**RALEIGH** (Exclusive)—The 16th grade home room of Merriman C. Hill was the scene of battle Monday morning when the biology instructor tangled with James Surles, 17-year-old sophomore at Ligon Junior-Senior High School.

When the dust had cleared, Hill found his eye-glasses shattered on the floor and Surles found himself facing a possible suspension from school and maybe even a City Court judge.

The tussle was the climax of an argument between the two concerning bad conduct reports which Hill is alleged to have made to Surles' mother, Mrs. Iona Surles, of 119 North Swain Street, on Sunday.

No Comment From Hill

This reporter contacted Mr. Hill Wednesday, but was told, "I'd rather you talked with Dr. Watson, (his) Ligon's principal." Dr. Watson verified the fact that an altercation had taken place and said that he had recommended to Supt. J. O. Sanderson that Surles be expelled from school.

It was learned also that Hill,

Mr. Burton said that since practically all of us earn some money and all of the activities of life center around money, the proper management of the money we control could go a long way in helping to solve many of life's difficulties.

Burton is an instructor of vocational agriculture at the Fuquay Springs High School and is a director and one of the founders of the Farmers and Veterans Credit Union of Fuquay Springs.
