St. Agnes Will Be Abandoned

The Board of Commissioners of Wake County approved a recommended \$5 million bond issue for additional hospital facilities in the county Friday.

The chairman of the County Hospital Authority, W. Paul Loman, presented a resolution to the commissioners asking that a 300-bed general hospital on the first facility constructed in a county-wide hospital program.

WILL ABANDON ST. AGNES
One recommendation of the resolution was that St. Agnes Hospital be abandoned. This hospital was constructed 60 years ago and was designed as a 50-bed unit. Loman said that it is now "obsolete, constitutes a fire hazard and is otherwise unsuitable for use as a hospital."

Loman added that officials at St. Agnes planned to close up the hospital as soon as the additional facilities to be constructed by the bond money are made available.

The Authority has decided that \$5 million, supplemented by \$1

No Voluntary Jim Crow For Nash Co. Leaders

By J. B. HARREN
NASHVILLE — The proposal by Gov. Luther H. Hodges to the colored citizens of the Old North State that they submit to, what he called, "voluntary" segregation of the races in the public schools, in defiance of the U. S. Supreme Court decision outlawing same, received a resounding rebuff at the hands of representative Nash County community leaders meeting in the Nash Training School, Sunday.

At a meeting composed of white and colored leaders held in late August, Attorney Hubert E. Mays and State Advisory Education Chairman Thomas J. Pearsons are reported to have led a move to have the Negro citizens "adopt" a

resolution endorsing the continuation of school segregation as proposed by Hodges in his August 8th radio-TV speech.

Following the rejection of that proposal by the free leaders, present (who refused to accept the responsibility for the entire county), another resolution was adopted at that meeting referring the matter to the Nash County communities to discuss.

DECISION IS FINAL
The final decision came Sunday when approximately one hundred gathered and elected P. B. Richardson, prominent Nashville mortician, as permanent chairman. There followed much

The meeting was presided over by the chairman of the executive committee, Carl DeVane and was attended by a majority of the members of the committee. The Rev. Isaac Horton, president of the Raleigh branch, presented the program of action, a program calling for action instead of words which Rev. Horton said was long overdue. The president said he felt that the local organization was in need of a drastic overhauling and reorganization and he felt that the proper time to begin the house cleaning was now.

Triple Rites Planned For Car Victims

ODDS-ENDS

Any place where a normal and sane atmosphere prevailed, a man or men debated enough to commit the type of crime perpetrated by two white men in Mississippi recently upon a 14-year-old Negro youth, would have been considered insane and would, in all probability, have been committed to an insane asylum. However, the atmosphere in Mississippi is self-inflicted insanity, made insane by hatred, prejudice and wrong-doing directed against Negroes year after year until its citizens can commit crimes so terrible that all the civilized world is shocked, not only by the crimes, but by the impunity with which those responsible for the particular crime
