

THE FEMININE VIEWPOINT

By
MONTROSE WHITLEY

See, it's certainly hard to realize that the season of rebirth has made its official bow. Easter is just around the corner and the time is so short from now until the hot Easter days will come, but there are many important activities taking place before that time.

Now for a bit of news about our past events. The local chapter of the Winston-Salem Alumni sponsored a dance honoring the Southeastern District, March 18, 1950, at the Community Boys' Club. The semi-formal affair, one of the nicest of the season, was very well attended, some ladies wore short frocks, some wore long gowns, they all had a wonderful time.

The Delta Sorority presented its Annual Jabberwock at Williston High School on Friday, quite nice.

STORK VISITS

Mr. Evans is a local postal carrier. Mr. and Mrs. Walter "Pat" Smith have a new addition to their family as Lorenzo Benson, their second son made his entrance on Thursday. Mothers and babies are doing nicely.

BISHOP URGES MORE NEGRO CATHOLICS

Archbishop O'Boyle called atten-

tion to the fact that Pope Pius XII has the smile of divine favor, has not summoned missionaries of other nations to come to the United States for this work. The Archbishop said, "This is our own job. For anyone who sincerely wishes the blessing of God upon this beloved country of ours, I can think of no better way of invoking upon

"That means that out of every 100 Negroes, there are about three Catholics," he stated. "It is a disturbing and saddening figure."

The archbishop asserted "our Catholic doctrine of the Fatherhood of God finds its noblest complement in the brotherhood of man. That word 'brotherhood' is not an abstraction which anyone may twist to suit his wishes. It is a hard and indefeasible fact that God has made mankind one by nature, that He has ordained every man to the same destiny through the mission of One Lord and Mediator Jesus Christ."

In the Catholic unity of the Church, nothing could be more hostile to this divine religion than any dividing factor which would wall up men into exclusive temporal groups, racial, religious or otherwise tearing limb from limb the body of Christ," the prelate continued. "The church is designed by God as the framework of a society for all religious mankind. It is given to no man to force a divinely fashioned thing into the shape of something else which man prefer."

The religious vocation rally in St. Matthew's Cathedral, where Archbishop O'Boyle spoke, marked the opening of religious vocation week in the archdiocese. The purpose of the week is to focus attention on the religious life and the need for more volunteers for the priesthood, brotherhood and sisterhood of the church.
