

James A. Shepard's  
**THIS and THAT**

We ran across something in "The Daily Tar Heel", student publication at the University of North Carolina, that is so full of malignant stupidity and intolerant ignorance, we felt that you, the taxpayer should know just what type of anti-American crackpots are being "educated" at your expense.

The article in question was written by A. Z. F. Woods. It is a member of the paper's editorial staff and is titled, "The Perilous Hour". Here is the first paragraph: "Fellow students! Harken to me in this time of peril! The preservation of the American Way of Life which we so greatly cherish lies in great part in our hands. It lies in our hands because the great University of North Carolina is influential throughout our fair Southland and, indeed, throughout our beloved country. We as students, as enlightened men, must be one of the guiding hands in this perilous hour."

The first portion of the second paragraph concerns itself with lambasting those who would spread the insidious doctrine of Communism under the guise of liberalism, all of which we heartily and readily condemn and agree. The second paragraph of this "literary masterpiece of Americanism," then crazily departs from the realm of sense. Not content with his justifiable tirade against the peddlers of Communism, the author concludes this second paragraph thus: "And it also manifests itself in the form of the so-called liberal, the pink, the man whose philosophy is distorted

**Lafayette Miller Pays N. C.'s Supreme Penalty**

RALEIGH — Lafayette Miller is a Negro who has been convicted of murdering Harvey C. Boyd, a white man, and sentenced to the State Penitentiary at Raleigh for life. Miller was shot through the window of his home on "Bank Street" in 1951. Lafayette Miller was picked up by highway patrolmen shortly after the killing driving Boyd's car. Mrs. Boyd was found locked in the trunk of the car.

Do you want to hear some more of his wild rambles? Listen! "These Negroes came originally from Africa where they are a sound half naked and knew not Jesus Christ. How can anyone be equal to the great Anglo-Saxon race who not only did not accept Christ but who did not even know Him?" Now we are quoting just as Mr. Woods' article was written in "The Daily Tar Heel". It is not likely that he meant the two lines to read that way but even so, sometimes are quite correct. If that is the way Mr. Woods wrote it inadvertently, he was quite correct because today the Anglo-Saxon has not accepted Christ and his teaching of the Fatherhood of God and the Brotherhood of Man.

We don't Mr. Woods' sarcastic remarks at the Negroes' religion students, our Negroes are to be treated with kindness for they are ignorant and uncivilized. We must love our Negroes and forgive them for they know not what they do. Like our faithful dogs, they are to be cared for and tamed and kept from becoming vicious." Can you imagine a university student comparing man, the image of God, with a dog. No, you can hardly conceive of such heresy but, Mr. Woods not only conceived of such sacrilege, he uttered it.

Mr. Woods now shows his tolerance and sympathy for his says. No, our Negroes are not to blame for they know no better. It is the liberal who would corrupt them and fill their poor minds with ideas that they can't understand and though they don't understand they will follow the liberal and the atheist like the rats followed the Pied Piper.

Let us conclude this mad man's ravings with the following extracts from the last paragraph of his thesis of hate here it is. "We must act now. We must unite heartily support the Orange Presbytery. We must support Senator McCarthy and Senator McCarran. We must endeavor to get that great American, Thomas Hamilton out of jail." Hamilton was one of the Klan leaders who defied the laws of God, the United States and North Carolina and is now serving a penitentiary sentence. "Yes, friends," continues good Mr. Woods, "We must act now before it is too late and the Negroes want to marry our daughters."

We feel that the biggest lesson to be learned from "stuff" like this is that we need all the missionaries that we send to so-called dark and uncivilized countries. Fight here in "dark" America to help bring light and Christianity to such poor benighted souls like Mr. Woods. —RFC—

Miller was shot into the gas chamber at 10:02 a.m. Friday. He was seated in the big oaken chair before the prison guards. His chest was bound with leather straps as were his wrists and ankles. Standing a few feet away reading the

Lafayette Miller spent most of his life in prison. His life of crime began in 1915 with an auto theft. In 1944, Miller was sentenced to 12-15 years for second degree burglary. He was released in 1950. Miller, 21, was a native of Greene County.
