BANKER TO ADVISE 'SMALL BUSINESS' MEN

WASHINGTON, D. C. (NPA)—The Commerce Department disclosed last Friday that Lorimer D. Milton, president of the Citizens Trust Company of Atlanta, has been named as a member of the Commerce Department's Advisory Committee on Small Business since May 25.

The committee which advises the Secretary of Commerce on how his Department can assist the small businessman in his business needs is composed of 21 representative business men appointed by the Secretary from all parts of the nation.

Meeting three times each year with the Secretary, they keep him informed of the problems peculiar to the small business man in their geographical locations and acting upon their advice, the Department takes steps to assist in working out the problems.

The committee was organized in 1945. John R. Plouffe, Washington real estate broker, was the first colored man to serve on it. He was succeeded this year by Mr. Milton. Members of the committee serve without pay.

CONVICTION TERMED "GROSSLY UNJUST"

NEW YORK — The NAACP's Legal Department submitted to the Secretary of War a petition for clemency in behalf of Calvin J. Baker, a former Negro serviceman. Pvt. Baker formerly of the 312nd Quartermaster Service Company, was tried by general court martial at Auesberg, Germany on the 9th of June, 1946 for an alleged violation of the 92nd Article of War.

Baker was charged with having raped a German, Frau Anna Egnor. The petition pointed out that Baker had not been identified by any of the witnesses as having been present at the time or place of the alleged crime. It was further shown that the crime had not been established as a matter of law and that accordingly his conviction was unjust and unlawful. It was stated in conclusion:

"To say that this is one of the most grossly unjust cases that has ever been brought to the attention of the American public... would be an understatement of fact. Morally and ethically, petitioner was innocent of any wrongdoing." It stated further: "Recently much criticism has been leveled at our system of military justice, especially as it is discussed in Negro magazines. Such criticism, in this case we feel would be justified."

NFA To Meet At A. & T. College August 3-6

Greensboro — The North Carolina N. F. A. Association launched plans last week for entertaining more than 500 members of the national organization of Negro Farmers of America in their 13th annual convention slated for August 3-6 at A. & T. College August 3-6.

Advance information from officials at the college indicates that delegates from some 30 states will be in attendance at this year's convention. S. B. Simmons, director of vocational agriculture for North Carolina, will state headquarters at A. & T. College, as serving as coordinator of the four-day meet.

Listed high among the many features scheduled for the annual convention, eyed by NFA members all over the country, will be the month-long amateur talent show. This part of the program set for Greensboro's Memorial Stadium, will be directed and produced by Dick Campbell, celebrated New York producer who became internationally known for his work as coordinator of the war.

USO Camp Show talent during Campbell will select talent for his extravaganza, as a result of trials held in the opening sessions of the convention. Reports from NFA chapter advisers, some from as far west as Texas and Oklahoma, reveal that gifted amateurs from practically all over the country will be on hand to lend a national appeal to the show.

The conference will hold its first session in the Richard B. Harrison Auditorium of the A. & T. College, Sunday, August 3, with Lawrence Price, national president from Montgomery, Texas, presiding. Dr. Robert P. Daniel, president of Shaw University will address the delegates on the opening day.

With R. Gregg Cherry, governor of North Carolina, scheduled to speak in the closing meeting at Raleigh, N. C., the North Carolina Association will carry the delegation on a tour of points of interest in Durham and that city where the national delegates will be joined by 2,000 state NFA members in the Raleigh City auditorium. The Raleigh meeting will be under the sponsorship of 2,000 former NFA members in North Carolina.

It was emphasized at a recent conference of the Gulf and Atlantic Coast District of Labor Unions that labor must stay alert on the local as well as the national levels.

This effort to get out the vote was also stimulated by the passage of the Hartley-Park Act and the attempt in the Louisiana legislature to pass the Cleveland act called "Right to Work Bill."

WHY WORRY

There are only two things to worry about, either you are well or you are sick. If you are well then there is nothing to worry about. But if you are sick, there are two things to worry about. Either you will get well or you will die. If you get well there is nothing to worry about. If you die there are only two things to worry about, either you will go to heaven or hell. If you go to Heaven, there is nothing to worry about, but if you go to hell, you will be so busy shaking hands with friends you won't have time to worry.

JEWISH COUNCIL SEJKS TO END BIAS

PHILADELPHIA (NPA) — The Philadelphia Jewish Community Relations Council, announced last Wednesday that it has established a permanent fair employment legislation policy and been committed to organize the fight for legislation on a local, state and national level to end racial and religious discrimination in employment.

In Harrisburg, Governor James H. Duff said the creation of the proposed good will commission to help end job discrimination will not be "a substitute" for a fair employment practice commission.

The purpose of the good will agreement, the Governor said, would be to help educate the people toward the fair employment practice idea, and though it would lack legal authority, it would "have the powers of publicity."
