As quiet as it is being kept at the moment, you can nevertheless expect a full scale drive to have the 81st congress adopt the American Legion's cooperative housing plan (100 per cent federal subsidy for vets homes). We are for it, stranger, lock stock and the works.

Public Works: The President will want great expansion in the field, including power development, land conservation, and so on. Congress will give him part but not all of what he asks. Other budget requirements, such as national defense, will have a strong bearing on the final results.

NUL To Aim '49 Job Campaign At Rural Schools

The National Urban League announces its 17th Vocational Opportunity Campaign, March 13-20, 1949. As before, the campaign will be under the joint leadership of Ann Tansyhill, director of Vocational Guidance, National Urban League, and George Edwards of the Southern Division of the National Urban League.

This year a special effort is being made to carry the campaign to hundreds of small, non-accredited Negro schools in rural communities of the South that have never taken part in the campaign. It is expected that this drive will reach the approximately 200,000 young people in Negro schools and colleges alone, who were reached during the 1948 campaign. In launching the 1949 campaign, Miss Tansyhill stated, "we emphasize the need for centering attention on realistic vocational education of Negro youth in order that the coming generations of young workers can hold the wartime employment gains made during the years 1941-1945, and at the same time continue occupational advancement."

With their knowledge of employment trends Urban Leagues direct young people into those growing fields of work where their skills may best be used in addition to the usual professional occupations such as medicine, law, teaching and the sciences, good clerical workers in the white-collar field are still in demand.

"College-trained secretaries, who are able," Miss Tansyhill said, "to assume the responsibilities of ad-

The conference was attended by representatives from the following states: Alabama, Arkansas, Georgia, Mississippi, Louisiana, Texas, Florida, South Carolina, Kentucky, Virginia, Tennessee and North Carolina.

The Empty Stocking Fund, sponsored by the Women's Civic Club is asking every citizen and friend not to forget the poor and needy children. Every year at Christmas time this organization, through the donations of club and friends makes it possible for every child in the city to receive something at Christmas to help make their lives happy. Your cooperation in making this worthy project a success will be appreciated. Send all donations to Miss Susie Faucett, 209 South James Street, Goldsboro, N. C. **Funeral No Time For Big Display**

This may be one man's opinion but I believe that many of the Negro ministers and laymen will agree with me that Sunday funerals among us have become obnoxious. So much glories and pageantry have been tied into them that nearly all of the importance of preparing to meet thy God, O Israel has been over shadowed by parade to meet your undertaker. Oh, unsaved man.

For more than 20 years, I have been conducting funeral services and in many of them I was so disgusted that if I could have evaporated, I would have done so. Solos, telegrams, condolence cards and papers from many, many folk who never said or did a good deed for the deceased while he or she lived are sent to the funeral. Here, in Goldsboro I have known persons to die on Monday or Tuesday and not buried until the following Sunday, just for the sake of a big Sunday display.

Many a person sick has lain day and night with the sympathy of relatives and friends and died. Then, here comes the same crowd with long faces, covered with veils and men with their hats on, faking sorrow. And only a few hours before, cursed and drank themselves into a frenzy over that diving frame.

Having had the experience with my race in this respect, I know that there is too much hypocrisy in the funerals of our dead. I am hereby appealing to the pastors and undertakers to help educate our folk away from the false idea of carrying condolence cards and telegrams to churches or wherever funerals are conducted. They are addressed to the bereaved family and not the congregation. No undertaker should encourage a family to keep a body out of the ground just for the sake of a Big Sunday Display.

Signed, Rev. G. W. Todd.
Little Theatre Donates To Home
At the meeting of the Little Theatre Inc. at Thornton's Casino on Friday, December 3, the group voted to go on record as holding up a project to help improve the conditions and some of the needs of the Old Folks Home which is located in the Little Washington section of the city.

This home has been directed or supervised by Deacon and Mrs. J. B. Cooke, 624 Holt Street, who have now just their 70's and are getting very feeble themselves. Mrs. Cooke has been unable to walk now for the past two years. After hearing the report of the investigation coming from the chairman of the committee, Mrs. G. S. Conroy, the group readily voted to donate \$50.00 in cash

and instructed the committee to begin purchasing some of the things which are needed much at the home. Mr. Cooke, states that a cook stove, bed linens, and enamel dishes, knives and forks are some of the things that are most needed at the home.

As president of the Little Theatre Inc. I am making this appeal to all the civic clubs in the city to please take this worthy cause under consideration and see just what you can do in the way of a donation toward helping make this home for OLD FOLK a clean and decent place to live.

SWIMMING POOL SITE OFFERED
E. A. Thornton, a member of the Bryant-Best Post No. 215 American Legion Swimming Pool committee, wishes to announce that Bishop G. J. Branch, one of Goldsboro's oldest and leading ministers has offered a plot of ground as a site if accepted by the Swimming Pool Committee to build the Negro swimming pool. The plot of ground or site which Bishop Branch is offering is located between East Elm Street and Wayne Avenue. After studying the matter over for three days and nights, Bishop Branch stated, "I am growing old in years and my paramount interest is in the religious side of the world. You, Mr. Thornton are interested in the recreation side of the people, and too, knowing the great need of a swimming pool in Goldsboro for our Negro boys and girls in Goldsboro and Wayne County, I will gladly donate this site or plot of ground and deed it to the city of Goldsboro free of charge if accepted for the purpose of building a swimming pool in the city of Goldsboro for Negroes."

The plot of ground is about an acre in size and valued between \$800 and \$1000. The decision came about after the meeting of the steering committee, which, and the American Legion Committee, consisting of E. A. Thornton, E. M. Hargrove, and G. E. Wilson, chairman, on Wednesday night, December 1, at the Memorial Community building, while, where it was decided to petition the city of Goldsboro on December 20, for a \$150,000 Bond Issue to build two swimming pools, one for the white and one for Negroes. The project is being headed by one of the leading clubs (white) of the city.

On December 20, every voting citizen, white and colored, is asked to assemble at the City Hall, at 8 p. m. with your presence to back up the petition which will be asked of the City fathers to issue a bond of \$150,000 for the project.

Notice to Wednesday morning Democrats: Don't go knocking on the White House door, folks. Dawson will do the talking, and he knows where you stood (as regards to Truman, that is).

Five will get you your own odds that at least two more Negro ball players will make the big league show next year.
