Woman's Angle

Something New for Home Cooks

Would you like to be a better dressed woman? Of course you do, and we like in lady girls' window or charter.

In going over the various fads — if you don't do it now, the ion hints while working, I read first bright days will creep up on across a well-rounded active life. You'll think it good enough just how you can become just for an old dress and never never so, and I must pass it on to you, either look or feel your best in

First, to become better dressed the gathered.

The best planners we know are born piknicks. Most of us have planning forced upon us these days by the hard facts of real homes. Being able to stretch the clothing dollar is one of the most valuable tricks a woman can learn.

Here's how one writer describes a blow-by-blow course of action. It guarantees you a better dressed spring, even if March 15 leaves your purse so that you can barely afford a new handkerchief.

First, catch yourself up on the news of Spring fashion. Second take joy in the knowledge that this is not a year when everything already have too plain.

Third, take a real physical inventory right now of your possibilities for spring. Pull every thing out of your closet. Get it from the cleaners if you plan spring things in storage.

Fourth, try everything on and look it over critically. If it's good

WATT'S NEW

By Rosa Lee Armstrong

Home Economist, Carolina Light and Power Co.

Have we taken the heart and always has food in it somewhere soul out of the kitchen? When you go visiting, almost always the group moves to the kitchen. Have you ever tried to get rid of the group? It's the easiest place to go.

For years now researchers have made extensive studies of the physical area of the kitchen. We have spent much time using the pedometer to measure our steps, rather than calipers to measure the energy used in doing various jobs in the kitchen.

It's been done to save our time and energy which is fine. It's no small job to keep a home, prepare meals and do the other endless jobs that we women have to do. But with all this improvement, time plus energy-saving kitchens we are now developing what have we done to our families?

Time was and still is in some homes, when the kitchen was the focal point of family life. It wasn't just a place to prepare our food—a tiny efficient two by two, but a warm, inviting center where we played, worked, ate and had our general good times.

Today's woman spends much less time in the kitchen than before, thanks to our automatic appliances. Much of the drudgery of housework has disappeared, but the fact remains that even with our automatic appliances, we still have to go about preparing these jobs for our appliances.

The family's social life nearly

Noted authority on food, author of a new book on etiquette, Amy Vanderbilt knows her way about a menu. Here she is serving French Green Beans and Mushrooms with delicious Blue Bonnet Yellow Margarine. Recipe is from one of the newly designed Blue Bonnet Margarine packages. On the back of the package there's an attractive full color picture of a delicious dish you'd want to serve. Inside the package, on the reverse side of the picture, you'll find a tested recipe for this dish. Designed for easy clipping—recipe and picture fit into your dish box.

It's the first time, we believe, that a margarine package has utilized space in this way, offering free recipe material complete with picture, for permanent use.

You'll get a choice ranging all the way from fudge and cookies to new ways with vegetables. These new Blue Bonnet packages are available everywhere except in those states not yet on the yellow margarine list—Vermont, Iowa, Montana, New York, Minnesota, Washington, Wisconsin and South Dakota.

FRENCHED GREEN BEANS AND MUSHROOMS

I pound snap beans 2 teaspoons minced onion
1/2 cup boiling water 1 cup sliced cooked mushrooms
1/2 teaspoon salt 3 tablespoons Blue Bonnet Margarine

Cut snap beans in julienne strips. Add water, salt and onion. Cover and cook 15 minutes or until tender. Drain any excess liquid and allow beans to stand uncovered 3 minutes. Add mushrooms and melted margarine. Serves 6-8.

EVERY DAY IS TIME FOR COURTESY

There should be no such thing as "company" manners. Good manners are based almost entirely on kindness and consideration for others. Knowing all the rules of etiquette will be of little value if our courtesy is not based on genuine concern for others.

LIVE WITH BEAUTY EVERY DAY

We should live with as much beauty as we can every single day. Do not save your finest linens, your silver and your prettiest clothes for only the festive occasions which come seldom or not at all. Children agree it when the more dishes are used. They will unquestionably respond with better behavior.

One of the most precious heritages we can be sure of passing on are lovely memories. Wise is the mother who makes special occasions of birthdays, holidays, etc., and makes these festive family occasions.

MOTH CONTROL

It's none too early to start on moth control. A thorough spraying job can be done in a few minutes, and it's an easy method of clothing, bedding, draperies, encouraging moths from attacking

PRISON CHAPLAIN WILL ADDRESS COLLEGE GROUP

RALEIGH — The Reverend W. H. Jackson Chaplain of the North Carolina State Prison, Raleigh, N. C., officiated at the special vespers Wednesday service at St. Augustine's College on Wednesday February 27, 1952 at 9:00 in the morning.

Special Lenten message was to be rendered by the College Choir under the direction of Mr. Leon Summers, of the music department faculty.

Send Your News To Us!**New Use for Washer!**

Now you can have your washing machine do double duty — re-dye, as well as wash, your clothing and home decorations. The washer's ideal for bleaching bulky wearables, curtains, bedspreads, drapes, rug mats. It does most of the work for you.

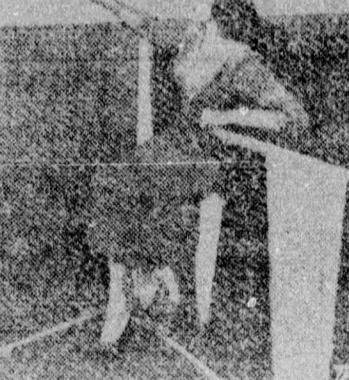

All you need do according to Tintex Home Economics Bureau, is dissolve dye in quart jar or pitcher of hot water, as above. Pour dye into washer when filled with hottest water you can get, then run machine through regular wash cycle and let it last rinse.

Cleaning's easy, too. Just run clean hot water through machine, using small amount of soap. Full directions, in leased form, are available at all fabric dye counters.

FOR WOMEN

By Betty Cook For ANP**SWEET AND HEARTY**

On these cold mornings what better way to start the day than with a "batch of wheat." Baked high and steaming hot, dripping with butter and maple-blended syrup, they will be enthusiastically devoured by all members of the family. In fact, if you won't watch out the young tyke will start a "eating contest." You may even find your family taking turns at "limping the wheat" on the hot griddle just to keep up with the eating contest.

NEW WALLPANELS

It is only after this parade where each garment has stood up to be counted that you can possibly buy any portion of a new outfit intelligently.

Any new things you buy will fit in the ticks in your wardrobe rather than duplicate what you have.

And by now you should have plenty of time to shop to be economical. Those first worn days are bound to fit the completely broke way out of their price range.

Now don't just read this article to yourself; it's a good idea and that you'll do it and let the end of it. Instead, be a small girl and set aside a day right now and actually get down to business.

It's the first time we believe, that a margarine package has utilized space in this way, offering free recipe material complete with picture, for permanent use.

You'll get a choice ranging all the way from fudge and cookies to new ways with vegetables. These new Blue Bonnet packages are available everywhere except in those states not yet on the yellow margarine list—Vermont, Iowa, Montana, New York, Minnesota, Washington, Wisconsin and South Dakota.

EASY DOES IT

BY HELEN HALE

EFFICIENT KITCHENS are also those which are the safest, and here may be a way to make you safer in your kitchen with just simple devices that can be changed easily.

Keep your kitchen knives sharp for they are more easily controlled and require less pressure. A dull knife which you have to push and prod into easily and may cause an accident.

Jane Wyman, Motion Picture Academy Award winner, will be starred in the first of the program. Each Sunday afternoon, a dramatic production will be given on the Playhouse, featuring a well-known motion picture personality.

The baking industry, largest in the food processing business, will use the program to relate the quality and nutrition stories of bread, cake, pie and other bakery foods.

Hang your brooms and mops on hooks in a closet, either in the

PATTERN OF THE WEEK

RECIPE OF THE WEEK

BACON-EGG SALAD SANDWICHES (Makes 4)

8 strips crisp bacon
5 hard-cooked eggs
2 tablespoons mayonnaise
1 teaspoon prepared mustard
1/2 teaspoon salt
1/2 tablespoons sour pickle juice
1 teaspoon grated onion
8 slices buttered wheat bread

Crumble bacon, dice eggs and then mix. Blend next 5 ingredients and stir into egg mixture. Spread on 4 slices of bread and top with remaining slices.

Kitchen or elsewhere, rather than letting them lean against walls. You'll eliminate a serious tripping hazard by this simple precaution.

Oily rags and mops need to be stored. These constitute a fire hazard if left right out in the open where they might ignite.

All cleaning agents which are also poisonous are best stored in a cabinet away from youngsters. These include ammonia, lye, sal soda, harsh powders and insecticides.

If you can have doors which are of the accordian type or of the sliding variety, you'll eliminate the hinged kinds which are a tripping or striking hazard.

Now you can have your washing machine do double duty — re-dye, as well as wash, your clothing and home decorations. The washer's ideal for bleaching bulky wearables, curtains, bedspreads, drapes, rug mats. It does most of the work for you.

All you need do according to Tintex Home Economics Bureau, is dissolve dye in quart jar or pitcher of hot water, as above. Pour dye into washer when filled with hottest water you can get, then run machine through regular wash cycle and let it last rinse.

Cleaning's easy, too. Just run clean hot water through machine, using small amount of soap. Full directions, in leased form, are available at all fabric dye counters.
