherry bark. Sold for medicinal purposes, the bark brings between four and eight cents a pound.

### Get Welcome Relief From Stomach Gas, Sour Food Taste

Do you feel bloated and miserable after every meal? If so, here is how you may rid yourself of this nervous distress. Thousands have found it the way to be well, cheerful and happy again.

Ever since food enters the stomach a vital gastric juice must flow normally to break up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by unanimous proof shown that SSS Tonic is highly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula, which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-consumption of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and health. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

### Rev. V. D. Coombs Offers Last Sermon

The Rev. V. D. Coombs, pastor of the Church of God, Fourth and Marsteller streets, will conclude six years service in Wilmington tonight. He will leave tomorrow for Charlotte to take up his new pastorate.

During Mr. Coombs residence in Wilmington, he has cooperated in

various community and interdenominational activities.

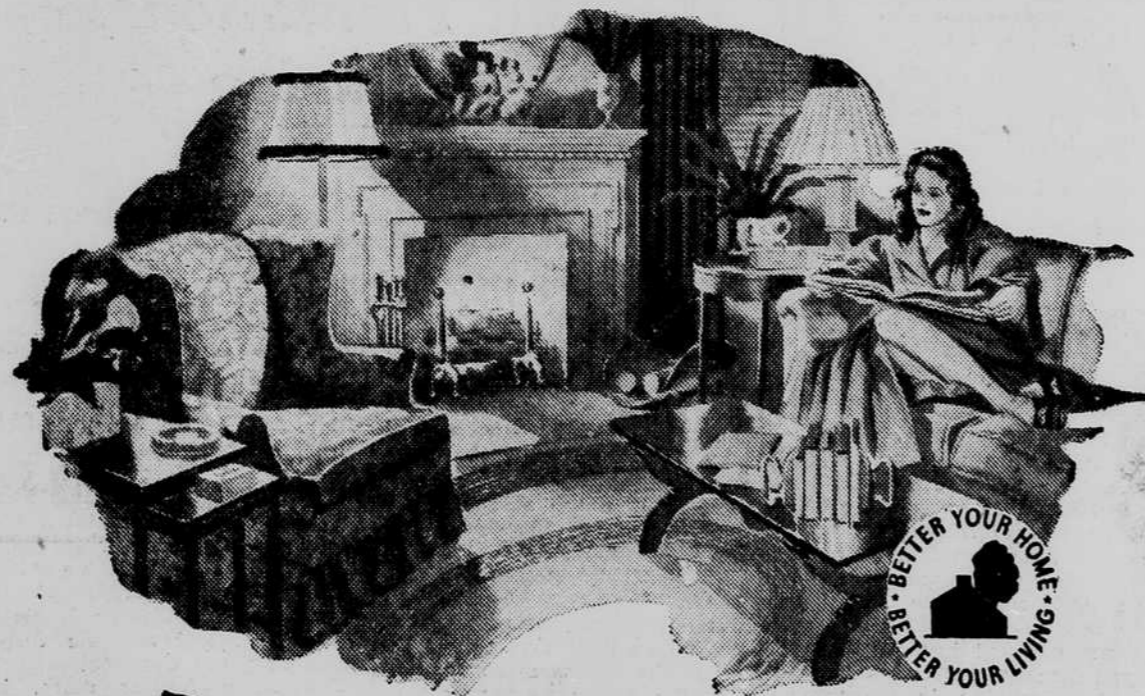

Mr. Coombs said "It is with a measure of sadness that I sever my connection with the many friends in Wilmington with whom I have found so much pleasure and joy in our efforts together during the years I have spent in Wilmington, but I feel that the new field to which I have been assigned affords even a larger opportunity for service, and that my going is in the will of the Lord. I

shall continue to cherish the memories of my friends in Wilmington, and hope to have an opportunity to visit Wilmington from time to time and renew many of my friendships here."

Mr. Coombs will be succeeded by the Rev. P. H. McCarn, who comes to Wilmington from Mooresville.
