Colored Orphanage." Hamme said, "The generous spirit of North Carolina citizens has been a Godsend to us in meeting our obligation to the 125 children here. The constantly rising cost of food clothing and other necessities has increased our problems, but the need for housing is our biggest concern at this time. He stated that contributions from churches, lodges and other organizations and individuals should be forwarded at once to Colored Orphanage, Oxford, N. C.

Wish To Write Dear Lord, out of the vastness of life and the noise of the day, we turn unto Thee,

unto Thy silence and wisdom and peace. We deeply need Thy insiAit, calmness and control and above all, we need the patient

leading of Thy kindly care. Some of us have wandered, and need to be led back to Thee. Some are confused, and need Thy clearer light. Some are sick, and need Thy healing. All of us, dear Lord, are weary and heavy ladened and need the refershment of Thy Peace Enfold us within Thy life Unite us unto the love of Thy Name. Life us into Thy power and release within us the sense ofthe calmness of the love of God. Through Christ our Lord.

We have prayers written by one of our authors. Select prayers for whateven seem dark in your life today. God will move that cloudy gloom; bring joy in that home, bring love one together, heal that one. God will give you that job, will give you any blessing you need. If you are friendless, he will make friends, if you are a prisoner, God will help you. If you are homeless, he will take you in. Shall society befriend you by the way of prayer? You wouldn't stand for that sort of thing on a football field - but it happens every day in the electric light and power business. Government not only regulates the electric companies -- but is in competition with them at the same time!

The catch is that government sets up two different sets of rules. Government electric agencies pay little or no interest on borrowed money, and pay no Federal taxesbut electric companies do, and expect to. When government-in-the-power-business can't make ends meet-it gets a handont of tax money from the U.S. Treasury, Who foots the bill? American taxpayers -of which you are one.

If government can get into the light and power business this way - it can get into every other business in just exactly the

In sixty-odd years, the self-supporting electric companies have built for America the most and the best electric service in the world. While costs of everything else are way up (including the costs of making and delivering electricity) electric service is still the best bargain in the American family's budget ... it does so much, and costs so little.

This is a good record for the thousands of people who work in power companies. and for the nullions of people who invest savings in them.

Don't von think these men and women deserve a fair break?
