## This Is Greensboro

By HOSEA BETLER

We are expecting a large crowd to witness the Fellowship Musical to be staged in Memorial Stadium on Tuesday evening at 7:30. Over the years this program has made it possible for our home talent to develop. It has also fostered cooperation among the singing groups here in the city. This is due to the fact that the program does not stage any contests, thereby preventing any antagonistic spirit from developing within the groups.

This year the program will open with more than three hundred voices singing "I Am So Glad Jesus Lifted Me." The group will be directed by Mrs. Wilhe Holt.

The Porter Cook Gospel Singers have been special guests of the program in previous years. This year the Gate City Vocalists will replace them as guest artists. Miss Vernera Neely will appear as the special home talent soloist.

A special offering will be taken for the Warnersville Helping Hand Club. This organization, under its president, Mrs. Zelmore Headen, has for many years extended a helping hand to those in our community who were in need of help. It is the purpose of this Fellowship Musical to aid clubs of this nature.

### CHURCH SERVICES

In a Sunday evening worship message, Rev. J. T. Hairston of the Shiloh Baptist Church, showed his congregation the vast difference between a soldier in the United States Army and one in the Army of Christ. Men are drafted into the Army, said Rev. Hairston, whether they want to go or not. But, God never drafts anyone to serve Him. It is entirely up to the individual to decide if he wants to work for Christ. Moreover, Rev. Hairston told his listeners that those physically unfit for military service are refused by the Army, when on the other hand no physical disability would keep one from serving in God's army. The congregation was urged to join the army of Christ.

Music was furnished by the Junior Choir under the direction of Mrs. Ruth Wade.

Four Wings of the church made reports for the building funds for the month of June. The grand total

was \$1,400.39.

### ON A BIRTHDAY

The introduction of Negroes into major league baseball has created a grave problem for Negro baseball.

The interest of Negro fans in professional baseball has increased, and their interest in Negro semipro baseball has gravely declined. As a result the gate receipts of the Negro clubs have decreased. Without sufficient capital a baseball club cannot survive.

As the Goshen Red Wings celebrate their 18th anniversary, they need to be cognizant of this fact. All Negro clubs have the challenge to rid themselves of excess baggage and "by-gones."

The reason is simple. Fans can stay at home and listen to major league games instead of going to see less than a reasonable facsimile of baseball.

If Negro baseball is to survive, the Red Wings must begin an intensive search for better ball players. I don't think that the Red Wings are on the right road. There is much to be done to improve the club.

So, on the 18th birthday of the Red Wings, I urge them to attempt to build a better team and give the baseball fans of the city a better game of ball.
