## PALMER HEAD WARNS OF CARELESSNESS

HOUSTON, Texas — "Abandon careless habits that will mark the Negro as a backward people. Exercise care in dress and manner. Get the right conception of the Christian religion — a conception marked by religious sincerity."

These were among the guidelines for effective living offered by Dr. Charlotte Hawkins Brown, president of Palmer Memorial Institute at Sedalia, North Carolina, in a stirring address which inaugurated the First Annual Women's Day observance at Texas State University, last week.

The educator, who spends much time lecturing and counseling in the Nation's leading colleges, called cultural failure a mark of slavery, and declared that academic education and vocational skill alone are not sufficient to break down the barriers which now stand between the Negro minority and full opportunity as Americans.

Texas State University women leaders of the Houston community led by Dean Ina A. Bolton and Mrs. R. O'Hara Lanier, wife of the TSU president, entertained for Dr. Brown at an all-women's banquet in the University cafeteria on Friday night, attended by nearly 200 women.

## ASK N. Y. CITY TO END BIAS SUPPORT FOR STUYVESANT TOWN

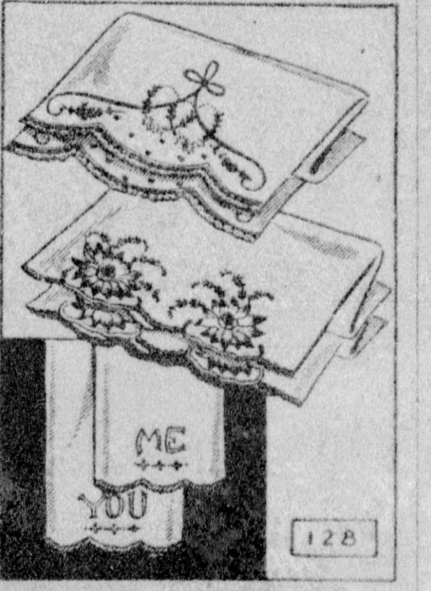

NEW YORK — An appeal to Mayor William O'Dwyer, calling upon the City of New York to cease its funding of racial discrimination in Stuyvesant Town, has been filed by Metropolitan Life Insurance Company housing project, was made this week by Walter White, secretary of the NAACP. Roger N. Baldwin, director of the American Civil Liberties Union, and David Paterson, executive director of the American Jewish Congress.

In a letter ending a brief submitted in the Appellate Division, in which the city defended Metropolitan's right to discriminate against Negroes, the officials of the three organizations sponsoring the case against Stuyvesant Town asserted that "any claim that it was a previous administration which originally approved the Stuyvesant Town project is no longer tenable in view of the fact that the present administration 'has placed itself squarely in support of actual, admitted discrimination.'"

## U.S. POLICY OPPOSED IN COLONIAL DISPUTE

NEW YORK — Unopposed opposition to the restoration of Italian administration in any form over the former Italian colonies in Africa is expressed in a statement on colonial policy released today by the National Association for the Advancement of Colored People in association with six other national organizations.

The statement proposes international trusteeship for the former Italian colonies and Southwest Africa and urges the United Nations to take "the necessary steps, including sanctions, to compel the Netherlands to begin negotiations based upon the recognition of the independence of the Indonesian Republic."

The joint declaration on colonial policy was drafted at a meeting of 19 national organizations held here on April 8. The statement has been approved by the governing bodies of the Jewish War Veterans of the USA, the Women's International League for Peace and Freedom, the National Negro Insurance Association, the Omega Psi Phi Fraternity, the National Council of Negro Women, and the Social Action Committee of the Colored Methodist Episcopal Church.
