## Hayes Plans Study Of PC Hines Case

### Chief Of Police To Scan Written Reports On Arrest Of Luby Kelly; Recorder Condemns Use Of "Force" By Officers

The case of Officer G. H. Hines, latest member of the local police force to receive public condemnation for alleged abusive treatment to citizens, rests with Chief of Police Hubert Hayes today.

Having made a preliminary investigation, which unearthed considerable favorable evidence in support of Hines' conduct, Chief Hayes said last night that he will study written reports today before he reaches a decision in the matter.

Officer Hines hit a snag in Recorder H. Winfield Smith's court Friday when Luby Kelly, 47, 1509 Castle street, was tried for drunk and disorderly conduct and resisting arrest.

Kelly told the court that after he refused to enter his home at the direction of two officers,

one of them—he pointed at Hines—hit him with a weapon he had been handcuffed and thrown into a car. Kelly was knocked unconscious, came to in James Walker Memorial hospital, finding five stitches had been taken in his face.

Officer Hines said he went to Kelly's place with Officer W. N. Jordan, where they had been sent to escort a drunken man inside his home before he got into trouble. When Kelly refused to go inside, became abusive, and offered resistance, the officers put the handcuffs on him, Hines testified. He denied that they struck Kelly at that time.

Hines said that when they removed the handcuffs from Kelly

### YUGOSLAVS FREE THREE AMERICANS

#### Government Also Formally Presents Apology For Arrest Of Army Men

BELGRADE, Yugoslavia, Sept. 26.—The Yugoslav Foreign Office informed American Ambassador Cavendish Cannon today that three American soldiers arrested by Yugoslav troops in the Trieste area Monday would be released today.

The three Americans were previously identified as First Lt. William Van Atten, of East Orange, N.J.; Pfc Earl G. Hendrick, Jr., Arlington, Va., and Pfc Glen A. Myer, Edgeley, N. Dak., who went forward to a Yugoslav outpost for a "friendly chat" only to be forced across the border at gunpoint.

#### Early Warning

The Yugoslav apology came only 24 hours after the U. S. State Department announced it was taking up the case "immediately" with the Belgrade government. The previous day the U. S. government called on Yugoslavia to stop the "exceedingly dangerous" practice of issuing ultimatums to British and American troops in the Trieste area because it was "likely to precipitate incidents leading to most serious consequences."

An official report from U. S. Army headquarters in Trieste said the three soldiers were members of a five-man mounted patrol.

The Army said the other two members of the patrol reported Van Atten, who was in command, and the two enlisted men had dismounted when they saw a Yugoslav patrol, with whom they previously had been on good terms, and approached the border. While they were talking
