

IN THE COOL, COOL, COOL OF THE WATER HOSE — Ah, for the day of cooling under the water hose! The 106 degree temperature last week meant nothing but hilarious fun, for these youngsters, who were caught by our staff photographer enjoying the spray of the garden hose out on the Hamlin Farm.

# Aged Mother Accepts Award On Behalf Of Martyred Son

OLAHOMA CITY—A 71-year-old lady last Wednesday night accepted on behalf of her martyred son the highest expression of esteem within the gift of Negro Americans—the Spingarn Medal—awarded annually by the National Association for the Advancement of Colored People to a Negro American for distinguished achievement.

Mrs. Rosa B. Moore of Jacksonville, Fla., the mother of Harry T. Moore, the Florida NAACP leader, who together with his wife was killed by a hate bomb last Christmas night, accepted the medal with the sincere hope and belief that

continuous and conscientious efforts of our present-day leaders, with the help of God, will gradually result in a nation which is free of prejudice and discrimination.

Her son's work with the NAACP she said, was an expression of "his sincere desire to aid in the progress for the advancement of our people. To me, this medal is a formal expression of the fact that the Association recognizes and appreciates his efforts as significant in the development of a democratic nation which is based on the principle that all men are created equal."

Presentation of the award was made at tonight's session of the 43rd annual NAACP convention by Congressman Clifford P. Case of New Jersey, sponsor of civil rights legislation. In making the presentation Representative Case noted the resurgence of violence during 1951 and advanced three suggestions for combating racial bigotry.

First, he said, "we should recognize in our own minds that the real test of a man's value to the cause is his own basic acceptance of his oneness with all his fellowmen and his zeal in bringing others to that acceptance." Second, there is need for "far more study and research than has yet been had into the fundamental nature of prejudice, into the dark recesses of the mind from which it springs and the frustration and maladjustments on which it feeds." And finally, he said, far greater use should "be made of community resources and of leadership at the local level" in meeting specific situations to avert tensions and violence and promote decency.

The citation, with which Mr. Case made the presentation, hailed Harry T. Moore as a martyr in "the crusade for freedom" and paid tribute to his courage, devotion to duty, and humility. "In recognition of his invaluable contributions and his courage in working for full implementation of the democratic ideal," the citation said, the NAACP selected him as the 35th Spingarn Medalist.

Also speaking on the Friday night program was Dr. Robert C. Weaver, director of opportunity fellowships of the John Hay Whitney Fund and chairman of the National Committee Against Discrimination in Housing. Dr. Weaver charged racial violence, discrimination and other evils stem in large measure from the pattern of residential segregation which must be altered before Jim Crow can be eradicated from American life.

## Shaw Lists Honor Rolls For Its Final Semester

RALEIGH — The honor roll for the second semester, just released at Shaw University, by Mrs. Eva F. Ray, University Registrar, lists 92 students. Of this number there were 24 freshmen; 14 sophomores; 21 juniors; and 25 seniors, in the School of Religion there were 7 men named, and Unclassified 1.

### FRESHMEN

**RED CROSS CLASS SERVE GREAT NEED** — The American Red Cross the year round offers free of charge to all citizens like two courses in caring for the ill in the home. They do not fit any one for hide or take the place of professional nursing. They are taught by instructors who have received special training and who receive no monetary compensation for their work. The instructors are "Red Cross volunteers". The two courses are titled, "Unit I, Home Care of the Sick; and Unit II, Mother and Baby Care". Following each course, which is of 12 hours duration, an extra two-hour class period has been added in order that the home nurse student may be taught some nursing aspects in atomic warfare. Many groups of citizens have taken advantage of these invaluable courses and are preparing in this measure for Civil Defense. Among the many groups of citizens who have accepted home nursing instruction recently was a group of prominent Negro women, members of the Young Women's Business and Professional Club of the Y.W.C.A., and home makers, beauticians, and domestic service employees. This group was instructed by Mrs. A. Ruth Taylor, a retired school teacher who has received the additional 30 hours Red Cross training in home nursing for instructors and has for some time volunteered her service as home nurse instructor through the Wake County Chapter, American Red Cross. Depicted is the group of civic minded ladies, the instructor, and Director of Nursing Service, Wake County Chapter, Reading from head of table left; Mrs. A. Ruth Taylor home nurse instructor; standing, Mrs. Grace W. Collier, Director of Nursing Services. Students are: Mesdames Dorothy Carrington, Beatrice Lewis, Dice Copeland, Mary A.

Lane, Swanora Brodie, Rebecca Foster, Juliette Horkaday, Wilfred Byrd, Odell Woods, Annie Caldwell, Ica Snipes, Mattie A. Watson, and Rosa Lee Judkins. Absent when the picture was made were Mesdames Vae W. Lilly, Luey B. Johnson, Susie Marion Hall, Virginia Blanshaw, and Mattie Brodie. In event of illness in the home or a disaster in the community, these ladies will be better fitted to serve, as they have received training in many basic procedures in nursing and have learned many ways of improvising when equipment and supplies are not available.

## Chavis Heights Residents Enjoy Many Social Affairs

EDITOR'S NOTE: More Chavis Heights News Page 3 Section 2. BY MAY L. BROADIE

RALEIGH — Mrs. Lessie Durham and daughter of New Jersey are in the city visiting friends and relatives. They are house guests of Mrs. Durham's mother, Mrs. Lucy Jackson of 620 E. Davie Street.

## CONVENTION NOTES

The 1952 political conventions are the first in history to be air conditioned. While delegates may still get "hot under the collar," they can't blame the heat or the humidity. Here are facts compiled by engineers of Carrier Corporation, which manufactured the air conditioning equipment for the International Amphitheatre in Chicago.

THE HEAT GENERATED BY THE 12,000 PERSONS IN THE CONVENTION ARENA WOULD BE ENOUGH TO COOK 150,000 HOT DOGS OR 14 STRINGS OF 14 MILES LONG.

COMFORT WILL BE THE KEYNOTE OF THE 1952 CONVENTIONS. AN ACRE OF COOLING COILS WILL REMOVE 1800 QUARTS OF MOISTURE PER HOUR FROM INSIDE THE CONVENTION HALL.

CARRIER REFRIGERATION MACHINES IN THE AMPHITHEATRE CREATE COOLING EFFECT EQUIVALENT TO PROVIDING EVERY DELEGATE WITH A 25 LB. ROUND CAKE OF ICE EVERY HOUR, OR SPREADING A LAYER OF ICE KNEE-DEEP OVER THE ENTIRE ARENA FLOOR EVERY MORNING.

ing her mother, Mrs. Maggie McDaniel of 410 Watson Street. She has returned to New York City. All families are in deep sympathy with Mr. and Mrs. L. Freeman in the death of Mrs. Freeman's mother. Mr. and Mrs. Elvis Rand, 9 Granville Terrace, had as their guests for dinner Sunday, Mrs. Iris Lane and Mr. James C. Collins of Raleigh. After dinner the afternoon was spent in the Sub-Summer refreshments were quite delightful. Miss Lane is a bride-elect of July 6, 1952.

Let's Lick V. D.
