Crosswaith Blasts 3rd Party Red Ties, Lauds Pres. Truman

BY FRANK R. CROSSWAITH
Chr. Negro Labor Committee

The Communist Party's claim of responsibility for launching the Third Party movement headed by Mr. Wallace, is no surprise to Americans who have followed political events closely.

Evidently, the Communists believe that the Third Party and Mr. Wallace are so firmly under their control, and that the innocents who still follow Mr. Wallace, despite the docility and obedience with which he takes orders from the Communists, are so very naive, that their bold assertion of responsibility for the Third Party movement can do their candidate no harm.

Even if the Communist leaders had not boastfully proclaimed their responsibility for playing the tune to which the Third Party dances, we would still know that Mr. Wallace and his Third Party are the creation of the Communists.

QUILL ATTACK
Michael Quill, leader of the Tarnspoor Workers Union, who was elected head of the New York City CIO Council by Communist votes, because they thought he was safely in their camp, has had the courage to break with them.

He has revealed that the Communists decided on a Third Party Movement, and then called in their fellow travellers and stooges in the labor movement, and gave them orders to support the Third Party and Mr. Wallace.

Brother Quill, with his credit, put his loyalty to the CIO which, like the A. F. of L., has denounced the Third Party movement, above his friendship for the Communists, and revealed the way in which they tried to bully their fellow travellers and dupes in the ranks of organized labor into following into their line.

President Truman has acted in every respect to serve the interest of the American workers. In a vigorous effort to save for organized labor those rights which it had won under the Wagner Labor Relations Act, he vetoed the Taft-Hartley Bill, and the case Bill.

INFLATION
In an attempt to protect the buying power of workers' wages, the President urged Congress to give the government power to curb inflation by allocating scarce raw materials and by imposing price controls wherever necessary.

He tried, by a veto, to prevent Republicans from passing a tax reduction bill which greatly favors the rich and is bound to cause further inflation, and he urged Congress to adopt an excess profits tax law to tap for the government the gigantic increase in profits which is currently pouring into the coffers of "our" great corporations.

He has urged an extension of the Social Security system to take in workers who are not now covered, and to provide cash benefits and medical, hospital, and surgical care for those who cannot work because they are sick, and also to increase the amount of benefits in keeping with the increased cost of living. But the Republicans have oppos-

ed every such effort. Instead they passed a law to take about one-half million workers, mostly salesmen, out of the list of social security beneficiaries.

SOCIAL LEGISLATION

President Truman has also recommended legislation to extend the Tennessee Valley Authority system of publicly owned power plants to other river valleys, and thus provide more cheap electric light and power for the common people in the rural areas of our country.

He has urged greater protection of our civil rights by a federal Fair Employment Practice law, by abolishing of the poll tax as a requirement for voting in federal elections, and by anti-lynching law; these are measures favored by both the A. F. of L. and CIO.

But again the Republicans have blocked every attempt of Mr. Truman to provide civil rights and thus remove from our national life, the evils of lynching, segregation, etc. Truman has urged legislation for federal aid to housing. The Senate passed such a law, but the Republicans in the House of Representatives have buried it because they are more interested in profits for landlords than in more and decent houses for veterans, and the millions of Americans of low income. He has urged raising the legal minimum wage, but again the Republican majority in Congress has blocked adoption of this reasonable proposal.

Bulletin Is Issued For Negro Farmers

Twelve pages of answers to the problems of Negro dairymen are to be found in a new bulletin, "Dairy Practices for the Negro Farmer," which has just been issued by the State College Extension Service.

The publication was prepared by R. L. Wynn, Negro Extension dairy specialist, who declares in the introduction that "Negro farmers in North Carolina are becoming more and more conscious of their dairy cattle deficiency. In a number of counties they have already begun locating, appraising, and buying dairy cattle as a basis for getting family cows or to supplement the small commercial herds that are already on a few of their farms."

Purpose of the bulletin, according to the authors, is to provide a guide to better practices in the production, handling and use of quality milk. Subjects covered include selecting a good cow, providing feed for the dairy or family cow, management of dairy cattle, handling the milk, and butter making. Copies of the publication are available free and may be obtained by writing the Agricultural Editor, State College Station, Raleigh, and asking for Extension Circular No. 317.

With fewer animals on farms and consumer demand very strong, prices of most livestock products are at or near record levels.

MAN DEDICATES POEM TO PASTOR

This poem is dedicated to the former pastor of Star of Zion M. B. Church. He was for many years pastor of this church and also the moderator of the New Bern Eastern Baptist Association. He served these two organizations well until he was forced to resign on the account of failing health.

DEDICATED TO OUR FORMER PASTOR
REV. A. H. DUDLEY

By L. D. WOODS
A pastor to us you have surely been
A strong fighter for the destruction of hell and sin.
We honor your works that you gave us today,
For indeed you tried hard to show us the way.

"Save, Save" you sang until it touched us,
Yes united we will fight until Satan gets enough.
You were our pastor, upon you we believed
And we know our burden of sin is relieved.

Stay strong in the Lord, who shields in storms
When things go wrong remember the 23rd Psalm;
Not only a Shepherd, but God is surely a refuge
Hold fast to his hand, He blesses and never refuses.

We love you dear Pastor with a love that stands,
We, your followers pray for you throughout the land.
May God bless you, keep you and see you through
His Grace we know is imbedded in you.

When work on earth closes before your eyes,
May God's love, God's grace be your guide;
These things we know can enter Heaven's Gate,
God's love, God's Grace and never Hate.

NY Congressman Seeks State Dept. Probe Into Bia Among Diplomats

WASHINGTON (ANP) — The state department was asked last week to investigate the charges that some of its foreign diplomats have "racial and religious prejudices" by Rep. Arthur G. Klein (D., N. Y.).

Rep. Klein referred in particular to statements attributed to John Bernard Faust, U. S. consul at Beirut, Lebanon, who spoke for America in obtaining the release of 41 American taken by Arabs from the U. S. Ship Marine Corp.

According to Klein, Americans returned to this country were reported to have told newspapers that "Faust made strong anti-Semitic and anti-Negro statements." He said that all state department officials abroad should be investigated.

Harlowe News Notes

BY ARDIE NOLAN

Craven Corner Church of North Harlowe has played a wonderful part in recent years toward the development of the surrounding community in various fields, education, industries, social activities and others.

The Sunday School of Craven Corner is making the most rapid progress that has been recorded. Seemingly the people have now awakened and are beginning to realize that there is a God and that one God to serve.

By being booked so far in advance, we were not able to get the Gospel Singers of Cove City to tender the program Sunday night, but fortunately the small children of the community rendered a play called the Twelve Tribes.

Officers of our Sunday School and other workers in the church are planning to add some new auxiliaries Sunday.

The pastor, the Rev. W. O. Moore, returned to Shaw University Monday to take his final examination for the B. T. H. degree.
