

SHAW CO-ED RAPED BY WHITE MAN

Dr. Jones In 25th Year At Bennett

President and Mrs. David D. Jones, who completed 25 years of service at Bennett college in Greensboro, N. C., during the commencement season, are shown standing on the veranda of the school's new Student Union Building.

JIM-CROW IN THE CHURCHES TOO
WHEN LEADERSHIP tries to explain the reason for racial discrimination and segregation on the basis of race, creed, or color, they seldom blame the

... they blame it on prejudice of Negroes; avaricious and lustfulness of the Southern white man; and race hate that prevails solely on the basis of difference in pigmentation, as well as a burning hate that is engendered in many cases, when Negroes outstrip white folk on the same living standard.

WHEN NEGROES BUY NEW HOMES, new cars, and wear the finest of new clothes, they sometimes inspire as much hate and prejudice in whites as they do for being brown and black.

Even so, the basic racial problem is discrimination and segregation on the basis of color, period. The basic racial problem is the result of the un-Christian and corruptly political economic system of the white man, particularly the Dixiecrats, the Bilboists, the Ellenders, the Talmadges, the Rankins, the Eastlands, the Johnstons, and the Byrnes—all professional race-baters... and, Talmadge and Bilbo died of cancer — Talmadge, cancer of the stomach, for being so gullible; Bilbo, cancer of the mouth for being so mouthy.

THE BASIC SECURITY OF RACE HATE in the world may be blamed heavily to the hypocrisy of our churches. You can't name but a handful of churches, regardless of their creed, who will open the doors of their churches willingly to any colored persons. There are some exceptions, but, for the most part, church ministers advocate the policies that exist in jim-crow form and still preach what they don't practice—true Christianity. Too many preach on the influence and the subject of "Whiskey" and tell their congregations they are "fall of their subject."

The preacher or church leadership that is too naive and unchristian... to lift the jim-crow barriers found in too many churches... may as well be drunk of alcohol, because, when they permit racial hatred to control their churches, they're active like drunkards would do.

BROOKLYN DODGERS' STAR THREATENED

By LUCIUS JONES

(For The CAROLINIAN Newspapers)

RALEIGH, N. C.—(SPECIAL)—History has repeated... and a new Negro pioneer athlete opposing national racial discrimination and segregation based on color has been threatened of being killed... for advocating the recognition of a Christian spirit and influence in professional sports. First, Joe Louis, just ahead of the first fight with Max Schmeling, was threatened by Communistic propagandists who wrote the Brown Bomber stating that he would be killed if he did not let Schmeling whip him... Now, it's Jackie Robinson who has been threatened with being killed by anonymous persons writing letters to Robinson and the Police Chief in Cincinnati, Ohio, where the Brooklyn Dodgers were playing the Cincinnati Reds last week.

... as Jackie Robinson... learned that the Chief himself had received a letter which informed him of the threat being made against the Brooklyn second baseman. The FBI was notified by Brooklyn Dodgers' officials with the National League team for the series with the Cincinnati Reds. The FBI (Federal Bureau of Investigation) is now probing the threat letters and seeking to apprehend the ones who sent the letters in malicious intent. The Police Chief promised stronger and larger police supervision of the remaining Brooklyn-Cincinnati games still to be played.

CONSISTENT HITTER

Meanwhile Jackie believes those letters threatening him were sent by some unknown malcontents who disagreed with the action in protesting bad umpiring. Despite the charge by Jackie of the umpires "being out to get me", he still is hitting at a higher per centage (Continued on page 8)

SHAW U SOPHOMORE IS VICTIM OF ATTACK

By JAMES E. CHEEK

BURLINGTON, N. C. — Tension ran high in this small industrial town Sunday as over 900 Negro citizens gathered en masse and rallied to the support of Miss Mildred Wagstaff, victim of rape at the hands of a white textile worker.

In a mass meeting staged in the auditorium of Jordan Sellers school by the Citizens Committee, the citizens of Burlington contributed over \$500 to Miss Wagstaff's defense.

The rapist, Eugene Reed, a textile worker and the father of two children remained out of jail under \$3000 bond.

Miss Wagstaff, who is a sophomore at Shaw University and a young woman of unimpeachable character related the following story to this writer at her home Sunday.

According to Miss Wagstaff, she had gone to Reed's home to work in the place of her sister, Mrs. Mildred Day on the night of March 27. She had put the children to bed, and later retired to bed herself in the same room with the children. She had only been asleep a few minutes when she felt someone nudging her in the back.

Upon turning over, she faced Reed who stood above her clad un-

derly in shorts. Reed then offered her \$500 "to let me lay down with you."

Miss Wagstaff then told him to get out of the room and "leave me alone." Reed then told her, "oh yes you will" and as Miss Wagstaff attempted to escape, he pointed a gun at her and forced her into his own bedroom, made her undress, and there committed the act, while still holding the gun on her.

After completing the act, Miss Wagstaff stated that she managed to get loose, and grabbed her clothes, boarded a city bus, and went to her sister's home where she reported the incident to her sister. She later reported it to her mother. (Continued on page 8)

U.N.C. FORCES WOULD MAKE NCC UNIVERSITY

GREENSBORO — If the Trustee Board of the University of North Carolina has its way, Edward O. Diggs, a pre-med student at A. and T. College who applied to the University's Medical school has been accepted, will be the only Negro attending UNC for a long time.

The board, in session here Tuesday took action to prevent additional Negroes from entering the university, the nation's oldest state-operated institution of its level.

WOULD OFFER PH.D'S
The UNC trustees seek to obtain funds with which to make it possible that North Carolina College offer doctorate degrees in all phases of study.

This would cost the State \$75,000 to \$100,000 a year. It would mean that 12 to 18 additional faculty (Continued on page 8)

Rev. William R. Crawford Wins In Primary Balloting

By LUCIUS JONES

(Editor, The Winston-Salem CAROLINIAN)

WINSTON-SALEM, N. C.—(SPECIAL)—Although a comparatively light voting took place here Tuesday, May 22, the winning returns from the Democratic Primary election were dominated by the Negro candidate for the Board of Aldermen from the South Third Ward. So popular was this aspirant, the Rev. William R. Crawford, that he polled a five-to-one margin over his opponent, Jason Hawkins, also, colored, 897 to 181, the highest majority which any Democrat, white or colored, chalked up.

All winning candidates in the May 22 primary will have to compete against Republican candidates seeking the same municipal offices, Tuesday, June 5, here.

FIVE CANDIDATES OF 11 TO RUN JUNE 5

In the May 22 election, the aim was to decide five candidates of eleven aspirants for the Board of Aldermen. The men elected as candidates were the Rev. William R. Crawford, South Third Ward; L. L. Wall, West First Ward; Carl N. Chitty of North Salem, H. F. Tucker of the North Third Ward, and Archie Eldridge of South Salem. The other candidates ran unopposed. They were Francis D. Pepper, West Second Ward; Charlie Church of East First Ward and Guy Fulp of East Second Ward.

MANY FAILED TO GO TO POLLS
Considering that Winston-Salem, almost invariably, elects Democratic Aldermen in its general election, the results of Tuesday's primary appears to have weakened the City Manager's standing with the Board of Aldermen.

For the past two years, the backing of a majority of the Board members had "gone to bat" for the City Manager, C. E. Perkins, on controversial issues. If the candidates elected Tuesday as candidates win in the June 5 voting, City Manager Perkins will only have two known backers—Pepper and Fulp.

CITY MANAGER OPPOSED
Charlie Church has been a stern force against Perkins' views for two years, while H. F. Tucker used the anti-City Manager issue as his platform.

Archie Eldridge and L. L. Wall have yet to make any commitments relative to their support or non-support of City Manager Perkins. Most of the candidates agree that there should be a City Manager Government that is more limited. (Continued on page 8)

SHRINERS HONOR WILSON — F. Harrison Clarke, second from left, presents Medina Temple's achievement plaque to Arlie Wilson, New York Giants utility infielder at ceremonies in his honor at the Polo Grounds recently. Nobles LaSalva Giscombe, extreme left, William G. Ferman, center and Joseph Overton witnessed the ceremonies. The newly acquired Giant star bids fair to be one of the most talked about men in baseball this year, by virtue of his widely-heralded power at the plate and softness afield. The Shriners will converge in the East for their annual convention this year.
