

GOV. MAY NAME NEGRO TO ESC

Position Should Aid Employment

A recent survey brought forth the fact that we have a serious employment problem regarding Negroes of the State. In view of this situation, it is reliably reported that Governor Sanford will soon name a state-wide council or commission to advise and confer with him, and that the possibilities are a Negro will be appointed to the state staff of the Employment Security Commission in the very near future.

According to sources close to the chief executive's office, the Governor has given serious thought to this problem. In an address given to the annual meeting of the North Carolina Congress of Colored Teachers Association, in Gastonia, the Governor told the group that he has had several persons, white and colored working on a program designed to improve employment opportunities for Negroes. In keeping with this idea, it will be recalled, the Governor invited 12 white and 12 Negro leaders from over the state, representing various interests to meet with him, members of his staff and his personal advisers, to discuss ideas and plan regarding Race Relations.

The result of this meeting was a plan to formulate some program to study the possibility of expanding and improving employment opportunities for Negroes. The group was charged with the responsibility to make recommendations and take appropriate action when needed. The major problem has been that everyone knows that the problem exists, but no one has come up with a program or concrete suggestion on what to do about it," said an authoritative source near to the Governor.

The plan is to attack the problem from several angles which will include 1. Education, 2. Bars of employment, 3. Employment areas, 4. Professional Organizations and 5. Financial aid.

Several Negro leaders have questioned the Governor's good faith regarding full employment for Negroes. It was stated that immediately after election he had made several public statements regarding this matter. After he had been in office for at least a year, the Governor called in his advisers and suggested that some plan be pre-

FAITHFUL 'TIL DEATH

Dies With Baby In Her Arms

ROCKINGHAM — Being faithful until death, whether its to a member of your family, your community, or your race, or even if a member of the opposite race is involved should certainly make an imprint in and on the hearts of men.

It can truly be said that Mrs. Adele McDonald remained faithful until death, due to the fact she was found dead in a smoke filled room, of a frame apartment here Friday night, clutching to the body of 8-month-old Keith Dawkins, whose white parents had left her to babysit with him.

The heart-rending story being told and retold time and again in this small town has caused many

6-Year-Old Child Sees

Father Shoot Mother In Early Morning Tragedy

Comes now Eddie Lee, Jr., 49, from his cell, in the Wake County Jail, where he is being held for the murder of his wife, Helen Marie, 30 and says that his daughter, Patricia, who was the only witness to the shooting, in their home, early Sunday morning, does not know what she is

talking about when she says he shot his wife deliberately, after an argument. The accused man, who has had 17 arrests since 1948, ranging from disorderly conduct to murder, refused to tell the CAROLINIAN any more about the alleged murder. The police records show, however, that he told arresting officers that he had been on Bragg Street, throughout Saturday night, to a wake, and that as he started home, about 4:00 a. m., he was accosted by some men,

who asked him for his money. He alleged that he told them that his wife had his money.

He is further reported to have told them that he went home to get his gun, which was behind the bed, in which his wife was asleep. He is alleged to have told the officers that when he attempted to get the rifle, that his wife asked him what he was going to do, and that he told her he was going to kill the boys who tried to rob

Meredith Episode Planned

NEW YORK — Despite public vows of defiance, Mississippi Gov. Ross Barnett made a secret deal with Attorney General Robert Kennedy to enroll Negro James Meredith at the University of Mississippi, a national magazine said today.

Barnett, according to an article in the current issue of Look magazine, conferred on the phone with Kennedy throughout the four days preceding the Sept. 30 riot at Ole Miss, and proposed a series of plans that would allow Meredith to enter the university.

His negotiations with Kennedy, the magazine said, were unknown to Mississippi's segregationist leaders, who almost publicly con-

Alleged Insults Arouse Action Of Citizens

STATESVILLE — The alleged insult to Mrs. Mamie Conner, of Route 2, by J. E. Owen, manager of Consolidated Credit Corporation, according to Rev. Wilson W. Lee, has not been recognized by Mr. Owen to the extent that he has made, nor attempted to make, an apology. The alleged insult is said to have been made to Mrs. Conner, over the telephone, by Owen, when she called

the office to discuss her account with him. The woman alleges that she was late with a monthly payment and that due to the fact she was not able to get there she sent her sister. It was reported that Mr. Owen did not take the money from the person sent by Mrs. Conner, but made some statement about the office being closed.

Mrs. Conner called the next day and attempted to explain the lateness and the manager is alleged to have told her, "Listen here n---r, all I want you to do is to get my money down here." This statement raised the ire of many non-whites in the area. It is to be remembered that the town and community have been seething since the recent marching protest, in which insecticide is said to have been sprayed

"O Come let us worship and bow down."

WHY CHRISTMAS?

The question, "why Christmas?" is not meant as an interrogation regarding the origin of Christmas. The question concerns itself chiefly with why is Christmas celebrated as it is? Why is the most meaningful and sacred event in our religious lives observed in a manner resembling the holiday celebrations of the pagan Romans? An apology might well be in order for comparing the mad carrying on of our super civilized Americans during

RICHMOND, Va. — Final rites were held at Hood Temple AME Zion Church Saturday, 2:30 p. m. for Rev. Still Pryor Perry, who had pastored the church since 1956.

The Rev. W. C. Sapp was in charge of the ceremonies. Scriptures were read by Rev. W. J. Bailey and E. M. Wilson. The Rev. C. C. Knight offered the prayer. Mrs. Alta E. Howard acknowledged telegrams and condolences and read the resolutions.

Bishops D. C. Pope and H. T. Medford cited the contributions that he had made to the denomination. Rev. J. C. Hoggard and Alexander Barnes represented the general officers of the church. Bishop W. A. Stewart, presiding preside, delivered the eulogy. He admonished the hearers to believe that death could not hold the

He was born in Macon County, Ala. and came from a family of preachers. He pastored many of the leading churches of the denomination, including Raleigh, Charlotte and Durham, N. C. The highlight of his career is said to have been the leading of the congregation to the building of St. Mark AME Zion Church, Durham, N. Mayor To Greet King

EDENTON — Mayor John A. Mitchner of Edenton, whose drugstore has been the target of pickets protesting segregation, said Tuesday that he will officially welcome Dr. Martin Luther King, Jr. when he speaks here Dec. 20.

"Barring unforeseen circumstances," the Mayor said, "I will carry out the duties of his office. The Mayor said other commitments will prevent his staying for the Atlanta, Ga., integration leader's speech. Mayor Mitchner was asked to welcome Dr. King by the Good Neighbors Committee of Edenton, which the Mayor himself formed in the wake of segregation protests by local Negroes. The committee comprises five Negro and five white citizens.

The Rev. Fred LaGarde, president of the Edenton Movement, said Dr. King will arrive by plane at Elizabeth City. He is expected to visit briefly there before coming to Edenton. Dr. King was invited to speak last month by the Edenton Movement leaders. Rev. LaGarde said the popular Montgomery Bus Boycott organizer is eagerly awaited, and an interracial crowd of at least 5,000 is expected to hear Dr. King.
