SCORES RACE BIAS — In his commencement speech at A&T College, Greensboro, Monday May 28, Dr. Ralph J. Bunche, winner of the Shingarn Medal and the Nobel Peace Prize for successful arbitration in the Palestinian conflict as a United Nations mediator, denounced racial discrimination and segregation and advised that the only key to lasting peace is for racial discrimination and segregation to be completely blotted out. He said the United States could assume world leadership in doing so, and added that America's "democracy should be color blind," setting no issues, local or national or global, on the basis of color.

### Dr. Ralph J. Bunche Flays Bias at A. & T.

GREENSBORO — (FOR CAROLINIAN Newspapers) — Dr. Ralph J. Bunche, winner of the Spingarn Medal and Nobel Peace Prize for his work in pacifying Palestinian conflict as a United Nations mediator, said, in a stirring commencement address at A&T College here Monday, that America can foster world peace by elimination of racial discrimination and segregation.

Elaborating on his opening declaration which won heavy applause from the mixed and unsegregated audience, Dr. Bunche said that "Americans, the architects of the greatest design for living yet conceived by man," can promote world brotherhood by demonstrating that "democracy is color blind."

WAR NOT INEVITABLE — The United Nations mediator said that today's world "is an extremely dangerous one," then added that war is not inevitable if "the voices of the people of the world, which are the voices of peace, are raised loudly and persistently enough."

He said, "Such voices cannot ultimately fail to be heeded, even by those governments and their maverick leaders who may be ruthlessly bent on aggressive adventure such as we now see in Korea."

Dr. Bunche, after denouncing racial discrimination and segregation admitted that racial progress is being made in the North and South, alike, to stop racial bias and race hate. He called the "separate but equal" doctrine a "monstrous fiction."

He cited the election of Dr. William M. Hampton, Greensboro Negro civic leader, to the city council as a "real demonstration of inter-racial democracy at work."

Dr. Bunche was introduced by Charles A. Hines, chairman of A. & T. trustees, as "one of the world's first citizens." At the close of the commencement exercises, Dr. Bunche was awarded the honorary degree of doctor of laws.

Dr. F. D. Bluford, college president, conferred bachelor of science degrees on 377 students, trade certificates on 85, and master of science degrees on 15.

The degrees awarded in the college's various schools and departments included agriculture, 59; home economics, 15; business administration, 40; commercial education, 25; architectural engineering, 12; electrical engineering, 7; mechanical engineering, 5; industrial education, 43; fine arts, 6; and school of education and science, 15.

### Confusions Mark Shaw U Finals

RALEIGH — A continuation of peace and tranquility was definitely not in view for Shaw University in the immediate future as occurrences at the Baptist-owned institution during this week's commencement exercises forebode a period of indecision at student, alumni and administration levels concurrently.

DESERT ADMINISTRATION — The Alumni Association in its regular school year-end meeting received recommendation and endorsed plans to remove the office of alumni secretary from administrative auspices.

The post, which has heretofore been combined with that of public relations director, has been under auspices of the university, but has been conducted from an office located at the university.

Atto new Raines, who was succeeded as alumni president by W. R. Collins of Smithfield, recommended that the alumni group form an independent organization and employ a person of the association's election to be paid by association's funds to administer the office of alumni secretary. The recommendation was adopted.

COMPLICATIONS — Complications in endorsement of the recommendation are noted, however, in that a group elected during the meeting must ascertain ways and means of establishing the needed office facility, and secure a person for the post. A conservative estimate reveals that an expenditure of nearly \$1000 is needed to activate the proposal.

STUDENTS PROTEST FIRING — Adding fuel to the air of contention during the finals Monday was action taken by students of the (Continued on page 8)

### Minister, 65 Faces Murder Charge In SC

CHARLESTON, S. C. — A 65-year-old Negro minister has been jailed here and charged with murder as the outgrowth of the shooting of a 13-year-old white boy who insisted on calling the minister a "black nigger."

Rev. Nathan Brown, according to local police, shot the youth Friday while firing two shots to scare a group of boys tossing stones onto the top of the Brown home and hurling epithets. One of the bullets struck the victim at the base of the skull, killing him.

When police investigated the shooting, they found Rev. Brown seated in the front room of his home reading a Bible. He was unaware that either of his bullets had taken effect. He is being held without bond.

### Student Hurt When Stolen Auto Wrecks

BURLINGTON — A 14-year-old Negro ninth grade student was given treatment for minor injuries here Tuesday morning when the stolen automobile in which he was riding with six other students was involved in a traffic mishap.

Richard R. Foust was treated for lacerations of the arm at a local hospital after the car, stolen from a Haw River man overturned after crashing into a telephone pole.

The name of the driver of the auto was withheld by local police pending the filing of charges. Leaving the scene of an accident and reckless driving will be among the charges.

### JOE LOUIS' POST-WORLD HEAVYWEIGHT CHAMPIONSHIP FIGHTING NOT DEBATABLE

SOME OF THE KEY PERSONS . . . who used to travel 1,000 miles to see Joe Louis train and fight for the world heavyweight championship; who used to idolize the sensational Brown Bomber; and those who once stampeded him for autographs . . . are now calling the former world heavyweight king a "sucker," a "square," and other cognomens which might fit an admitted imbecile.

Joe Louis was never and will be a "sucker" or a "square" . . . in our book . . . because he has meant probably as much to the rise of 15,000,000 Negroes in America . . . as Booker T. Washington, George Washington Carver, Frederick Douglass, Dr. W. E. B. Du Bois, Ernest E. Just, Marian Anderson, Roland Hayes, Dorothy Man-er, Dr. Ralph Bunche, Paul Robeson, Walter White, Thurgood Marshall, Jackie Robinson, Jesse Owens, Ralph Metcalfe, Robert L. Vann, Ray (Sugar) Robinson, Rev. Cammanella, Don New-combe, Larry Doby, Ink Williams, Eddie Tolan, or thousands of others you couldn't name.

SOME HAVE THE CONVICTION that Joe Louis may have done more, in a concrete way, to promote quickly and obviously, the gains we have made nationally in race relations and public relations. We, your Printed Paragapher, has that conviction. It is our unalterable opinion that, with due apologies to Dr. Ralph J. Bunche, recognized internationally as a great envoy for lasting peace, Joe Louis is hard to shake loose as the ONE PERSON, who, considering his natal handicaps of no formal education and previous bondage on an Alabama plantation owned by white cotton lords who are responsible for (Continued on page 8)

### Raleigh Lieutenant To Be Honored Tue.

By LUCIUS JONES (Editor, THE CAROLINIAN)

RALEIGH, N. C. — (FOR THE CAROLINIAN Newspapers) — First Lieutenant Collins Alva Whitaker — most outstanding native Raleigh G. I. to engage in combat warfare in the Korean Conflict—is back home on a rotation leave from the United States Army . . . after nine months in Korea "under fire" and five years of military service in Japan. Because of his popularity and prowess with home town Raleigh people, being a scion of one of the city's most respected families, Lieutenant Whitaker will be given a mammoth but informal "Homecoming" Tuesday night in the Raleigh YMCA . . . and it is a public event . . . open to all Raleigh citizens.

LIEUTENANT WHITAKER
