

# St. Augustine's Receives Grant For Summer Work

An announcement from the office of the president this week revealed that St. Augustine's College has been awarded a grant in the amount of \$50,000 by the National Science Foundation. The grant will be used to finance a Summer Institute for fifty high school teachers of science at the junior and senior levels from June 22 - July 31, 1964.

Dr. Jeffrey Gipson is dean of the science department at the college.

Each participant will receive \$75 per week and 4 cents per mile for travel. An additional \$15 per week may be awarded the participant for each dependent not exceeding four.

Specifically, the institute objective will be (A) To attract those secondary school teachers of biology, chemistry, earth science, and physics who have not previously attended an institute or one such institute at the most. (B) To strengthen formal training of those teachers of science who have no training in these fields; to broaden the subject matter knowledge of these teachers and to acquaint them with the fundamental newer facts, concepts, and principles in natural sciences. (C) To supplement these facts, concepts, and principles with laboratory work and demonstration exercises to be done by the participants. (D) To adopt this work to the classroom teaching of the participants. (E) To expose the participants to a series of coordinating lectures given by outstanding scientists. (F) To supplement formal lectures and laboratory experiences with a few carefully selected field trips. (G) To enrich knowledge and instruction techniques of these teachers to the end that they can stimulate their better students to pursue careers in science.

DR. JEFFREY GIPSON

Further inquiries regarding the institute should be addressed to Dr. Jeffrey Gipson, head of the science department.

## CORE Book Drive Tops 25,000 Mark

The CORE Books for Mississippi Project announced this week that they have shipped over 25,000 books to Mississippi for the setting up of educational centers in that state for Negroes and Whites. With the last shipment of 15,000 books, for which transportation cost was paid for by Local 210 of the International Brotherhood of Teamsters, the book drive came to an end.

"CORE expressed its profound thanks to the many churches, schools, trade unions, civic groups, CORE chapters and individuals for helping to make our book drive successful," said Benjamin A. Brown, Chairman of the Book Project. "The response indicated that civil rights advocates and supporters are sensitive to the educational needs, as well as the necessity for direct, non violent action in the struggle for equal rights."

The Committee ask that all future book collections be shipped direct to David Dennis, CORE Field Secretary, 313 Franklin Street, Canton, Miss., postage paid. We now turn our efforts to the task of collecting funds, mimeograph machines, movie projectors and screen, typewriters, etc. to equip the Mississippi educational centers, and we ask the support of churches, synagogues, trade unions, social and fraternal organizations, and lo-

## A. T. Spaulding:

# N. C. Mutual President Reports To Policyholders At 65th Meet

DURHAM—The 65th Annual Policyholders Meeting of the North Carolina Mutual Life Insurance Co. was held in the Home Office Auditorium, last Monday, with the president, A. T. Spaulding, reporting that 1963 was a "Year of Challenge, Crises and Tragedy, but also a Year of Promise."

The president reported further that the assets of the Company are expected to show an increase of more than \$4 million, and the total will probably pass the \$81 million mark. Also, that the total income for the year 1963 will exceed \$21 million and the insurance in force should be in excess of \$345 million, with payments to policyholders of approximately \$7 million.

President Spaulding reported that the Company had ventured into a new field of insurance during 1963—Student Accident Insurance. The premium income from this source was in excess of \$13 million.

Among other changes and additions reported by the president were: the adoption of a thirty-five hour work week for home office personnel; and the extension of Hospital and Major Medical Coverage to all retired personnel.

Noteworthy events of the previous year were the activities that hinged around the construction of the new \$4.5 million dollar home office building at 411 West Chapel Hill Street. The president reported that during the Spring ground breaking exercises were held for building, and that participants included distinguished persons from the National, State and Local governments, as well as representatives of local institutions and organizations.

On October 20, a Time Placement Capsule Ceremony was held on the sixty-fifth anniversary of the founding of the Company. The building is expected to be ready for occupancy during the latter part of 1964, or early 1965.

Another highlight of the meeting was the election of two new members to the Board of Directors, Vice President and Agency Director William A. Clement, and Vice President-Associate Agency Director, Maceo A. Sloan. They replaced E. R. Merrick of Durham and A. E. Spears, Sr. of Charlotte, whose terms expired with this meeting.

They will, however, serve as honorary members of the Board of Directors. J. W. Goodloe, Senior Vice President and Secretary and Mrs. V. G. Turner, Vice President and Treasurer, whose terms expired with this policyholders' meeting were reelected for a four-year term.

Sunday, January 26:

# "Save The Children," Theme Of Zeta Amicae's 2nd Friendship Tea In City

The Zeta Amicae Chapter of Annual Friendship Tea Sunday, Raleigh will sponsor its second January 26, 4 p.m. at Tuttle Community Center.

## Dr. N. H. Harris Announces New Courses At Shaw Univ.

Dr. Nelson H. Harris, head of the department of education, has announced that a course in Driver Education will begin at Shaw University on Saturday, February 1. Persons interested will meet with William Spann, instructor, in Science Hall, Room 4, at 10:00 a.m. on the above date.

In addition, courses will be made available to High School graduates who find it impossible to matriculate on a full-time basis, as follows:

take place. The history of the chapter was given by Mary McIver of Fayetteville State College.

About thirty-five Zetas were in attendance.

On Saturday, January 25, the first Charm School will be held in preparation for the Annual Zetaite Ball on February 22. This year's ball promises to be the best and most picturesque one ever staged.

"SAVE THE CHILDREN" is the theme of the Amicae program, and this year the proceeds from the tea, along with other help, will go to the children of the Lockhart School district who find it difficult to stay in school.

R. H. Tools, principal of Lockhart School, will be the main speaker. He will be flanked by his social welfare committee which will further enrich the program by discussion.

There will be the lighter features of music, dramatic readings and refreshments. Do come to learn to enjoy the program and fellowship and to help.

"We are never so straight as when we stoop to help a child."
