May 'Feared' Debt Spectre

Letter To That Effect Introduced As Evidence At War Frauds Trial

WASHINGTON, April 28. -(AP)-Evidence that Andrew J. May feared getting "in debt so badly I can't get out" developed today a the government war fraud trial of the wartime house military committee chairman.

A letter from May to that effect went in to evidence in a batch Prosecutor William J. Paisley submitted to the jury trying May and three others on charges of conspiring to buy the fermer Kentucky Democratic Congressman's influence.

On trial with May are Henry and Murray Garsson, key figures in a war manufacturing combine, in a War Indianated and Joseph F. Freeman, Washing and Joseph F. Freeman, Washing-ton agent for the Garsson broth-

The government charges May received more than \$50,000 fr o m the Garssons to finance a Kenthe Garssons to Lumberland Lumberland Lumberland Lumber company, for May's benefit in return for War department favors return for War department favors processman assertedly night was shot in the last wednesday of the general compressman assertedly night was shot in the show of harmony attending the opening of the special assemble. Compromises May Work Out

Secretary Reveals Portion Of His Conversation With Soviet Leader

WASHINGTON, April 28—(U.R)— Secretary of State George C. Marsha'! tonight blamed the Soviet Union for failure of the Moscow conference but revealed that Generalissimo Josef Stalin thinks compromises on all the major German issues will be possible.

In a radio report to the American people on the seven-week meeting of the council of Big Four foreign ministers, Marshall revealed a portion of his conversation with Stalin at their meeting in the Kremlin on April 15. Stalin told him frankly that he

didn't think any "great success" would be achieved at the Moscow Marshall's report included an

introduction and a summary and covered the major Moscow issues pertaining both to Germany and Austria . In the summary he not only blamed the Soviet delegation for

making agreement impossible but "propaganda appeals to passion and prejudice" rather than using appeals to reason and understandng. He also sounded a hopeful note for the future by saying that, despite disagreements and difficul-ties encountered, "possibly great-

ment was made than is realized." He thought this because critical differences among the powers "now stand clearly defined." He said the United States would

er progress towards final settle
