lina, School. He later joined the 52nd Antiaircraft Battalion on Maluro Island in October, 1944. Upon successful completion of the Pre-Basic School course, Second Lieutenant Rudder will attend the Basic Marine Corps School at Quantico, Va.

Four other Negro officers presently hold commissions in the Marine Corps Reserve. A fifth Reserve officer resigned his commission in November, 1947, to accept an appointment in the U. S. Public Health Service. The four now holding Reserve commissions are:

Second Lieutenant Frederick C. Branch, USMCR, 2518 North Twenty-second Street, Philadelphia, Pa., who was commissioned on November 10, 1945.

Second Lieutenant Herbert L. Brewer, USMCR, of Seneca 3, West Lafayette, Indiana, who was commissioned on June 5, 1946.

Second Lieutenant Judge B. Davis, USMCR, 733 Girard Street, Northwest, Washington, D. C., who was commissioned on June 5, 1946.

Second Lieutenant William K. Jenkins, USMCR, 53 Geneva St., Elizabeth, New Jersey, who was commissioned on June 4, 1948.

met here in Michigan were described as very unsanitary by Dr. R. L. Laffin, health officer of Bay County.

He said that the Negroes were herded into the trucks living on straw with no lights, water or sanitary facilities. They cooked their food in pots and pans brought from Georgia.

Men, boys and the women were assigned to three farm camps in Bay Co. including a pig barn. On the road to Michigan the 2 doors to each van were locked from the outside, and two peepholes provided the only fresh air.

In the meantime nobody seems to agree on how much Thompson is being paid for the colored workers. Welfare Director Grover G. Stine of Saginaw county said he learned that Thompson was paid \$35 for each person delivered, Thompson said nothing.

Thompson's contract was with the Bayview Food products company of Linwood in Bay county. The Bayview company in turn is supposed to supply the workers to the farmers in the harvest of pickle cucumbers.

F. J. Janicke of the Bayview firm said that all information should come from Thompson.

The Negroes in the meantime, learning that they could make only \$4 a day, are resting for the time being. They take to the jails or the welfare agencies for food.

They came up on the strength of handbills passed out by the Georgia employment service promising them the \$6 to \$12 a day in Michigan.

SCOUT WINS

The Scouts, returning home from football practice, came upon the blazing dwelling. Finding the front door locked they broke a window, Scouts Jackson and Stapleton entered the house and passed two children through the window to the other Scouts.

Heavy smoke forced the two Scouts to leave after they tried to force the locked door of a room where they thought they might be other children. They tried again a few minutes later and forced the door open but the smoke and heat halted them.

Then crawling on the floor they saw the legs of a crib when they heard the cries of other children. Enter Smoke-filled Rooms.

Jackson felt around in the smoke and grabbed one child by an arm and another by a leg and ran with them out of the house. They still heard another cry. Stapleton entered the smoke-filled room, found his way to the crib and came out with the fifth child, an infant. Then to make certain, all four Scouts crawled into the room again felt everywhere but found no one else.

Scout Jackson averaged Grade "A" in his senior year at Douglas High School, Columbia, Mo. this year. He was president of the Youth Group of the Baptist Church he attends regularly and is a member of its choir. He was secretary of the Church Youth Conference held in Kansas.

not hurt him, and despite the presence of two police officers, the 66-year old minister said that Black beat him about the arms and head with the club and another of the men stabbed him in his thigh.

The elderly clergyman said that he had managed to break out of the ring of his attackers and run down the street toward his home which was less than two blocks away.

Before reaching his home, however, the elderly preacher fell to the street where he was set upon again by one of the men who was carrying a curved knife of the sort used for cutting linoleum.

This man slashed him across the stomach and was threatening to cut his throat when an unidentified person came up and told his assailants to stop before they killed him.

The Rev. Mr. Ware said that he had not reported the attack sooner because he had been in the Memorial Hospital undergoing treatment for his wounds which had required 25 stitches to close.

NAACP officials to whom the incident was reported, have reported it to the FBI and are seeking to have criminal charges preferred against the assailants at the state and local level.

The Rev. Mr. Ware said that when he returned home last Thursday following his release from the hospital and a rest with

It was reliably reported that the funds were not used for any type of school activity, and as a result an SBI investigation of Superintendent Allen's bank account is now underway.

The Superintendent who could not be reached for comment, was said to be ill by members of his family. This was confirmed by Dr. C. H. Poete, the Allen family physician.

No indictment has yet been issued in the case.
