and girls will be able to come te Wasnington for their annual encampment and round-up just like the white 4-H clubers throughout the country do.

The first such encampment is expected to take place in August of next year. It will replace the regional camp to which colored youth have been confined and which has met at various places in the South, usually at one of the Negro Land Grant colleges. It took the White House to bring the change about.

Negro boys and girls will not

WASH. GTON = (ANP) = In be able to attend the national that every since the round-ups the future Negro 4-H club boys round-up which is held in Wash- in Washington began, southern ington each year and participated in by white 4-H club boys and from every state, Alaska giris and Hawaii. The colored roundup will be separate but the boys

and girls will have the opportunity of visiting the many historical plees in Washington. They will be taken to the great experimental farms at Beltville, Mid. Trey will go through much of the same citizenship training experience which white boys and girls have enjoyed for years.

Last year Negro newspapers pringting an ANP story, revealed

state extension directors had retused to agree to colored girls and boys attending or even gathering in Washington at any time under state and federal auspices.

A startled reader saw the story and wrote Congresswoman Frances P. Bolton of Ohio, inquiring if it could possibly be true that in a free country such as the U.S., there were differences made between youthful citizens on the basis of race.

Rep. Bolton did not know but (CONTINUED ON PAGE EIGHT)

She "Longs For A Hamburger"

LOUISBURG-Word has been received here that Miss Julia Maxine Young, 1954 graduate of Shaw University, Raleigh, who is now visiting Europe under the International Farm Exchange Pro-gram, is having a wonderful time, but she has an unquenchable longing for a "plain old American hamburger." Having seen all of the British agricultural implements of the Royal Show at Windsor, Miss Young found that whereas the farms in this country have one large machine for many uses. Europe has one machine for one purpose She said that the agriculutre of European countries is very different from that in the United States. Miss Young is a native of Franklin County where her parents now operate a 200 acre farm.

Mrs. Mary Church Terrell Mourned

WASHINGTON, D. C .- (ANP) The fruitful life of the late Mrs. Mary Church Terrell, one of the founders of the National Association of Colored Women 58 years ago, was praised last week by many persons throughout the nation who knew her

and her achievements. Chief among those who paid glowing tribute to the famous woman was Mrs. Irene McCoy Gaines, president of the NACW. The well known fighter for human rights who died recently, was described by Mrs. Gaines as especially courageous in her undertakings, and she also served

as an inspiration, which will enable the NACW to carry on his outstanding work.

Honors of every conseiv-zble kind had been bestowed upon Mrs. Terrell by the as-sociation before her death, and in addition it gave her its full support in her ragged and victorious fight to have the District of Columbia's anti-discrimination laws enforced. There are many who feel that Mrs. Terrell should have received the Spingarn Medal. Mrs. Terrell's last public appearance was made on May 2

City. The noted woman served as The noted woman served as the first president of the NACW which was founded in the 1915 Street Haptist Church in Wash-ington in 1896. She limited her term of office to four years, a pattern which is still followed. Among those who witnessed Mrs. Tengel's induction in office as NACW's first president and remained her close friends. remained her close friends throughout the years are D.
