

SOUTH AFRICA GETS JIM CROW RAILROAD CARS
 CAPE TOWN, South Africa (ANP) — Jimcrow railroad cars were introduced here successfully Aug. 16. It was reported this week. Cape Town's suburban railroads have installed cars for Europeans only.
 This segregation, which applies

Walter White Heads For Paris To Attend UN General Session

In response to an invitation from Chester S. Williams, Public Liaison Officer of the United States Mission to the United Nations, Walter White, Secretary of the NAACP, will go to Paris in September as one of 25 or 30 representatives of organizations who will consult with U. S. delegates on several matters including the all-important Human Rights Commission.
 The NAACP Committee on Administration which functions in between Board meetings, voted at its last meeting to send Mr. White as the Association's representative.

More than 25 American organizations including the Foreign Policy Association, General Federation of Women's Club, American Jewish Committee, Federal Council of Churches of Christ in America National Conference of Christians and Jews, YMCA, Labor League for Human Rights, National Council of Jewish Women and YWCA, will have representatives in Paris.
 The NAACP was included in such a group of organizations in 1945 when the United Nations was organized in San Francisco. Mr. White expects to leave about the middle of September.

to first class passengers only, has been working smoothly, it is reported.

Vocational Teachers Hold Meet At Tuskegee

Tuskegee, Ala. (ANP) Holding its annual meeting at Tuskegee institute last week, the National Vocational Teachers' association denounced the unequal salary scales paid Negro and white teachers for equal work in the south.

At the same time these teachers pointed out that although many of the southern states officially have equal pay scales, they manage to pay the whites more through a supplement pay system.

A local government unit will pay additional wages to the teachers. These supplements, however, usually do not go to Negroes. Tennessee seems to be the worst offender in the use of

Road Crash Causes Buddy Johnson To Miss Engagement

KIMBALL, W. Va. — A record-breaking crowd of more than three thousand persons, who turned out for a one-night dance engagement of Buddy Johnson and his orchestra at the local Armory, were given rancid cheeks when the bus carrying the Johnson crew met with a highway accident, causing the youthful maestro to miss his first date in more than six years of touring with his own band.

According to road manager Bernard Archer, the accident occurred during a driving rainstorm when a large truck skidded into the side of the Johnson band's bus, badly damaging the bus and shaking up several members of the orchestra, although none sustained injuries.

Forced to miss the one-night in Kimball the Johnson band continued its tour in a vehicle that was dispatched from Charleston while its own bus underwent major repairs.

this system.
 S. C. Anderson of Pender county, N. C., was praised for his work in securing better housing for Negroes. He also set up credit units which enabled the colored people to finance better housing.
 In analyzing social problems in Negro communities in the north, the teachers said that these problems had their roots in the south. Such things as poverty, poor health, and lack of educational facilities caused the social lag of colored communities in the north, they concluded.

Guest speaker at the meeting was B. T. Dilworth, Alabama state supervisor for vocational education of both Negro and white children. He told the group that poverty is the main problem facing southern Negro families.

The National Vocational Teachers' association met at Tuskegee in connection with the annual convention of the New Farmers of America, an organization of about 26,000 southern Negroes of high school age.

ONCE SENTENCED TO DEATH, FORMER GI GETS 18 YEARS

New York — A sentence of 30 years' imprisonment against General Prisoner Luster Wright, a former serviceman from Cleveland, Ohio, has been reduced to 18, according to information sent to the NAACP by the Department of the Army. This case was first called to the attention of the NAACP by the parents of Pvt. Wright in April, 1945. Wright had been given a sentence of death for allegedly having attacked two German women. As a result of the NAACP's action in the matter, the death sentence was set aside, was subsequently reduced to 30 years and has again been reduced to 18 years imprisonment.

Asks Lifting Of Australian Ban

CANBERRA, Australia (ANP) — Bishop G. H. Cranswick of the Anglican church this week asked that Australia lift its racial bans on immigration and admit quotas of colored peoples.
 The "white Australia" policy, he said, creates antagonism and should be changed or restated. Bishop Cranswick is chairman of the Australian board of missions.

Except for the 1944 crop, Irish potatoes have been in heavy supply every year since the price support program became effective.

LIBERIAN PRESIDENT PLANNING MARRIAGE

Monrovia, Liberia (ANP) — President William V. S. Tubman of Liberia announced last week in an official communique that he was going to be married Sept. 1 to Miss Antoinette Padmore. They will be married in Monrovia.
 The bride-to-be is the granddaughter of Arthur Barclay, former president of Liberia, and also the late Gen. S. Padmore, former secretary of war.
 President Tubman became a widower when his wife died July 14, 1944.

RULES ON ENTRIES TO VET HOSPITALS ARE LISTED BY V. A.

Three simple rules govern admission of patients to Veterans Administration hospitals, VA pointed out this week.

Emergency cases, regardless of the cause of injury, get top priority admission to a VA hospital. Next on the priority list are veterans with service-connected ailments, VA said. That's where the injury of disease to be treated was caused by war service or made worse by it.

The third rule concerns veterans with non-service-connected disabilities. These veterans may be hospitalized if beds are available and they affirm they cannot afford to pay for treatment elsewhere, VA explained.
