Claimed Missing

\$3,000

There are two unanswered questions related to the death of 43vear-old William Barrett, World II veteran, who lost his life as the result of a fire, in a rooming house owned by Mrs. Viola Tyson, 220 Bledsoe Street, Thursday night. The cause of the fire and what happened to approximately \$3,000 he is supposed to have had shortly be-

fore he died.

Mrs. Tyson was unable to tell firemen and other interested persons what she thought was the cause of the fire. She told The CA-ROLINIAN that she was sitting in the front of the house, looking at television and that she called to Barrett to come and look at a "sto-ry" which was being shown, in view of the fact that he had ex-

pressed an interest in it.

She further stated that she watched for sometime and that when she was attended by some arthrition pains that she got up and started to her room. On the way to the room she noticed smoke gushing out of the room which she had

Alamance **Board May** Be Forced

GRAHAM - Alamance County's Board of Education is going to Caswell County have to face integration or greatly improve facilities for students of two of its so-called Negro schools. This came to light at a meeting Monday night when parents

of Graham Elementary School and Clover Garden School agreed that unless certain improvements were made they would send their children to what is termed all-white. Residents of Cedar Grove, a residential area of Graham, requested school bus transportation to Graham Elementary School. If buses cannot be provided they said Herman E. Wilson, 50, was able to they will request that Negro students be transferred to the all-"He just walked in the house, body grabbed his arm I ran out white North Graham Elementary School which is reportedly nearer Several other persons, includ- their homes.

Action Neccessary In The Negro's Fight In America

ROCKY MOUNT - Speaking to an audience of 2,000 here last week in the Washington High School gymtorium, Dr. Rev. Martin Luther King, Jr. challenged those who "sit around and wait for freedom to come" to get up and do something about bringing freedom to pass. He said, "He who sits around and waits on time to bring freedom will be waiting for another century." King's appearance here was sponsored by the Rocky Mount Voters and Improvement League.

Speaking from his topic 'Facing The Challenge Of A New Age," Dr. King said: "We seem too old to change in our own country, but there comes a time when people (who are under pressure) get tired of being trampled and pushed a-

side out of the sunshine of July." "Our parents were brought here against their will from the continent of Africa and treated as 'things' instead of as humans. But a man named Abe Lincoln came along and saw that this was wrong: and with the stroke of his pen lifted the physical bonds of slavery from us. Still, they would not give

us complete freedom."

King reminded the audience of

the Dred Scott Decision of 1857 which declared that "Negroes had no rights the white man is bound to respect." "Then," King continued. after Negroes had gained the ballot and use of public facilities, the 1896 Plessy versus Fergerson case set us back with the Jim Crow Law. But, in 1954, after years of hard work by new light on the horizon followed and Negroes have been making rapid strides toward freedom.

He declared: "Now that we have broken through the evils of slavery to the borders of integration and man has made of this world
