ST. WILLIAMS IMPROVING
 Rev. Samuel Williams of Smithfield Street is improving in St. James Hospital where he is confined because of a stroke.

Sweet And Low

Original ideas and design are still smart and functional in the home. Here is a table designed for serving the coffee set. This one, just six and a half inches high, comes in traditional cherry finish, Chinese red lacquer, or green. They provide an attractive accent note as well as extra storage space. (Consider H. Willet Co.)

Hidden Table Treasures

Coffee tables with secret compartments provide extra serving surface as well as compactly concealed storage space. The storage compartment in the table shown above is lined with specially treated flannel for storing the silver that you don't want to tarnish. (Lane Co.)
