

RAILROAD LIENS KEEP ADVANCING

Gains Of Fractions To More Than Two Points Attained By Group

NEW YORK, July 23 (AP)—Railroad issues moved swiftly forward in the bond market today in continuation of an upward trend virtually unbroken since mid-June. Gains of fractions to more than two points scattered the carrier group at the finish. Utilities and industrials maintained a steady course.

World Bank bonds also staged another show of strength. The long-term 3 1/2 rose to 102 24-32 and the short-term 2 1/4 added 9-32 to 101 27-32. Over-the-counter dealings in the bonds said the supply was becoming increasingly tight and that demand by institutional investors for large blocks was propping the price structure. Holders of small lots of the bonds slipped the market for a time, they explained, as they sold for a quick profit but this source appeared to be drying up.

New financing stayed in the

simmering stage with the largest sale \$11,000,000 of Arkansas Power & Light Co. 2 7/8 per cent 30-year bonds marketed at 101.80. Dealers looked forward to public offerings tomorrow at \$5 a share of 4,000,000 shares of Class "A" common stock of Tucker Corp., a newcomer to the automobile field. Corporates closing higher included B & O 5 1/2 of 2000 at 65 1/4, Central of N. J. 5 1/2 at 34 1/2, Chicago & Eastern Illinois incomes at 41 1/4, Rock Island returning 4 1/2 at 54 1/2, Intl Great Northern adjusted 5 1/2 at 30 3/4, N. Y. Pacific general 4 1/2 at 30 3/4, N. Y. Central "A" 4 1/2 at 76 1/2, New Haven 4 1/2 at 48 1/2, Northern Pacific 4 1/2 at 107 1/2, Frisco 4 1/2 at 51 1/2, and Wabash 3 1/4 at 99 1/2.

Peruvian issues improved in the foreign dollar list. U. S. Governments held steady in the over-the-counter market. Sales of \$4,600,000 compared with \$4,095,000 Tuesday.

WILLIAMS TRIAL BEFORE JURY

Negro Woman Facing Manslaughter Charge Result Of Fracas Last April

Conflicting testimony of that presented before the coroner's jury popped up yesterday in the trial of Everlina Williams, 26, Negress of McCumber Station, before a jury in Superior Court. The woman is facing trial on a charge of manslaughter as the result of a fracas last April 20 that resulted three days later in the death of 73-year-old Elgin Whitfield, Negro. The state contends that the woman struck him over the head with a hoe, fracturing his skull, the evening of the day in question in the rear yard of the Williams' dwelling at McCumber Station. The prosecution, directed by Solicitor Clifton Moore, associated with Aaron Goldberg and John M. Walker, completed its case during the afternoon after some time had been spent in arguments before the court in the matter of conflicting testimony presented the coroner's jury and in the trial. Defense Attorney Wallace Murchison presented eight witnesses and John Edge, Jr., 22-year-old brother of the defendant, The brother testified that he and his sister went to a shack in the rear of their home the night of April 20 when the defendant said she had seen a man in the building. The witness declared that the man advanced on his sister with a knife, that she tripped over a board walk, then arose and picking up a hoe, struck the man in self-defense. Discrepancy in testimony developed from Celie Mae Jones, 16, Negress, state witness. Testimony showed at one time before the coroner's jury, she had testified that she was nearby at the time of the alleged altercation and heard the defendant exclaim that she was going to kill Whitfield. At another time before the coroner's jury she had testified records disclosed, that she did not near such a statement. Yesterday on the witness stand she asserted she was "only kidding" when she made the remark. The court allowed the prosecution to cross-examine its own witness following arguments between the state and David Sinclair, a second defense attorney. The defendant will take the stand at 9:30 a. m., today, Attorney Sinclair said. Deputy sheriffs testified they spent the night of the alleged disturbance searching, without avail, for the defendant. Dr. A. H. Elliott, city-county health physician, testified that death of Whitfield was the result of a brain injury. A hoe and a knife were presented as evidence.

G. I. Flight Training Program Is Underway At Jacksonville Field

JACKSONVILLE, July 23.—Onslow county first G. I. flight training course is underway today after more than a year of effort by ardent enthusiasts here. B. T. Holleman, Sr., director of Municipal airport here, said today that 14 students—four local, and 10 commissioned and non-commissioned officers from nearby Camp Lejeune—have enrolled for the ground and flight courses. The efforts to establish the flight training course, spearheaded by Holleman, began to materialize last month with approval by federal, state and city officials. Four instructors have been appointed to furnish the students with flight directives. Students must be ex-G.I.'s or members of the armed forces who have been discharged and who have rejoined the services, it was pointed out.

Speaker Urges Onslow Rotarians to Advertise County Game Facilities

MAYSVILLE, July 23.—Declaring that the "best hunting grounds in the United States are within 10 miles of here" Nere E. Day, prominent Onslow county farmer and attorney, told members of the local Rotary club at their meeting that hunting clubs should be established to attract sportsmen. Deer and all types of lesser game abound here, and Day declared that this could develop into a thriving community if its natural hunting and fishing resources were promoted and developed.
