Hair beauty secrets... by toni

The secret of beautiful hair is the simple trick of remembering to use a creme rinse after your shampoo and certainly after your home permanent. It lends a fascinating silky softness to hair, makes it far easier to manage, and helps eliminate scalp odors. If your hair is inclined to be dry or is baby fine, you'll discover that a creme rinse will give it body and new life! A teaspoonful added to a cup of water is all that is needed. Pour it over your head — wait a half minute — then rinse.
