Reparations Chief Asks Truman To Strip Japan Of War Industries

WASHINGTON, Nov. 16.—(AP)—Reparations Commissioner Edwin W. Pauley tonight urged President Truman to authorize complete removal from Japan of all war industries, rubber, aluminum and magnesium plants and to permit "substantial removals" from eleven other categories of Japan's economy.

Pauley made these recommendations to the President in a comprehensive report on reparations based on a first-hand study in the far east.

Following what he called "a principle of severity combined with fairness," Pauley asked the President to allow the Japanese to keep 18 industries, and for the Allies to determine later what to do about textile machinery, synthetic fibres, cotton, paper and pulp.

Pauley suggested speed in making the removals because of "the rapid deterioration of a great deal of material in Japan, owing to exposure to the elements and to packing difficulties."

The industries Pauley listed as subject to "substantial removals" were electric power, iron and steel, iron ore and ferro-alloy minerals, copper, machine tools, chemicals, heavy electrical machinery, industrial explosives, communications and communications equipment, railroad equipment and rolling stock, shipbuilding and merchant shipping.

FULL SCALE INQUIRY ON BILBO SLATED

(Continued From Page One)

Mississippi no later than December 2.

Specifically, they will explore sworn complaints that Bilbo violated the constitution by preventing negroes from voting in the primary in which he won re-nomination.

If the charges are upheld, they would provide a basis for the republican steering committee to proceed with its avowed intention of challenging Bilbo's right to the seat.

The steering committee has appointed Senators Bridges (R-NH) and Hickenlooper (R-Iowa) as a subcommittee to plan the strategy. They also are members of the campaign investigating committee. The democratic members are chairman Ellender of Louisiana and Senators Elmer Thomas of Oklahoma and Maybank of South Carolina. Maybank did not attend today's session but his vote was cast by proxy.

The campaign investigating committee also:

1. Decided to ask Attorney General Clark to prosecute, if possible, those responsible for a book entitled "Plot Against America" which figured in the democratic senatorial primary in Montana.
2. Informed Patrick J. Hurley, unsuccessful republican opponent of Senator Dennis Chavez (D-NM) that Hurley "or anyone he designates" may file sworn charges against Chavez. Ellender said the committee then may send investigators to New Mexico.
3. Decided not to act on complaints against Senator McKellar (D-Tenn) made by Edward Carmack, unsuccessful democratic primary opponent of McKellar.
4. Announced that no complaints had been received as a result of the close Senate election contests in Maryland or West Virginia.

"You Can Help"

The legend of the 1947 American Junior Red Cross poster, "You Can Help", means youth can help in international programs of service. During the past year and a half, the school children of the United States of America have sent more than \$2,000,000 worth of supplies to children abroad through the American Junior Red Cross. They have given large sums to the American Junior Red Cross National Children's Fund, have sent many correspondence albums, and have packed hundreds of thousands of gift boxes. The gift box goal for the fall of 1946 is 1,000,000 gift boxes. The poster painted by Rico Tomaso will be distributed during the annual Enrollment for Service campaign, which enlists members for such service.

GOLDSBORO BAND TO PLAY HERE

(Continued From Page One)

Bern High school band and the Denton High school band, James E. L. Wade, program chairman for the Fall ceremonial, has announced.

Scheduled to start at noon Nov. 21, the parade will proceed from Market street east on Third and move north on Red Cross street, thence west to Front street and south to City Market where a barbecue will be served, Wade reported.

Preceding the parade of bands will be a concert by the NHHS band in front of City Hall Nov. 20th at 7:30 p. m. The Sudan Shrine band will give a performance on the 21st at 8 o'clock, Wade announced.

Some 200 novices will be initiated at the beginning of the ceremonial, by crossing the "hot sands of the desert," an initiation tradition which calls for their presence in the Grand parade.

Later in the celebration a potpourri of dances will be held in the Cape Fear armory following a banquet in the Cape Fear club for officers of the Temple, potentates and visiting nobles.

Virgil Whyte's all-girl orchestra will furnish music for a script dance to be held at the armory the evening of Nov. 20, Wade said. Tickets for this dance are available at Saunders Drug store, Futrells Drug store, Kingoffs Jewelry store, the Jewel Box and the Wade Realty company's offices.

PLANT COMPLETED

Completion of a new millwork plant on Kerr avenue, East Wilmington, and formal opening of the plant was announced yesterday by J. H. Fussell, Jr., who will operate the plant. Cabinet and general millwork will be done in the new plant, which is located on a three and one-half acre tract adjacent to Atlantic Coast Linc rail tracks, Fussell said.

DOG FOUND

Police issued a special request yesterday for a small boy to get his dog from the city pound. The dog was picked up last Wednesday while tied in a vacant lot at Second and Grace streets, following complaints from neighbors because of his barking. Police described the dog as a small black and white, shaggy pet and noisy. Police expressed the opinion that the child had been feeding the dog evidently was afraid to call at police headquarters. They issued an official appeal for him to "please call for his pet."

NORTH-SOUTH BATTLE AMONG DEMOS SEEN

self, came out for Senator White of Maine to be Republican floor leader in the Senate. Taft expressed the "hope" to stay right where he is as steering committee chairman.

On the house side the contest for Republican floor leadership became a four-way affair, and possible North-South fireworks among the Democrats were indicated by a report that Republican Rankin of Mississippi might oppose Republican McCormack of Massachusetts for the minority leadership.

Associates of President Truman reported he favors Kerr for the Democratic chairmanship if Hangan leaves it. Kerr threw the 22 Oklahoma votes to Mr. Truman for vice president at the 1944 convention, after getting them for himself on the first ballot.

Friends of Hangan, who recently underwent a physical check at Walter Reed hospital, quote him as saying he wants to step out as party chairman at the National committee's meeting early in 1948. He is expected to stay on as Postmaster General.

In the House Republican representative Dirksen of Illinois announced his candidacy for the Republican leadership. The other avowed contestants are Republican Halleck of Indiana and Jenkins of Ohio, with Clarence Brown, also of Ohio, "available."

The race is for the job Republican Martin of Massachusetts will vacate to become speaker.

BRITISH, U. S. NOTES SENT TO ROMANIA

(Continued From Page One)

tru Groza by Burton Y. Berry, U. S. political representative in Romania. The note, the fourth in a series since May, sought again to prod Romania into holding a free and untrammelled election.

(The notes of May 27, June 14 and Oct. 28 criticized the campaign arrangements and alleged discrimination against opposition parties. In reply, Romania charged interference in her internal and sovereign affairs. The latest American note said this plea was inadmissible, and that United States interest in the election was derived from its obligation under the big three pledge at Yalta to sponsor free and democratic elections in the liberated countries.)

CHEST ESTABLISHES BIG BUILDING FUND

all for their participation in the drive.

"We should all be very grateful, too, to the North Carolina Shipbuilding company for its very generous contribution in this, its last year of operation in Wilmington. We shall miss its support next year," they added.

They pointed out that, without the assistance of the shipyard, this year's campaign would have failed to reach its goal.

The total contributions by the shipbuilding company and its employees in the five Community Chest drives here is \$272,830, about 34 per cent of the \$795,000 raised. Of the \$272,830 the company itself gave \$140,000. The employees donated \$132,830 in four of the campaigns. No solicitation of the workers was conducted this year because the plant was closed before the financial effort was opened.

Of the \$795,000 raised in the five campaigns, \$224,066 has been appropriated to war relief needs. In the first effort, \$10,000 was budgeted for six war relief agencies. During the next three years, a total of \$203,721 was obtained for the National War Fund, which conducted a united drive of all war relief appeals.

This organization was liquidated last winter, but at the request of General Eisenhower and Admiral Nimitz, the USO was asked to carry on independently of the War Fund for another year. A total of \$10,345,000 for USO was included in the budget for the latest Community Chest drive. Since the USO has announced that this will be its last campaign, directors of the Chest have stated that the next campaign will include only the needs of its twelve local Red Feather services.

The two top divisions in the 1947 Chest campaign were the Downtown Divisions, Lloyd W. Moore, chairman, which raised 111. Six per cent of its goal, and the Corporate Gifts divisions Fred Z. Little, chairman, 110. Two Percent of its goal.

Honors for highest scoring team in the Downtown division raised 172. Seven per cent. Second highest team was that of Louis Shrier in the Industrial Employees division, with 139. Two per cent. Other high scoring teams included those headed by Peter E. Ruffin in the Corporate Gifts division 116. Eight per cent. Robert Newell in the Industrial division 119. One per cent. J. B. McCumber in the Commercial division 116. Nine per cent. Leslie Boney, Jr., and Wallace I. West in the Downtown division 126. Two per cent and 121. Five per cent respectively and Mrs. W. T. Benton in the Residential division, 115. Three per cent.

The final reports of the various divisions, with the teams, their captains, goals, amounts raised and percentages, follow:

Corporate gifts, Fred E. Little, chairman: Team No. 1, Howard Penton, \$6,400; \$5,915; 92.4 per cent. Team No. 2, Peter B. Ruffin, \$25,200; \$29,445; 116.8 per cent. Team No. 3, Alex Sprunt, \$6,200; \$6,300; 101.6 per cent. Totals, \$37,800; \$41,660; 110.2 per cent.

FOREIGN MINISTERS SOLVE TRIESTE SNAG

the issue of a deadline for departure of occupation troops from Trieste.

This, in itself, may prove an issue which will deadlock the council on a decision. Molotov, apparently in a conciliatory mood, agreed to the supreme powers for the governor of Trieste, departing from his demand for a sharp reduction in power for the governor who would operate under the guidance of the United Nations Security Council.

To Deputy Foreign Minister Couve de Murville of France fell the lot of spelling out the terms of today's agreement. He will present it to the foreign ministers when they go into a new huddle at 4 p. m. (EST) Monday.

The crux of the dispute still re-

Fight Asthma Mucus Coughs

Do you cough and cough, especially mornings and at night? At times do you feel like you were tearing yourself to pieces trying to get rid of straining mucus and still you choke, gasp for breath, wheeze and often can't sleep? The cause of these dehydrating symptoms may be recurring attacks of Bronchial Asthma. In such cases, the very first dose of Mendoac, a physician's prescription, usually goes right to work thru the blood helping relax that clogged up stuffy feeling in the bronchial tubes, then helps Nature loosen and remove thick, straining phlegm. This helps you get good fresh air into your lungs and promotes restful sleep, which is a natural aid to greater energy. Mendoac is not a smoke, injection or spray, but is in tasteless tablets which you take exactly according to simple directions at meals. Mendoac must satisfy in every way or your money back is guaranteed. Don't cough and choke, don't lose sleep another night, because of recurring attacks of Bronchial Asthma, without trying Mendoac. Ask your druggist for Mendoac today.
