This is the story of a boys determination to play high school football . . . Early in the summer a big husky lad, weighing in the neighborhood of 250 pounds and standing about 6 feet dropped in to see Coach Leon Brogden and expressed his desire to play on the Wild-

The genial coach gave the lad the once-over and to'd him he would have to get his weight down and then he would be given a chance to play on the squad. The boys desire to play and the coaches advice on how to get in shape was all that was needed . . . During the months of July and August, if you happened to nass the Thirteenth and Ann streets drill field and saw a husky boy out there all alone, running, rolling and working, it was this lad who wanted to play high

When the regular practice for the squad started in September this boy was there and the coach tells me e has not missed a single practice session this year This lad wanted to be a tackle and under the careul coaching of Brogden and Tom and Jap Davis, he has managed to get his weight down to a mere 217 pounds when the whistle blew for the opening game

He has not appeared in too many of the games, but has managed to place his big frame in the line against several opponents, maybe for just a few plays, but he had realized part of his ambition to be a football play-

The coaches says he is a hard worker and they are expecting great things from him in future games. Perhaps you saw him in action Friday night against Edwards Military Institute. He was wearing jersey number 64 and was in on plenty of plays.

Yes, DECK JORDON, wanted to play football so he sacrificed many an afternoon in the hot sun to get himself in shape. The spirit of Deck Jordon is the stuff that makes great men. Not many youths of today will do the things this lad has done to play football. Not only will this boy make a successful gridiron star, but with his determination he will go far in whatever field he chooses . . . Good Luck to you DECK.

Another youngster you heard plenty about Friday night was Lloyd Honeycutt, a big bruising tackle wearing No. 57 . . . Almost every tackle announced over the public address system by Rupert Bryan, who, by the way does a swell job, went something like this . . . "He was tackled by Honeycutt" . . . This lad had a knack for breaking through the opponents line and making tackles and when he hits them "They stay hit"

.. Honeycutt was at left tackle for almost all of the game. . . He is strickly first team material, but was given the opportunity to play Friday night because Bill Kuhn, regular tackle was on the injured list. But he did a yeoman job . . . More power to you Honeycutt.

North Carolina State Is Listed Among Pigskin Leaders In Nation

NEW YORK, Oct. 20-(AP)-With the world series just out of the way it's hard to realize that the Collegiate grid campaign already is at the halfway mark and that the list of major unbeaten teams is slimmer than Ted Williams' series batting average.

Only 12 elevens have managed to go unconquered so far although three of the dozen have ties to mar their records.

Another 13 were clipped for the first time over the past weekend as the biggest series of upsets of the season shook the football seismograph,
