PRISON PRAISED FOR ANTI-JC LAW

NEW YORK (WDL)—Kenyon J. Scudder, superintendent of the California Institution for Men at Chino, who stated to the press that every man entering the prison is "told emphatically that no segregation would be tolerated," was congratulated by Alton Man of the Workers Defense League's prisoners aid bureau. Man, who in 1943 took part in a successful anti-hunger strike at the federal prison in Danbury, Conn. wrote Scudder that his policy "is a welcome relief from the pattern of segregation and discrimination which is so prevalent in state prison systems and the Federal Bureau of Prisons. "During the past six years many inmates have gone on work and hunger strikes against jim crow in federal prisons but have only been punished for their efforts. This is true even in the so-called federal correction institutions, which enforce undemocratic theories of race superiority while professing to rehabilitate their prisoners."

SHERIFF PRAISED FOR AVERTING LYNCHING

ASHEVILLE (WDL)—For removing a Negro threatened by a lynch mob to Birmingham, Bob Alford, sheriff, deputy of Pell City, Alabama, was congratulated by Joe Felant, southern field secretary of the Workers Defense League. "Evidence of fair play toward Negroes such as you and your colleagues have demonstrated do much to win the admiration and respect of minority groups and supporters of civil rights who all too often are required to condemn the laxity of law enforcement officers when they are called upon to protect the legal rights of Negroes," Felant wrote Alford. The Negro, Robert E. Hunt, was being held on rape charges in the Pell City county jail, when on May 1 a mob stormed the building and fired shots through the windows, summoned by Alford, state troopers finally dispersed the mob and removed Hunt to the county jail in Birmingham.

WASHINGTON, D. C. (ANP)—Representative George H. Bender, Republican, of Ohio, introduced in the House last Monday a bill to prohibit race or religious discrimination in employment. In announcing last Monday that hearings would begin June 11 on the bill, the message after which several House bills are modeled, Senator Forrest C. Donnell, of Missouri, chairman of the Senate Labor and Public Welfare subcommittee which is to consider the measure, said it was hoped that the taking of testimony will be concluded in six days. "It is the desire of the committee to hear both sides relative to the bill," Senator Donnell said. Anyone desiring to suggest the name of any person to appear before the subcommittee should communicate with Mr. Philip R. Rogers, clerk of the Committee on Labor and Public Welfare.

ANTI-BIAS BILL INTRODUCED IN HOUSE

NEW YORK (ANP)—The Negro community of America is urged to observe National Urban League week, May 25-31, in a statement issued by the chairman of the League's national \$450,000 campaign, Henry R. Luce, editor of Time and Life magazines. "We do not say that the Negro problem can be solved this year or next year. What we do say is this—based on thirty-six years of patient 'expert' work of the League—that with help the problem can be kept from becoming insoluble. Progress can be made; progress has been made. To hundreds of thousands of Negroes the work of the League and its friends means just that little better chance for decent opportunity which can make all the difference in a man's life. "To hundreds of American cities and towns the work of the Urban League means just that little smaller chance of bitterness and resentment which can poison the spirit—and the prosperity—of your city and town. "I support the Urban League also because we as a nation have an immense amount of work to do. "There is no immediate problem for America which cannot be solved by work. But without work—hard work—none of our problems will or can be solved. A working America will provide the means to save ourselves and the world from economic ruin and war. A lazy America or an America which closes the door to any man's honest labor will invite disaster for America and the world. "In this situation—quite simple, yet profoundly critical—it is imperative that every Negro be given a wide open chance to work to the fullest of his capacity. In this situation it is imperative that every Negro and every white man should put his most earnest effort into whatever job he had. "The objectives of the Urban League are the objectives of American democracy. The motto of this organization accords wholly consistent with the spirit of democracy, and cooperative living between American citizens of any race. "The work of the national office directly helps the local Leagues. It should be supported with contributions sent to 1133 Broadway, New York 10, N. Y. "BOY WHAT A GIRL TO BE RELEASED NEXT WEEK. UNAVA ASKS POSTAL PROBE FOR DIXIE VETS

CHICAGO (ANP)—A demand that Postmaster Gen. Robert E. Hannegan investigate discrimination in the issuance of veterans' terminal leave application forms by southern post offices, has been made by the United Negro and Allied Veterans of America. George D. Murphy, Jr., national chairman of UNAVA, made public a letter he sent the postmaster general calling his attention to difficulties encountered by Negro veterans in obtaining terminal leave application forms in certain post offices in the south. Murphy's letter cited a recent incident in Tallapoosa, Ala., as proof of his charge that many southern post offices are deliberately withholding these forms from Negro veterans. "On April 20, Walter Garland, New York state adjutant of the United Negro and Allied Veterans of America, while in Tallapoosa, Ala., on organization business, visited the local post office to secure a copy of the form claim for Settlement.

Club Baron at Lenox Avenue and 32nd Street, Herald Pictures, producers of the film, announced this week.

Mr. Garland further reported that Negro veterans are being denied these forms by the Tallapoosa Post Office.
