AS TIME MARCHES ON

number of our children has no Pediatricians... 56 out of every 1,000 babies born alive die during their first year... There is one Pediatrician for 10,000 babies of our group... In one Miss. county with 5000, there are no hospitals at all and only one doctor, age 81 (if he's still there at this writing). Even in Wash., D. C. which boasts the best of everything the mortality rate is 433 because our babies do not receive their share of good medical attention.

Nashville's Dr. Perry Crump is coming up for examination. Ten years ago only three or four residencies in pediatrics were available to Negro doctors, but since the war there has been a significant increase in the number of opportunities to open to them. **YOUR HEALTH AND YOUR LIVING CONDITIONS**

It is an acknowledged fact now that the circumstances under which an individual lives has a great deal to do with his physical well being. Families who live cramped up four and five to a room are always physically and psychologically more mentally depressed than those who have a minimum of living freedom. Persons who have at least a bedroom to themselves keep the best physical balance.

many of your own live now with the dangers of contagion and infection increased by their numbers and lack of facilities is appalling from the share-croppers' cabin to the stuffy apartments. These conditions will not and cannot be remedied by individuals alone but by the constant hammering of every group at these **CLOSED DOORS**... Next week the Ghettos of your neighborhood.

OUT OF THE DARK NIGHT In the chill of a November night mid blinding rain and to all sound save the steady drone of the Ships That Pass in the Night this prayer was born.

WE THANK THEE We thank Thee for this haven we call home—far from the war-torn corners of the earth; for the privilege of speech and thought; for freedom from fear and want, and the right to barter, sell and share in the markets of man. For the newly opened Doors to avenues of doing, for the richness of the earth we inherit, for the shape it will but take it and share it. In cities, for the right to hearts and home; and the love and honor of friends around. For the humble nook we buy by days to rest our weary heads and lay our garments by. For the daily bread we struggle to buy from day to day. Yes, for that we Thank Thee—

For the right to toil as men and stand upright for Justice and Truth... For the clanging trolley, the rumbling subway, the rattling taxi and the blaring bright-light plums. For a bit of song and laughter mixed with the grief and sadness, the clear shiny streets and sunshine after the rain... Even for these: We Thank Thee.

As for the countryside, we thank Thee for the azure-hued sunset bursting over the knoll of a hilltop after a weary day, as it lavishly splashes its brilliant splendor across the mist-sprinkled sky, for the blossoming of the flowers in the glen—and the sweet-scented honeysuckle bordering the roadside in spring. For the love of a lass, a home and a job to do.

For autumn's awe-inspiring panorama of color and the tantalizing melancholia which follows the sight of Nature's limitless cascade of riotous colors. Then, for the wondrous transformation of her hideous nakedness into winter's fleecy wonderland of flecks and shadows... majestic and still from dusk to dawn. Again for the glorious reassurance of eternal life as Spring comes with its promise. And reaching the surroundings of our habitats with its verdant green, dips the demure violet in its deep purple sheens the blush into the virgin rose-buds and fills the waiting Earth with pregnant fertility for crops to sate the hunger of men... And shuns the chill

winds of winds back to the never-land from whence they came. For this, and the revelation of life thru Mothers, Father, we worship Thee.

THESE THY PEOPLE

A Frank Merriwell fluke ending gave West Virginia State College Yellow Jackets a 7-2 victory over the North Carolina College Eagles. A looping 37-yard pass from Al Graves to Oliver Ellis in the last minute of the game at O'Kelly Field, Durham, N. C. clinched the tilt. Graves kicked from placement for the extra point. The Eagles scored in the last four minutes of the game when Bill Middleton blocked a kick by Graves in the end zone for a safety, 2 points. West Virginia State defeated the Virginia State aggregation at THE CAPITAL CLASSIC in D. C. last week 18-2.

The Eagles made a strong goal-ward drive in the final quarter beginning when Ellis of W. V. kicked to his own 30 yard line. A pass from Thomas Allen to Jon Hunter brought the oval to the 25. Carl Galbreath picked up a first

down on the next play. This drive, on the one, eight plays later when Jones failed to score. However, the Eagles tasted victory for about three minutes when Graves' kick was blocked and recovered in the end zone. A few minutes later Butler Taylor of N. C. was stopped on the W. V. 45 on a fourth and, Graves promptly hurled the spiral 57 yards into the waiting arms of Ellis who stepped into pay-dirt and victory.

As time points next week's honoring a man who made a dream come true.

"LORD, let me thank Thee for the rains, And for the sunshine and the dew. For the grass that carpets hills and plains. For flowers that make glad the view. For snow that hides the naked trees. For all that in completeness blends: They have brought comfort, all of these— These, and my company of FRIEND.
