### Freedom At Any Cost Is NAACP Topic

According to information given by leaders of the NAACP the "Freedom Rally" scheduled for the J. S. Dorton Arena, Sunday, in observance of the 100 anniversary of the signing of the Emancipation Proclamation, will be the most successful ever held.

Kelley Alexander, state president, announced that Clarence Mitchell, III, son of Clarence Mitchell, Jr., director of the Washington Bureau of the NAACP, and a member of the Maryland State Legislature, will team up with Bishop S. WE WANT TO DO BETTER

On April 23, city council primary voting day, approximately 1800 Raleigh Negroes took time enough to cast their votes.

For a primary election that turn out was not too bad. It represented about 30 percent of registration and, it was a shade better than the vote Negroes cast in the 1961 primary.

### NC Must Set Fair Policy

GREENSBORO — Governor Terry S. Sanford told a cheering crowd of members of the 6th district, Omega Psi Phi Fraternity, meeting at an annual session at A&T College Saturday, that the Negro was entitled to enjoy the rights and privileges to use his talent in every phase of human endeavor in North Carolina and that North Carolina was going to see to it that he did have such a right.

The Chief Executive was here to receive an award as the "Citizen of the Year" from the Greek letter organization, for outstanding work done in the field of civil rights. He is the second non-Negro to receive such an award from the fraternity. It is to be remembered that Judge E. Walter Waring received a similar award, for his forthrightness in South Carolina, some years ago.

Governor Sanford said that the Negro reserved to fight for the right to have his being, like any other citizen of the state and that no one had the right, or should adopt the privilege to deny that right. He said, "We must move forward as one people or not move forward at all." He continued, "There must be no white or Negro approach to our forward movement. We must move as citizens of this great state and I pledge you that this is going to be done."

He praised the Negro for his tolerance and patience and said that the protest now being used was, in most instances, justified. He warned, however, that legislative and court actions were not the final answers. He charged that it was an individual matter that had to begin in the hearts of both white and Negro individuals.

He closed his speech by saying that Negroes must be willing to accept the responsibilities attendant to desired rights and privileges. He admonished the brothers to go out and help to prepare members of their race to become qualified and prepared to compete with equal and fair competition for desired rights and privileges.

The award was made by Dr. Walter L. Ridley, president, Elizabeth City State College and a member of the fraternity. The Rev. L. DeQuincy Newman, field secretary for the NAACP, for S. C., was given the "Omega Man of the Year" award for his untiring efforts in the field of civil rights

### CORE To Complete Moore's Trek South

ATLANTA (ANP) — The one-man civil rights pilgrimage to Mississippi that was halted abruptly by the lynch-slaying of William Moore, a Southern-born Baltimore postman, will be completed, it was announced here and in Baltimore last week.

The Student Non-violent Coordinating Committee here and CORE officials in Baltimore said they will pick up where Moore's body was found last week near Atalla, Ala., by a passing motorist, and continue his hike to Jackson, Miss. Mean-

while, a suspect whom sheriff Harold Richards of De Kalb county, Ala. refused to identify was being held.

Moore had planned to complete

### State Dept. To Receive Protest

BY STAFF WRITER

The S&W Cafeteria today refused to serve Miss Angie Brooks, assistant secretary of State for Liberia and ambassador to the United Nations. Miss Brooks was accompanied by her nephew, Joseph Outland, also of Liberia and a student at Shaw University.

Miss Brooks was in the city, after having filled a speaking engagement at State College colloquium on the developing area. She has served as acting president of Liberia and has held the post of chairman of the Fourth Committee of the United Nations, one of the highest positions to be held by a woman.

Miss Brooks was also accompanied by Professor Lowenstein, author of a new book "Brutal Mandate" and two State College students.

### Refused Aid Dies In Jail

(BY ALEXANDER BARNES)

NEWTON GROVE — Negro and white citizens of Sampson County joined this week in an effort to avenge what they termed one of the most outrageous acts ever perpetrated by a law enforcement officer in the history of the county. The incident is believed to have resulted in death for the victim.

Patrolman John S. Santsing is the object of their furor. He told the CAROLINIAN that he arrested Willie Troublefield, about 10:00 p. m. Friday, after he had been called to the scene of an accident, in which he was believed to have been involved, and ordered him locked up in the Sampson County jail, on a warrant, which charged him with

### 2 Survive First Heat In Race

FAYETTEVILLE — The reins of city government, for the next two years, as it affects four councilmen, will have to be decided Tuesday, Mrs. Sylvia Allen, the city's first woman lawyer and William (Bill) Bowser, well-known radio figure, will be battling for one of the four seats.

Mrs. Allen was seventh in a 14-man race Monday and polled a total of 1941 votes. Bowser polled 1871, while Simeon Council, a third race candidate, was 13th.

Polltakers are at a loss to determine how the two will fare. There are those who say that most of the lustre wore off when Wilbur Clark beat D. S. Weaver, Jr., by 189 votes, in a hair-raising battle for mayor. With that race decided that there will be far less interest and far fewer votes cast.

KNOCKING AT THE DOOR OF DEMOCRACY—This is one of the insults that Miss Angie Brooks, Liberian ambassador to the United Nations, suffered when she attempted to eat here Tuesday. She is shown with her nephew, Joseph Outland, Shaw University student, at the S & W Cafeteria. She was also denied service at the Sir Walter Hotel Coffee House. The irony of the matter is the fact that she was guest speaker at North Carolina State College, a short time before.

### JFK Will Not Force Miss. By Cutting Federal Funds

(ANP Washington Bureau)

WASHINGTON (ANP) — President John F. Kennedy last week said he had no intention of cutting funds of the U. S. Civil Rights Commission, in the wake of the Commission's recommendation that federal funds to Mississippi be withdrawn because of the state's defiance to the President's civil rights edicts.

But the statement, made in reply to a question put to the President at his news conference left unanswered what the Congress might do when it considers the Commission's appropriation for fiscal 1963, next month.

At the news conference, the President again stated he felt he did not have the authority to withdraw federal funds from the state

and that he thought no President ought to be given this power by Congress.

While it is well known that the President actually does not provide funds for the Civil Rights Commission, but that the Congress does, the question was put to the President because of the powerful influence he can exert if southern congressmen attempt to erode the Commission by cutting down its appropriations.

The question implied also that the current move afoot to either make the Commission a permanent agency of the government or extend its term for four years instead of the regular two might run around on southern congressmen's antagonism.

Following the Commission's report on Mississippi's continued defiance of the Supreme Court, the Constitution, and the President, southern Senators and Representa-

### Frat Head Warns Negro Of Plight In Present Order

GREENSBORO — George E. Meares, 1st vice grand basileus, Omega Psi Phi Fraternity, told a closed session of the 6th district meeting, at Hayes-Taylor YMCA, Sunday morning, that the failure of the Negro to preserve his tradition was hindering his fight for first-class citizenship.

The speaker was critical of any educational system that tended to only educate the head and not the hand. He told how the Negro was once in control of bricklaying. "In those days the job paid about \$10.00 per day and one had to lay 3,000 bricks. Today the job pays about \$40.00 per day and one cannot lay but 300 bricks. The Negro left the job, after pioneering it and now does not enjoy the money being paid," said Meares.

He was much concerned about the story going around about Negro consumer power. He felt that the

Negro should be interested in production. He also attacked the fact that Negroes are buying Cadillac and parking them beside rented houses. He warned that if the Negro is going to be a power in the economic world he must stop buying what he wants and begging for what he needs.

He tore into the Negro's participation in politics. He was fearful that too many Negroes voted the politician's slate and not one studied and appraised by himself. He also pointed out that Negroes should stop asking what will I get out of politics, but what can I do to strengthen the political system so that vice and corruption can be taken out. He was mindful that Negroes did not make contributions to political parties, but rather begged for dinner tickets and other favors, in exchange for their

### Pastor Passes At Clinton

CLINTON — Baptist circles were shocked Monday morning when it was learned that Rev. R. H. Walker, 72, well-known pastor, civic and political figure, was a victim of a fatal heart attack, at his home, 537 McKay St., about 4:30 A. M.

Rev. Walker was the founder and pastor of Institutional Baptist Church, and is said to have carried out all the duties of his position Sunday. Mr. Walker told the CAROLINIAN that his demise was so sudden until she could hardly report the happenings incidental to it.

He is survived by his wife, the former Kathleen Page, of Lakeview, S. C., whom he married about 44 years ago. He was a member of Silver Square Lodge No. 83, Prince Hall Masons. They will do rites.
