

# Roy Bryant, Till Case Principial, Hurt In Auto Crash

## Victim And Wife Treated At Hospital For Injuries

GREENVILLE, Miss. (AP) — Roy Bryant, one of two white half-brothers who went free last year when an all-white jury cleared them of blame in the brutal lynching of 14-year-old Emmett Till, was injured last week in a two-car crash here.

Bryant, 25, his wife Carolyn, 22, and Negro Airman William Macon of Greenville Air Force Base, were treated and released from a hospital here following the collision.

Officers said Macon was driving on Highway 1 when he collided with a car driven by

James H. Holloway of Indianola, Miss. Bryant and his wife were passengers in Holloway's car. No charges were filed pending further investigation.

Young Emmett Till, a Chicago teen-ager, was a lynch victim in an episode that revolved around Bryant's wife. The boy allegedly wolf-whistled at the white woman near Money, Miss., while visiting relatives there.

Bryant and half-brother J. W. Milman were identified as the murderers, but a Mississippi jury cleared them of guilt in one of the most sensational trials in the country's history.

## Shaw Alumni In Warren Presents Chorale Group

WARRENTON—The Shaw University Alumni Club of Warren County recently presented the Shaw University Chorale Society in the John R. Hawkins Gymnasium.

Due to a bus breakdown enroute here from Raleigh, the director, Harry Gil-Smythe and the talented soloists of the Chorale Society had to come on ahead, hoping that the other members would arrive here in time to present the concert.

After Mr. Gil-Smythe had explained the unfortunate situation to the very sympathetic audience, he and the soloists began the program.

Though they must have been laboring under much tension with prickled ears listening for a door that would open to the other members of their group, they gave a wonderful performance.

"Yes, the show must go on!" And to the true sense of this statement, these young people are more than

worthy of every bit of the applause they received.

Suit registering in my memory are the wonderful performances of Miss Iris Hairston, lyric soprano, who sang "Toujours L'Amour" and "Sweet Little Jesus Boy" by Mr. Reginald Burke, baritone.

A duet "Kiss Me Again" by Miss Evangeline Forbes and Mr. Paul Crump would challenge many numbers done by our county's leading opera stars. It was truly superb and they really brought the house down with a rousing applause.

Other soloists included Miss Mary Vaughan and Mr. Edward O'Neal, who were also very good.

Mr. Gil-Smythe held the audience spellbound as he rendered a wonderful piano solo.

The remaining members of the Chorale Society never arrived, but those of us who were there truly enjoyed the program and are eagerly awaiting a return engagement when we can listen to all that this wonderful group has to offer.

Following the program, the alumni club entertained Mr. Gil-Smythe and the Shaw group in the cafeteria.

The Warren County Shaw Alumni Club meets monthly and is busy working on several projects which they have selected for this year. There are around thirty members in the group.

## "Who's Who" Selects Ten Shaw University Students

Ten students have been selected to represent Shaw University in the 1956-57 edition of Who's Who Among Students in American Universities and Colleges. The group includes five seniors and five juniors, all of whom are active in various student organizations.

In their number are leaders in every phase of campus activity including religious, educational, social, and service areas.

Two of the seniors are receiving the distinction for the second time. They are Miss Helen Payne of Raleigh and Mr. Ralph Carson of Marion.

## Dr. W. Ridley Scheduled To Keynote Meet

PETERSBURG, Va.—The American Teachers Association project in "Improving Human Relations" will be presented to the Teachers State Association of Texas at their annual convention in San Antonio, Texas, November 29-30.

ATA is providing the services of Dr. Walter N. Ridley of Virginia State College, who will speak to the convention on "Improving Human Relations" and arrange exhibits and distribution of materials in the interest of this program.

This appearance in Texas is a continuation of ATA's project in Human Relations which began last summer when Dr. Ridley served on the staff of Alabama State College and spent several days on campuses of five other colleges as a consultant in the project.

The project is designed to stimulate knowledge, interest, and skill in improving human relations. ATA has developed a thirty-panel illuminated exhibit, two bibliographies, and other materials for use in the project. Emphasis periods in human relations were held for the National Congress of PTA's at Shreveport, La., and at Tuskegee Institute, Southern University, Alabama State, North Carolina College, Atlanta University, and Virginia State College during the summer.

**NEW PRESIDENT**—Dr. C. A. Chick, member of the faculty of Fayetteville State Teachers College, Fayetteville, was elected president of the North Carolina Negro College Conference at its thirty-first annual meeting Wednesday, Nov. 14, at Barber Scotia College, Concord. Dr. Chick is also a regular columnist for The CAROLINIAN.

## Judge's Effort To Marry Eckstine Off Fails; Orders Singer To Pay Regularly

HOLLYWOOD (AP) — Superior court judge Elmer Doyle's efforts to marry Billy Eckstine to Carol Drake failed last week, and the judge ordered Eckstine to pay \$750 a month for the support of two children he admittedly fathered from the ex-model out of wedlock.

The action came in a paternity suit brought by Miss Drake against the 42-year-old balladeer.

She testified that Eckstine, who reportedly earns 300,000 a year, had promised to marry her after his divorce from his wife, June, last May.

Judge Doyle took Eckstine and

Miss Drake into his chamber and suggested it would be "nice" if they set married. His efforts to play cupid however, were fruitless and he then entered the order for Eckstine to pay support for the two children, Edward, 3, and Guy, 4 months.

## Teacher's Will Sets Benefits For The Needy

PHILADELPHIA (AP) — The will of an 83-year-old white public school teacher who died here Oct. 21 revealed last week that the bulk of her estate, estimated at \$57,000, is to be shared by "needy, white Protestants who are blind and hard of hearing."

Miss Sarah Corine Parthenheimer made the restrictive bequest in a will in which she left the bulk of her estate to the Society of Friends.

Under the terms of the bequest, the Philadelphia Society For Better Hearing, The Seeing Eye of Morrisville, N. J., and the Volunteers Service for the Blind are to receive \$5,000 each for the purpose of hearing aids, Braille books and seeing eye dogs.

The will was probated a few days after the Pennsylvania Supreme Court upheld provisions in the will of Stephen Girard, limiting enrollments to Girard College to "poor, white, male orphans." The college was founded with bequests made by Girard.

Wilson, Raleigh and Walter Davis, Jr., Norwood. Included in the cadets' one-day visit was a tour of the tower, weather station, flight classrooms and a thorough briefing on flight training and the T-28 and T-34 aircraft which is used for training. Stallings Air Force Base is operated by civilians with employed Air Force personnel.

## Research Study Starts At A & T

GREENSBORO — A research study, aimed at increasing our understanding of the way in which the nutrients in food, is underway at A&T College.

A young woman scientist, Dr. Cecile Hoover Edwards, professor of nutrition, is conducting a research project aimed at uncovering the role played in the body by a constituent of methionine.

From previous research studies, she is confident that the wider use of certain food combinations, especially in the South, will contribute to the dietary control of certain diseases which have a high incidence in this section of the country. If she proves her theory, it should be a significant contribution to public health.

The project, sponsored by the National Institute of Health, U. S. Department of Health, Education, and Welfare, provides a grant of \$43,502.00 to be used over a five-year period. She has been allocated \$11,502.00 for the first year of work.

The project, entitled, "Utilization of Methionine by the Adult Rat", involves the study of the way in which the adult rat uses a constituent of protein, the amino acid methionine, in metabolism. Radioactive methionine will be administered to the rats and its effect on body processes will be measured by the radioactive compounds in the tissues.

The research will be conducted in laboratories located in Carver Hall, Benbow Hall, and Hines Hall, all of the college campus.

## Perry's Student Elected State NHA Officer

LOUISBURG — At the District Rally of New Homemakers of America which was held Saturday, November 10th, at Richard B. Harrison School, Selma, Evangeline Boone of Perry's High School was elected treasurer.

Evangeline is the daughter of Mr. and Mrs. Willie Boone, Louisville.

Evangeline is quite active in her school. She has served as president of her local chapter and also as treasurer, president and secretary of her class, a member of the student council, president of the monogram club, and secretary of the 4-H Club. She has also taken part in such activities as the glee club, the band and basketball. She was a bus patrol officer and is at present a bus driver.

The NHA is a national organization for pupils who are studying homemaking in states where separate schools are maintained. Through the program of the organization, its members are afforded an opportunity to develop desirable character traits, which contribute to leadership and helps to prepare them for the vocation of homemaking.

Twenty-nine chapter members, along with their adviser, Mrs. H. B. Spruill, the chapter mother, Mrs. B. D. Wilson, the chapter father, Itous Stallings and Mrs. L. C. Robinson attended the rally. Perry's adviser, Mrs. H. B. Spruill, will automatically become the NHA district adviser.

## Announce New Way To Shrink Painful Piles

**Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids**

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a

problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually packaged convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drugstores. Satisfaction guaranteed or money refunded.
