

Alamance Cnty Roundup

BY MISS ALMA ROSS BECK
GRANHAM, N. C.
Dist. 8-12

Scarcely the topic of every conversation for the past three weeks has been "Should or shouldn't I vote for ABC stores in Alamance County?" Some are saying yes, others no, but do you know why you are voting yes or no? Let's look at it from this viewpoint. If we do set ABC stores in the county will it lead to more broken homes, neglected children, crime and a general amount of physical degradation? And if we don't will the money that could be used by our county for much needed purposes go into the "bootleggers' pocket or other counties? Here are a few questions you would consider important before voting.

1. Will the whiskey cause more broken homes and neglected children?
 2. Will more money be needed at home be spent unwisely for whiskey?
 3. Will more teenagers start drinking more because they have access to more whiskey?
 4. Will there be an increase in crime?
- These questions may not seem so important to you but think of the wrong path so many of our young people are taking today. For instance there are high school children selling whiskey now in certain high schools in the county. Look around you and see how many "bootleggers" there are in existence who will sell you pure whiskey for anyone who has the price to pay. Whether it be youth or adult, whereas in the stores you will have to be 21 years of age or older to purchase liquor.
- Stand your ground when you vote and don't be persuaded in the least for or against the drive. Every man and woman should have his or her opinion about the drive.

AROUND WARRENTON

WITH
MRS. ELIZABETH BROWN

A TRIBUTE TO A GREAT WOMAN
WARRENTON — Last Saturday I attended the funeral of one of my former school teachers — Mrs. Mary L. Hart Stumper — in Henderson. As I listened to the many fine things that were said about her I realized more than ever before that the deeds we do, whether they be good or bad, are long remembered by others.

As Shakespeare said, "All the world's a stage, and all the men and women merely players."

It is up to us to play our part — whether it be a major or a minor role — wholeheartedly, thoroughly and purposefully.

Mrs. Stumper, with more than forty years of teaching with boys and girls and the general public to her credit, always did a "jump-up" job. She brought to those who came under her influence the wealth of ways and means of growing up to be a man and woman. Before she passed, proudly she saw many of her "boys and girls" develop into teachers, nurses, doctors, lawyers and ministers.

As Corneia said of her boys, "These are my jewels." I'm sure Mrs. Stumper felt that the part she played in the development of these boys and girls — the fruits of her labor and the jewels of her love and patient devotion that she always showed to each of us.

"That splendid to live so grandly. That long after we are gone. The things we did are remembered."

And recounted under the sun. Truly the grand life that Mrs. Stumper lived will be reflected in the lives of the hundreds of boys and girls, most of whom are now men and women, who came under her influence.

I am proud that our paths crossed, and that I spent many happy and beneficial hours in her presence.

NON-SCHEDULED SCHOOL VACATION
A surprise change in the weather last week and approximately three inches of snow brought an unexpected and non-scheduled vacation to the hundreds of boys and girls who attended our County schools. Snow-balling, making snow men and ice skating comprised the day's schedule rather than the usual "reading, writing and arithmetic." The vacation was short lived, however, as on Wednesday morning most school buses were running as usual, and the "surprise holiday" became a memory.

After finishing the family wash, it's only wise to make sure your clothesline is clean. A new brush, designed for the purpose, has an easy-to-hold enameled wood handle and is grained to suit the entire surface of the line at one time. Lacking such scientific equipment, a soapy sponge run firmly along the line will also prevent your clean clothes from getting dirty.
