(Continued From Page One) ed at Westover and relayed from an unidentified Canadian plane, reported sighting a distress flare. but this was not substantiated.

The Canadian pilots reported the wreckage of the plane to be strewn over a wide area on an ice flat accessible only to ground units or a helicopter. They said the lipstick red tail assembly had been wrenched off in the crash and remained intact, but that the rest of the plane appeared "gutted by fire.

#### Tunner In Charge

Supervising the rescue operations which included dog sled teams and a unit of Army parachutists, was gray-haired Maj. Gen. William T. Tunner, 41, commanding officer of the Atlantic division of the A. T. C., who arrived at Goose Bay tonight.

During World War II, Gen. Tunner was widely known as the commanding officer of the A. T. C. in the China-Burma- ndia theater where his winged t insports made aerial history flying regular runs over the "hump" of the Himalayas.

#### ONE KILLED, FIVE HURT IN ARMY PLANE CRASH

WASHINGTON, Dec. 10-(U.P.)-One man was killed and five others were injured tonight when a twin-engine Army C-47 cargo transport plane, attempting to land in foul weather at Andrews Field, crashed and burned 1500 feet short of the runway.

Names of the dead and injured were withheld. Air Force officials declined to speculate on cause of the crash Asheville --but said that tl plane, approaching the field for an instrument
