3 To Get Highest Scout Awards

LITTLETON — Trial for the abandoned parents of three of the four children who died last week after eating home-canned blackberries and fish roe has been set for February 12 in Recorder's Court.

Mr. and Mrs. Cleveland Faulcon were released Monday under \$300 bond. The mother is charged with abandoning the children and the father is accused of abandonment and non-support.

They were arrested on warrants sworn out by Police Chief M. L. Fennell who said that Faulcon has been away from home for 12 or 13 years. At the time of the deaths the mother, Maxine, was in New York seeking employment, the officer said.

The three Faulcon children had been left with Mrs. Faulcon's sister, Miss Katherine Taylor, mother in law. Last Thursday, Miss Taylor said, she was notified by police.

3 Colleges Ordered Open

NEW ORLEANS (ANP) — Desegregation forces here won another victory Monday, when Federal judges issued new orders directing three Louisiana colleges to admit Negro students without "eligibility certificates" required by State law passed in 1956.

That non-crow legislation was a two-headed monster. One law requires white and Negro students to produce certificates of "eligibility and good moral character" from high school officials in order to register for each new term.

The other law permits the firing of any school official signing such certificates for Negroes entering white colleges, on grounds they would be advocating integration.
