Fritz Pollard's SPORTS CLOSE-UP

NEW YORK (AP)—It's always pleasant to take a walk down Memory Lane. We like to do. Eddie Lowry, we think of him as a good man, a good writer, who will be remembered by many of the old timers of Howard U. and Lincoln U. He was considered one of the greatest half-backs Dartmouth ever had. They will especially remember Pollard's coaching days at Lincoln and one particular game between Lincoln and Howard in Washington, D. C., when a man was injured and there were not enough men to finish the game. Coach Pollard went in and played out the game. He is still remembered as Lincoln's first commanding football coach through 1944. Frank Forbes, the Iron Man of Howard U., also played in that game. He is now a scout for the New York Giants.

The outstanding performers of the Lincoln Football team which remained unscored upon for three seasons until Charlie Morrison with his Howard Bisons came along and scored 42 points in the last half of a game with Lincoln. These were the only points scored against Lincoln in the three years that the writer coached the Lincoln team.

Many Howard U. followers will remember a well-built youth, Elmo Diamond, who attended the University about 1912. He later enrolled at University of Chicago to become one of America's outstanding 440-yard dash men. He held the Conference record for the 440-yard dash and also held the world's record along with Ted Meredith, the great Pennsylvania mid-distance runner. Dr. Diamond is now a retired physician living on Long Island.

Then there is living down the great sprinter at Colby College, now a policeman in Boston, and Roy Moore, now an Internal Revenue officer, one of the outstanding drum men of that era. Pete White, founder of Salem Crescent Athletic Club, the great Sol Butler of Duquesne College, Broad Jump champion of 1929 who held the world's record of 24 feet, 9 3/16 inches. Sol strained a tendon in the 1929 Olympics and was unable to compete in the finals.

When we think of that period, we think about the St. Christopher Basketball Club of St. Phillips Parish here in New York. It was considered an outstanding team of the time and has

GIILIAM FANS BOILING

Again the two schools often thought baseball managers are in session on sidewalk corners and radios in bars. Lawyer A sets up his "Junior" Gililam case like this:

"Why all the fuss about Junior Gililam running? the brainiest second baseman out of the regular lineup. Don't you know that baseball is icecold business and that in this connection, Jackie Robinson is the best gate attraction since Babe Ruth? Gililam is a whale of a plunger else the Dodgers would have sold him long ago. We should be glad to know that no noble experiments will come his way such as having to play the outfield."

Young Athlete Sets Up Record As Cage Scorer

IN GUEST SPOTS

NEW YORK — Tom Davis of Brooklyn, the world's Olympic weightlifting champion, seems to be one of the most sought after television and radio guests in town these days.

The 100-9 1/2-pound Negro, who set a new Olympic record for weightlifting in the heavy-weight class at Helsinki last year, whose great victory enabled the United States team to notch out Russia, has appeared on one radio show after another, and on network TV shows in a week, and is scheduled for two more radio and at least one other one on TV spot next week.

The flying for John's services began with the publication this week of a remarkable series of photos of him in the current issue of LOOK magazine. The most incredible picture in the article, which is entitled "The Strongest Men in the World," is one showing him lifting on his back a 160-pound dumbbell on which TEN U. S. Marines are standing, a total of 1,000 pounds.

Almost immediately at LOOK hit the newsstands, it would appear, telephone began ringing and telegrams clanging.

Monday afternoon he guested on "Evening At Sundown" over WOR in New York; Thursday night it was "Broadway To Hollywood" on the DuMont TV network. Next Monday evening "Spotlight, New York" over station WABC Tuesday night "Where Was It?" over DuMont TV; and next Thursday Bill Stern's sports show on New York WNYW.

The friendly, articulate Brooklyner has lifted as much as 400 pounds in the conventional weight lifts. He has been undefeated for 12 years. John also enjoys his operatic singing, having taken lessons for several years now, and his voice is good and "promising," it's said.

RATTLES BEAT WILDCATS TWICE

TALLAHASSEE — Carl Whitley of St. Augustine, Fla., dropped in a free throw with two seconds remaining to enable the Florida A and M College Rattlers to edge the Bethune-Cookman Wildcats 67-66 here last Saturday night.

The win was the second of the week posted by the Rattlers (SIAC invitation champs) over the Wildcats during the week. Victory number one came on Wednesday when the locals knocked off the Daytona Beach five 31-26 on the latter's home floor. It's a vintage previous 30-66 NAIA tournament victory posted on February 26 in Myrtle Beach.

Hertford Beacham, Tampa, motioned up individual scoring honor for the evening with 21 points. Irvin got 15. John Chancy got 14 to pace the offensive efforts of the Wildcats.

The Rattlers led 17-14 at the end of the first quarter and held a one-point half-time margin—26-25. A and M was out front 35-30 at the close of the third stanza but the Wildcats came back strong to tie the game at 66-66 with less than a minute remaining.

The Rattlers posted a campaign record of 16-4 and an overall record of 16-5. The 1951-52 cagers won 26 of 28 games—the best record of any Negro college in the country.

Eddie Robinson, captain of the 1952 one-year corps in the history of Massachusetts Class A, played basketball for the eastern part of the state.

Robinson has already scored 566 points in one year this season to nose out the previous record of 544 established back in 1949. In 19 games the young Lynn Classical basketball star racked up an impressive average of 28.7 points per game.

An extremely good student, senior class president, Robinson is also held in high esteem and junior year. He is also the current champion and record for the State Meet Class C high jump at 5 feet 10 1/2 inches.

Robinson's coach, Jim Teeleg, accounts that the star's phenomenal scoring ability can be attributed to his agility in the high jump.

FAMEE THINCLADS PREP FOR SEASON

TALLAHASSEE — An average of 20 candidates for the 1953 Florida A and M College track and field team have been working out daily for the past three weeks as the Orange and Green thinclads prep for the coming cinder season. Their first outing will be the Florida Relays, scheduled for May 28.

Fourteen freshmen are seeking spots on the squad with three—Arthur Mobley, Bartow, Fla.; Eddie Nolan, Miami, and Rubin Foster of Jacksonville, seeking to earn returning lettermen in the prints. This is one area in which the Rattlers were especially strong throughout the 32 season. Returning sprinters include James Moore, Satlathia Gator, Felipe Kemp, Oliver Gross, Miami, and Emanuel Cranford, Chattanooga.

Coach Robert Griffin says the team will be without adequate strength in hurdling, high jumping and javelin throwing. However, this weakness may be partially offset by the presence of Henry Thomas of Miami, who holds 57 of the greatest distance stars ever developed in the south.
