they give you. Regardless of what you are doing, where you happen to be, take enough time to show that you are a man and a citizen of the city - register and vote.

Think of the unfortunate people of a sister state that must answer 10 or more questions before they can get their names on the books. And others who must pay poll taxes before they can exercise that right.

Here in North Carolina and the city, no such restrictions exist. Yet we don't care to take time out to take advantage of that God given right.

On unimproved streets where the two races live and are poised to tear down just the old ways and build new to the Negroes' homes.

You have been told time after time that the only way you can get out of this city is to get out of this city. You are told that the only way you can get out of this city is to get out of this city.

The people of the city have a two fold job in this election. First to get our people to take time out to register and second to get those same people back to the polling places to cast their votes.

Let them not even count. Stupid people vote. The white people are going to get things like they want to any way.

That is exactly the way the politicians want you to talk. They want you to become discouraged so that you will stay home and let them run things. They want you to be happy with the little things that

Now is the time to register the names of each candidate as he announces his candidacy. Next is the time to watch for this trick and whiskey parties.

Now is the time to register the evidence of each ward leader as he tries to sell his candidate to you. He has been paid to get your vote in the past. Some of these parties have not worked since the first election. They have nice homes and fine cars. Where does the money come from? He is paid to sell the Negro down the river. These men must go.

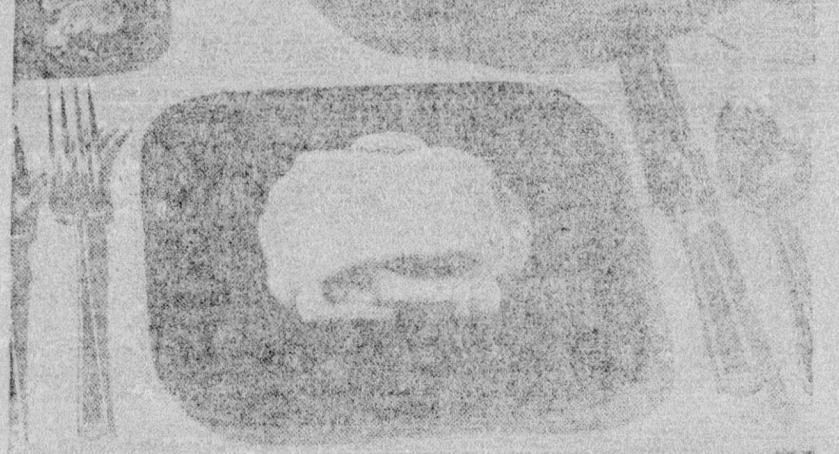

Our "political" leaders are not worth anything. They are just a good. They have not kept ahead of the time. They are on mischief. They have forgotten that "Dixie Tom" died years ago, and as for us the race is concerned "Uncle Tom" and all of his descendants may remain dead.

We have tried to warn all ward leaders about accepting money from any candidate. If this practice continues during the coming election, I shall secure their names and the amount of money they receive from each one and place his name in the column.

Make Spanish sandwiches for dinner tonight. Keep the recipe at hand for fast night fare, for even-see parties, and for the luncheon crowd you'll be pleased.

Spread the bread on one side and spread the unspread side of each slice with chili sauce. Top with onion rings. Mix the chili sauce with the onion sauce which has been sautéed in the butter or margarine. Spread two tablespoons of this mixture over each sandwich.

Cover with a slice of the cheese, cut in the size of the leaf. Place in a moderate oven, 350°, or under low broiler heat until the cheese melts.

FARM MANAGEMENT SCHOOLS ARE HELD For Neg. Negro farmers have shown unusual interest in a series of farm management schools held recently in a number of counties. Mrs. M. Williams, farm management specialist for the State College Extension Service.

The schools were given and held in the interest of Negro farmers and their families. They were held in the interest of Negro farmers and their families.

The approach was in a practical and all material was presented with the idea of benefiting the individual farmer and his neighbors. Farm planning and the outlook for 1949 were the subjects covered. Discussions were lively in almost all of the meetings.

Motiva pictures were used to present certain phases of the subject matter, and a humorous movie entitled "Bright Henry" provided many hearty laughs.

Williams says the schools have been held both to the Negro and the white farmer. The schools have been held both to the Negro and the white farmer.
