

Unemployed Father Of Six, Owns Two Cars But, Feeds The Family On Potatoes And Onions

DETROIT — (AP) — Willie McGore, a 41-year-old unemployed father of six, who owns two cars, with a monthly income of \$399, from unemployment and disability benefits, whose family has been living on white potatoes and onions, with lights and gas facilities out in the home because of non-payment of bills, was found guilty of non-support Thursday in Recorder's Court after he pleaded guilty.

The complainant, Mrs. Willie McGore, 41, told Recorder's Judge Paul E. Krause the last support she had from her husband for herself and their six children, was Aug. 29, when he purchased a bag of 100 pounds of white potatoes, a piece of salt pork and five pounds of greens.

Mrs. McGore said their rent has not been paid in two months. She said both the lights and gas were cut off September 12, because her husband refused to pay the bills.

"... then one day about three months ago he came in and said, 'to hell with the recession'!"

"Your honor," pleaded Mrs. McGore, "something has to be done right away. We have no money or food in the house. All we have had to eat recently were white potatoes and onions."

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations. "Pain was relieved promptly. And, while gently relieving itching, actual reduction or retraction (shrinking) took place. And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months! In fact, results were so thorough that sufferers were able to make such astonishing statements as 'Piles have ceased to be a problem!'" And among these

sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.
