

MORGAN BEARS OVERWHELM GRAMBLING TIGERS, 35-0 IN TILT

BAITIMORE, Md. (AP) — The scrappy Bears of Grambling College (La.) 35-0, here today.

The courageous but outclassed Tigers, led by their punting star, halfback Paul Younger, took the game in the closing minutes. Morgan Bears rolled on to the season's third consecutive victory by overpowering

the Bears 21. Then, the wounded Bruins struck back with a vengeance. Their crash in a fullback, Big Jim Turpin, eluded through off left tackle, ripped through the Tiger secondary and romped for 66 yards to rack up the same first score on the Morgan's fourth play from scrimmage. Wilford "Automatic" Jones trotted forth to kick the extra point and Morgan took the lead, 7-0.

Just a few minutes later when the Tigers were attempting to boot the ball out from their own 32 yard line, the Bears alert wide man Ed Hunt crashed in to block the kick, scoop up the ball and run it back to the Grambling 3 yard line. Turpin picked up 4 precious yards and then stellar quarterback Oscar Owens whipped a perfect strike to Joe Black in the end zone. Automatic Jones put foot to ball, and the score was Morgan 14, Grambling 0.

The end of the first period interrupted a relentless 37 yard trek goalward with the Bears on the Tiger's 6 yard ribbon. An offensive penalty on the first play of the ensuing fifteen minutes advanced the Bruins to the 1 yard line, and on the next play, the versatile Owens cracked over into pay dirt on a quarterback sneak. Jones made a personal appearance for the occasion, and the count was Morgan 21, opposition 0.

In the middle of the same frame, Cooney Watkins lugged a 20 yard pass into the grasping fingers of Stretch Whaley, and the long legs of the towering end literally ate up the remaining 26 yard to yield six additional units. Jones obliged, and the score had mounted to 28-0 proportions.

The two teams battled fiercely and "paradoxically" brilliantly, however, indelicately, throughout the third quarter. Younger and Hicks were outstanding for the Tigers while frequent penalties tended to hamstring the offensive gestures of the Bears.

The Bruins rallied in the final period, taking possession of the ball on their own 24 yard line to drive on land and through the air 62 yards for the final six pointer of the day. Mitch Whittingham, who has done a valiant service in lugging the leather throughout the first half climaxed the trick by wheedling through a hole off left tackle and tearing free from the clutches of would-be Tiger tacklers who sought desperately to restrain him, to go off the way from the Grambling 9 Jones fifth consecutive placekick pegged the score at 35-0.

BY GEORGE LYLE, JR.

For the NNPA News Service

PHILADELPHIA — Lightweight champion, Bob Montgomery has gone into training for his title defense bout with Wesley Mouzon and vows that the lightning will strike him in the second frame of their September meeting, will not strike in the same place twice.

Bob, who won his title from Ben Jack, was unable to get started against the younger Mouzon and wound up on the canvas in their non-title bout. This time it will be different, he vows, and the fans who are expected to jam Philly's Convention Hall, comes October 28, will see, once more, the age-old battle of wit and experience.

Pennsylvania is the only state where the bout could be held because Wesley is still under age. He the week that he cooled the champion in New York, were "Uncle Mike" Jacobs has a stronghold on championship bouts, Mouzon would be unable to compete for the crown.

Since New York laws forbid minors to box over eight rounds and title matches must be over a twelve or fifteen round bout.

Wesley is training at Bateville, a training site in Hudson field, New Jersey, while Mouzy has returned to Laoma Byrd's camp in Pleasantville, New Jersey.

Fritzie Alexander, who played a game at center against Penn last year when Dartmouth met the Quakers, was not in the lineup Saturday's week ago when the Red and Blue escaped the Indians by a 29-6 count. Alexander, a V-12 trainee, was swatted from the pivot position to tackle this year by Coach Tuss McLaughry.

Levi Jackson, first sundowner to play for Yale, was a big gun in the Blue offensive although they bowed, and Buddy Young, who coaches have revealed, suffers from a bad ankle and a strained leg muscle, was ineffective as the Blue went down to defeat.

Last week's papers carried the names of modern players who have made the grade in "mixed" schools but they failed to mention Wally Triplett of Abington who is a star at on the Penn State eleven and Millard Chislet the Crede half-back at Cornell. Both are long bang-up jobs at their respective alma maters.

Fisk University is back in the grandstand picture as they tipped Mike Memorial in their opening game by a 1-0 score. Fisk, once a power in football circles, had come a long way down from the teams that recruited guys like "Jumpin' Joe" Williams and the like.

Another school which has returned to the grid was St. Cheyney of the State Teachers' College circles. Cheyney, which was always hard-pressed to get enough men on the campus to make up an eleven, de-

LOUIS DROPS ONE TO LAWYER

CHICAGO, Oct. (NNPA) — Joe Louis, the heavyweight boxing champion, agreed in Superior court last Wednesday to pay Harold J. Cyrus, attorney, \$2,000 in settlement of a suit, claiming for photographs of a suit involving attorney fees the champion raised Cyrus' hand and said, "He's the winner."

Cyrus, represented by Sidney P. Brown, attorney and school board member, had sued Louis and his former wife, Marva Trotter Louis, for \$10,000 in fees he claimed were due in connection with a divorce suit filed by Mrs. Louis in 1931. The couple was reconciled, and later divorced. Cyrus, who had represented Mrs. Louis, said he paid her \$2,500 but the remaining \$7,500 still was unpaid. The case came up for hearing before Judge Harry H. Fisher.

Louis denied any possibility of reconciliation with his former wife, now in California. He said he would defend his title before next June but that next month he will go to Honolulu, Territory of Hawaii, for exhibition bouts.

Heated the North Carolina State College, 13-6 in their debut. And Philander Smith, who lost that awful facing from Wiley recently, found themselves a school of they could lick last week.

Tattie "Tarzan" Cooper, one time Bens great who started out on his own with the Washington Bears a few seasons back, has announced that this season his team will take on a purely local flavor. With one exception, his players will be Philadelphia.

Bill "Sugar" Cain, ex-Maryland State immunity, will be back with the Philly Bears this year when they open their season at Philly's Town Hall on November 4. Zack Clayton, who was one of Abe Saperstein's conductors on the famous Harlem Gladiators, will take some time from his duties with the fire department to get around the court for the Bears.

Manager Cooper also announced that his protégé, the Benzet Midgels, would again play. The midgels, a group of pre-tennis age boys, captured the fancy of the court for last season and before the year ended every Boys' Club in town was furnishing opposition.

Conceded by former Wilberforcean, Backett Anderson, the Benzet club went through the season undefeated.

NEW BOOK OF LANGSTON HUGHES' POEMS FORTHCOMING.

NEW YORK (ANPI) — A new book of poems by Langston Hughes has just been accepted for publication by Alfred A. Knopf, Inc. Its title is "Fields of Wonder," and the poems are largely lyrical in nature and non-racial in theme. The book is to be published next spring and will be the first book of poems by Langston Hughes since "Shakespeare in Harlem" five years ago.

Why Not Create An Estate By Contract NOW That Will Assure A Continuous Income To Your Family And A Retirement Income FOR YOURSELF?

There are various methods of creating an estate. One method consists of setting aside a definite amount of savings annually and accumulating an estate over a period of years. This method of creating an estate is however, subject to many hazards. Diminished investments returns and increased taxes make savings out of income difficult. Savings may be lost through poor investments. There is also the danger that death may leave the estate incomplected in which event dependents may receive little or nothing. Probably the quickest, most effective and advantageous method of creating an estate is by contract. As an illustration: Mr. Branch, age 35, decides to create an estate of \$10,000. He applies to a great financial institution with nearly a half century of successful experience. After meeting their simple requirements a contract is issued Mr. Branch or his heirs an estate of \$10,000. After the contract is issued, the only requirement is the payment of a yearly tax amounting to about 4 1/2 per cent. Unlike the taxes on his home, these taxes on his estate are accumulated for Mr. Branch, they are carefully safeguarded by the laws of his State and can be drawn on to a considerable extent in the event of an emergency.

In the event that Mr. Branch is disabled by injury or by prolonged illness, and can no longer pay the taxes, there is a clause in the contract releasing him from all further payments, and he will receive the estate of \$10,000 when he reaches age 60. Should Mr. Branch die before reaching age 60, the payments are waived and the entire amount is paid to Mrs. Branch as a continuous income.

Having attained the age of sixty, Mr. Branch will receive the full amount of \$10,000 as a retirement income.

Creating an estate in this manner you can make a will now for your family and eliminate the old hazardous way of taking chances for an accumulation over a period of years.
