Is It True What They Say About Dixie???

CHICAGO - Accoding to Ebony Magazine, more Negro workingmen are employed in higher paying jobs today than ever before - and that includes the wartime boom.

While the magazine lists a 500.-600 drop in Dixie population, it points out the fact that there are more colored men and women working on skilled jobs now than ever before.

Louisville, Ky, led the list of high-paying jobs with some Negro foremen in industrial plants making upward to \$100
