MADAME VANS SOMBEK SPEAKS

Dr. and Mrs. William (Bunny) Tucker, the personable husband and wife team, were hosts to a special group who gathered in the dining room of the Bryant's Motel to hear Mrs. Ludrolia Van Sombek of Durham tell of her experiences as a Bahala missionary and visitor to her native Czechoslovakia a few months ago.

Dr. and Mrs. Tucker have led the Bahala movement locally for the past few years. The doctrine of the complete brotherhood of man as practiced by the followers of Bahalah stems from 5000 B.C. thru the era when Christ lived to 1853 A.D. when Bah'U'vah, the latest prophet, is said to have lived and inspired his followers.

Bahalas are currently pressing for a common language and religion to serve mankind.

\$25 to SHAW UNIVERSITY, St. James Baptist Church, Rev. W. L. Mason, pastor, is reported to have turned over \$25 to Shaw University for their annual "Shaw Day" effort when Dr. W. R. Strasser, Shaw prexy, spoke. This represented an outstanding effort on the part of the local Baptist church. At the same time its membership was engaged in a special drive to raise \$5000 to build a parsonage.

If the 1500 Baptist churches with their 300,000 members in Tarheelia (figures are from Dr. P. A. Bishop Sr., president N. C. Baptist State Convention) would just average \$1.00 each member toward the support of Shaw, what a wonderful educational program could be carried on there. This is not to say that they are not doing well with the meager finance which it gets. It just needs so much more. And since there are more Baptists than all the other denominations put together, more is needed and expected of them. The same comparison goes for the Presbyterians, Methodists and other sects, too.

REV. SAPPINGTON HERE The Rev. E. A. Sappington, formerly of the Tennessee Conference of the AMEZ, connection, is the new station minister of St. John A. M. E. Zion Church here. The church has been engaged in a building program for several years, since he reported is a "builder."

RICHARD HORNE RETURNS Richard Horne, son of Mrs. Eva Horne, 727 Raleigh Road, has returned from a two-year stretch in the Army; one year of which he served in Germany. Discharged with the rank of corporal, Horne expects to enter a New York photographic school around the first of the year.

WHY NEGROES SHOULD VOTE During a recent congressional election there were only 7,485 votes cast for the successful candidate from Edgecombe County. Now, get a load of this: There are 26,000 colored citizens in Edgecombe county. Conservatively, there should be at least 8,500 adult men and women who could vote if they'd only take the time to learn how. This County with heavy colored population could easily elect race members to the legislative branch of the state and national government.

Only thru an increased exercise of our franchise can we expect to gain our complete citizenship. WON'T YOU HELP DO IT? REGISTER AND VOTE!

Thank God for the young white South; such as the 2,500 Georgia Tech students who demanded the removal of their demagogue — Gov. Marvin Griffin — who sought to cancel the Pitt-Tech Sugar Bowl game because a Negro is on the Pitt team.
