RICHMOND, VA. JUDGE BARS SHOPLIFTERS FROM MAJOR STORES

RICHMOND, Va. (AP)— Frequent and widespread cases of shoplifting, a venture which now assumes the characteristics of a business, is under investigation here following the disposal of five such cases in Hustings Court last week by Judge John L. Ingram.

The women defendants were ordered by the judge to stay out of downtown Broad Street stores for the next three years. That is the moratorium hanging over the shoplifting business which appears to have been developing in the city for several years.

The white woman, Eva Martin, who has been sentenced to jail for 30 days and fined \$50 and costs, was charged with stealing merchandise valued at \$10 in a department store. Imposition of sentence was suspended and she was ordered to stay out of all Broad Street stores.

The other four women, all colored, were convicted on two charges each, but imposition of the sentence was suspended in each of the eight cases on condition that the defendant stay out of all Broad Street stores west of Eighth Street.

The defendants were Geraldine Harris, 23, Mildred Jefferson, 22, Dorothy Morton, 21, and Evelyn Johnson, 22.

The four women were charged with stealing two men's hats from one store and merchandise valued at \$12 in another store. The case had been appealed from police court where each defendant was sentenced to jail for a total of five months and fined \$45 and costs.

Thomas Bailey is the man to see for getting news in the CAROLINIAN. Mr. Bailey is a newspaper man as you know. He will be glad to put pictures of all kinds in for you. So when you see him just think about the news you want in the paper. It's so easy now. You may leave news at the following address: Sutton Bros. News Stand, Veterans News—Dial 3998.

Remember, deadline for news is Thursday of each week—get your news in at once. Mr. Bailey lives on E. North St. in Kinston or you may contact William R. Burney.

IF YOU ARE a tradesman, or a skilled or unskilled laborer who works with his hands — if you call yourself a "worker" — you must indeed be thankful that you live in America. Not that you should be any more or less thankful, being a doctor, lawyer, teacher, or whatever you are. But somebody has called this nation a "workers' Republic," and I consider that phrase a good way to describe what we enjoy in this land of plenty.

Indeed there is no other country, whether socialist, partly socialized, or even communistic, that has given its workers more. A capitalistic America has enabled even "common" laborers to live like kings were accustomed to live not many years ago. We produce and enjoy the fruits of production. We must never forget that this has come about because the American way of life makes it possible.

Freedom WE HAVE immediate needs, too. Our people could use improved homes in which to live. Millions of farm homes need electricity and running water. We need more automobiles, and our capacity for them seems never to diminish. More advanced calls for more. Friend, let me say that I know of no system that will bring these things to us — except that American way of initiative and enterprise.

In this workers' America, there are other things of great importance. As a worker, you are not told what you may do, or how to do it. You are not the mere chattel of some state bureau. You can choose your job and your career, and so can your son. You can make your own decisions. Whether you work for an employer or decide to work for yourself, you have a right to serve the world your own way. These things are important to you, and you are important to your nation.

No other land can show the progress America has made. Nowhere else is there such a high standard of living — that applies to everybody. Progress has flourished here as nowhere else. Why? We have been free to exercise ingenuity, incentive, competition, and thrift. We have been free to invest savings in more and better tools. We have not been subject to tyranny or despotism from government. What political dictatorship can match this achievement?

Possibly there are shortcomings in the American method. But judging from the achievements of the past, and viewing the possibilities ahead, I can think of nothing more foolish than to discard any part of our American way. We can have a future as glorious as our past. We have new worlds of atomic energy, jet

Dry Those Tears

Bewildered and tearful, this youngster is comforted by a Red Cross volunteer while food, clothing, and shelter are arranged for her mother at Red Cross disaster relief headquarters.

DOVER DOINGS

The Second Sunday was the regular pastoral day with the members and friends of St. Peter's F. W. B. Church. The pastor, The Rev. Mr. Lynch of Kinston, was in charge of the services.

At the morning services, The Rev. Mr. Lynch chose for a text, "Who ever drinketh of this water that I shall give you shall never thirst." Subject: "The Living Water." He brought to us a powerful sermon, and the choir was at its best. Truly the spirit was there.

The Rev. Mr. Guener of Pink Hill delivered the evening message. His text was taken from St. Matt. 20th Chapter 6th to 8th verses. Subject: "Let us work until our days are done."

The choir of St. John Church of Christ accompanied by The Rev. J. R. Harper of Kinston, rendered services at St. James Church of Christ Vanceboro, last week.

The meeting was fine both spiritually and financially.

The Rev. E. F. Johnson is confined to the hospital in Baltimore, Md. The last report is that he is doing fine. The family and friends ask for your prayers for The Rev. Johnson that he may be helped and soon be back with us again.

Mrs. Jamie Johnson, and Eddie F. Jr., wife and son of the Rev. E. F. Johnson, left for Baltimore, Md. Friday to visit at the bedside of The Rev. Mr. Johnson. He recently underwent two operations and his condition is reported as being improved.

To his many friends who would care to write to him may send their cards or letters to the following address: 1824 Wes Lanvale Street, Baltimore 17, Md.

Regular monthly meeting services were held last Sunday at St. John Church of Christ with their pastor, The Rev. D. C. Artist of Wilson, in charge, and the church choir providing the music.

HASTIE TO NAME V. I. FARM AGENT

WASHINGTON — Gov. William H. Hastie of the Virgin Islands announced this week that he is planning to appoint an agriculturist to initiate a farm extension program in the island territory.

The governor says that the duties of the agriculturist will include extension work with farmers, investigational work with field crops, soil and water conservation, supervision of homestead projects, and supervision in the operation and maintenance of tractors and other farm equipment.

It is expected that an experienced colored county agent from one of the Southern States will be appointed to the newly created post. State Extension directors have been asked to make recommendations.

Although the other U. S. territories, Alaska, Hawaii, and Puerto Rico, have had an agricultural extension program for some time, Hastie is the first governor of the Virgin Islands to succeed in getting funds for such a program. There are nearly a thousand farm operators in the islands. They farm 450,000 acres.

POET'S CORNER

"BABYLON IS NOT DEAD" (By John Henrik Clarke for ANP) No! Babylon is not dead. I saw Babylon yesterday.

In the grinning face of a red-cap In Pennsylvania Station And later in the movements Of a dark girl's body, in a cabaret.

And only last night, I saw Babylon preaching against race hatred From a step-ladder, on Lenox Avenue. No, Babylon is not dead; I heard Babylon when a dark girl sang.

"I'm so glad my troubles won't last — always." Babylon is in the oppressed race Rising from under the yoke of oppression.

Perhaps Babylon did sleep for a while. But Babylon never died — This is the day of Babylon's awakening.
