Plain Talk By Dan Gardner

The American Negro officially boasts over his achievement of any connections with his native homeland, Africa. In fact, his desire to be disconnected with any suggestion of kinship or interest in the so-called 'dark continent' has progressed so far that today one only hears nostalgic discussion of the homeland among the so-called ignorant masses in the bowels of our great cities.

It would be highly ideal if the American Negro were to have a good chance in the very near future of being completely wrapped up in the identification of his color, but the fact of the matter is that he cannot be so identified until something is done about his color and physical appearance.

CAVE UP TRYING TO GET UP Two Leathernecks sharing a foxhole during the night for the Maritimes frequently blasted the night with loud language. Both were plenty mad about who was pulling whose leg and interrupting much-needed sleep.

ALL IN THE DAY'S WORK The lumbering tank ran over a Marine corporal on the beach at Peleliu. He got up, yawned, brushed his dungarees, amazed fellow-Leathernecks made him lie down again and called a doctor. X-ray examination proved he was unharmed, thus setting even higher standards for traditionally-tough Marines.

HARD WATER FOR THIRSTY JAPS Two days, 20 thirsty Japs were killed as they came up to get water from a well on Leyte Island in the Philippines. An American sergeant had set up a machine-gun commanding the well and lazily picked off the enemy one by one as they approached the drinking spot.

INCIDENTAL INTELLIGENCE Army GI's overseas soon will be recipients of five million of the overseas service bar, each one of which, worn on the sleeve, represents six months of overseas duty. Navy personnel afloat and on foreign duty will smoke 800 million packages of cigarettes during the current year, according to recent estimates.

HOME IS WHERE THE BOMBS DROP As nose gunner of an Army Liberator, a staff sergeant recently watched bombs drop on Gelsenkirchen, Germany. "I gave me a lot of satisfaction," he said after the raid. "I know the place like a book and knew exactly where the bombs should fall." It was the gunner's hometown, from which he was forced to flee in 1933 because he didn't see eye to eye with Nazis.

COMIC WRAPPING PAPER REQUESTED Servicemen back from the fighting fronts have suggested that overseas packages be wrapped in funny papers often "over there" want comics and more comics, as well as newspapers from anywhere in the United States. They say men will practically jump out of a foxhole under enemy fire to get hold of comics or any newspaper, whether it's from their home-town or not.

COLOR AGAINST SUCH CHANGES

It would be highly ideal if the American Negro were to have a good chance in the very near future of being completely wrapped up in the identification of his color, but the fact of the matter is that he cannot be so identified until something is done about his color and physical appearance.

AFRICA IS ITS PROPER PERSPECTIVE

In a measure that is wholly true and an inescapable fact that one would be completely out of order to start an argument about, but somewhat along the line there must be a common ground where a practical conclusion can be arrived at, and I think the conclusion should by all means be full and comprehensive enough to include Africa in its proper perspective.

ALL OTHER RACES PUT EVERY OTHER PEOPLE IN THE AMERICAN MINDING PUT MAKE IT MANDATORY THAT RECOGNITION OF THE HOMETOWN COMES FIRST IN THEIR THINKING THAT WHY THE GERMANS ALWAYS REMEMBER THE FATHERLAND, WHY THE IRISH REMEMBER THE OLD COUNTRY, WHY THE ITALIAN SEND HIS MONEY BACK TO ITALY, WHY THE POLE FIGHTS HIS NATIVE POLAND WAS AN AMERICAN NEWSPAPER AND FORUMS, AND WHY THE JEWISH PEOPLE HAVE A WORLD-WIDE FIGHT ON TODAY THAT IS EVERY BIT AS RELIGIOUS AS THE WAR OF THE SECOND FRONT AND THE EASTERN FRONT IN EUROPE TO GET BACK INTO PALESTINE AND THERE ESTABLISH A FINE NATIONAL HOMETOWN. THESE PEOPLE HAVE FAR MORE THAN WE AND WILL ALWAYS BECAUSE THEY HAVE ROOTS WHICH WE HAVE NOT.
