UUMLI UUUMI TO OFFER BOTH REGULAR & KING-SIZE

BOTH regular and king-size Chesterfields are premium quality cigarettes and come in the smart white pack.

BOTH contain only those proven ingredients that make Chesterfield the best possible smoke: the world's best tobaccos, pure, more costly moistening agents (to keep them tasty and fresh), the best cigarette paper that money can buy-nothing else.

BOTH are much milder with an extraordinarily good taste and. from the report of a well-known research organization - no unpleasant after-taste.

BOTH are exactly the same in all respects. There is absolutely no difference except that king-size Chesterfield is larger-contains considerably more of the same tobaccos-enough more to give you a 21% longer smoke, yet costs little more.
