AMEZ Confab Opened Wednesday

KINSTON — Dr. A. B. Moseley, presiding elder, Wilson District, Cape Fear Conference, A.M.E. Zion Church, told a CAROLINIAN reporter that the 1955 session of the meeting which began at Park Chapel Church, Appis, Wednesday night, had all the indications that it would be the most successful ever held.

The Rev. W. R. Frayser, pastor of St. Paul and Big Wesley Churches, brought the annual sermon at the opening session. The Holy Sacrament of the Lord's Supper was administered by Dr. R. Melvin Taylor. He was assisted by Revs. G. A. Thompson, F. L. Stanford, R. L. Wiggins and H. R. Campbell.

community and the church. Rural pastoring and community cooperation will be two of the main features of the meeting. The Discipline of the denomination will come in for much attention, in the hope that the delegates will get a broader view on the use of the church and the functions of an expanded religious program. The Rev. John W. Martin,

Mirror pictures are easy to make, nice to have, and fun to show and impress your friends.

It's Almost Like Seeing Double

Yes, when you picture your subject reflected in a mirror, it's almost like seeing double . . . but it also can give you a very striking and effective snapshot.

Mirror pictures are for the most amateur photographers—using the simplest of equipment, as well as for the professionals who are well aware of the effectiveness of this technique.

A simple camera with flash attachment enables you to take these pictures. There are only two things which you have to keep in mind that don't apply to other pictures.

First of all, be sure that neither your camera nor the flash is reflected in the mirror. Secondly,

when you figure the distance, add that between camera and mirror to that between subject and mirror.

This means that if you have a camera that won't let you shoot a picture closer than six feet—and your subject looks best posed a foot from the mirror, you will keep the camera five feet from the mirror. That's all there is to it.

Find a pretty mirror, a good subject, and take camera in hand to make some snapshots that are "different" and make a terrific impression on people who aren't "in the know."
