# NAAACP Membership Drive Underway At Fayetteville

FAYETTEVILLE — The Fayetteville Branch of the N.A.A.C.P. launched its 1953 membership campaign with a program at the local level on Saturday, March 15th.

The program was opened by Rev. J. J. Burns, pastor of the First Baptist Church, who presided over the program. Rev. L. J. Shuman, president of the local branch, introduced New E. B. Turner, secretary of the North Carolina Conference and pastor of First Baptist Church of Durham, N. C.

Alvin H. Groves, speaker of the week of the Fayetteville Branch, N.A.A.C.P. in his report on the report of Clarence and Charles Jones, two young boys, 1947, ages of five and their imprisonment since January 19.

Frederick L. Burns, membership chairman, in a report why you should join the N.A.A.C.P. and support its program, answered questions that the workers will have to answer in soliciting membership.

"The 10 reasons he gave are:

- (1) The N.A.A.C.P. is the protector of your rights as an American citizen. It guards your right to equal justice under the law.
- (2) The N.A.A.C.P. is the oldest organization of its kind in the United States and it has been successful in winning twenty-eight out of thirty-nine cases before the United States Supreme Court. These cases have changed the life of the Negro for the better.
- (3) Your children are getting a better education than their elders. This is the result of the work of the N.A.A.C.P.
- (4) There are more and better job opportunities for Negroes because the N.A.A.C.P. has worked with government, labor and industry to eliminate discrimination in employment.
- (5) Negro teachers are receiving better salaries because of the cases the N.A.A.C.P. has won. The Equalization of Teachers Salaries Case.
- (6) The N.A.A.C.P. has made it possible for Negroes to travel from one state to another without segregation.
- (7) Negroes can vote in the south in greater numbers than was possible a few years ago because the N.A.A.C.P. championed their right to participate in elections.
- (8) There are fewer lynchings in this country than there were a

few years ago because the N.A.A.C.P. has brought the spotlight of public opinion on that crime.

The Negro in the army and navy has a chance of enjoying a bit of the democracy which the white man has because the N.A.A.C.P. has been on the job.

The N.A.A.C.P. will continue to fight for the rights of the colored people, but it needs your help. You can help by joining the N.A.A.C.P. and supporting its program. Work without discrimination, work and learn without discrimination, and learn without discrimination.

The success of the N.A.A.C.P. depends on the cooperation of all its members. Discrimination and segregation must be ended. The N.A.A.C.P. needs the financial and moral support of every freedom-loving individual and group if this goal is to be achieved.

In order to achieve our goal of 50 members we must contact every individual in this area, rich and poor, the old and young, and tell the N.A.A.C.P. in plain language that our job is not yet done. Box 1000, Fayetteville, N. C. is the address of the branch. We can get together and help each other. We can raise money to help the courts and the other work that must be done in the fight for freedom.

This is your country, by reason of birth, as it rests on faith, and use of faith with it. The N.A.A.C.P. is fighting to save the American way.
